Did he have cotton or to-bacco or sugar to seli, he sent them to the foreign markets at Liverpool or Manches-ter in his own vessels. Was justice to be administered to any of hundreds of retain-ers. Kingsley sat in his judgment hell and he ordered his fast-sailing sloop to Africa ers. Kingsley sat in his judgment hall and pronounced it. His wife, indeed, was a princess of royal African blood, as black as coal but every inch a queen. Their children, when they grew up, asserted their equality or rather their superiority spite of color, and one daughter married a wealthy merchant of New York, while another, a son, went abroad, entered foreign courts and is to-day a diplomat of acknowledged position. Another son was to have succeeded him in his dominion on the island, but he died, and the house which the old man built for him to occupy as a palace is said to be haunted now. Some twenty years ago old Kingsley died, his wife having gone before him, and the property has now been di-vided up. Fort George island belongs principally to ex-Congressman Rawlins, of New Hampshire. Three or four New York gentlemen have orange groves on the island, but Rawlins is its principal owner. The Kingsley empire, however, has been dividid and no longer enjoys its old-time position. The sceptre has departed from it, and now it is simply a reminder of what it once was-a dream of the tropics .- Cincinnati Enquirer.
