English Sparrows as a Food. The species of English sparrows that were introduced some years ago have become so plentiful that the question has been seriously asked, what shall we do with them? A writer in an exchange, who evidently has given the matter some earnest thought, says: The sparrow is as good, if not superior to any game bird that graces our table, in delicacy and sweetness of flesh. It is positively asserted that if proerly prepared, it is a dish fit to set before the king, a queen, or any other American citizen. They are plump and fat, and the meat tender and juicy. They are very little trouble to prepare for the broiling iron, as the feathers are plucked out very easily. Parties out here, who have used the birds as food, speak of them in such glowing terms that it would make the mouth of an epicure water to listen to them. And why should they not be good and toothsome? they feed on grain all through the winter months, and in summer they are found by dozens and hundreds in our grain fields and at our vines where hang the purple clusters of the good and wholesome grapes. They are a plague and nuisance to the farmer and fruit grower, and if they are good for food why not eat them? Assault and Battery.

About 2 o'clock this morning Stephen Brown, a colored man, accompanied by Wm. Butler, also colored, called at Alderman Barr's office and made complaint of assault and battery against Wm. Jones, a Middle street saloon keeper. Complainant alleged that Jones ran at him when he entered the saloon and struck him in the breast with an oyster knife, cutting through his coat, vest and shirt and making a slight wound over the heart. A warrant was issued for Jones's arrest, but before it was served that individual, accompanied by Wm. Butler, who appears to be "a mutual friend" of the parties. called at Alderman Barr's office and gave bail for a hearing. He does not deny using the knife, but says he used it "in fun." Hotel Change.

The West Chester Republican of to-day says: Mr. A. B. Patterson has resumed the proprietorship of the Patterson house, in Honeybrook, and will take possession about April 1st. Four years have elapsed since Mr. Patterson was stationed at this hotel, during which time he has been located in New Holland, Lancaster county. His many friends will be glad to welcome his return, although sorry at the same time to part with the present proprietor, J. D. Warfel, who takes charge of the hotel at Intercourse, Langaster county.

"The Banker's Daughter."-Among the most brilliant dramatic successes of recent record was that achieved last winter by the play en. titled "The Banker's Daughter," which was played to crowded houses at the Union Square theatre for 140 consecutive nights. Its phenomenal popularity took every shape, from the copyrighting of its talismanic title for some new brand of cigars to the writing of a novel of the same name, and made up of the incidents that comprise the all-absorbing drama. This re. markable success has been duplicated during the present winter and has brought thousand of dollars into its lucky owners' pockets. On Friday evening of this week it will be pro duced at Fulton opera house under Mr. Mishler's management, by the great original cast including Louis James, Marie Wainwright and others, and with all the properties, scenic and mechanical effects, that marked its presentaion at the metropolitan theatres.

THE GREENBACKERS.

Meeting of Their State Convention—Francis W. Hughes Permanent Chairman. HARRISBURG, March 23.-The Greenback state convention met at 11:30 in the House of Represenatives. In the absence of Mr. Watson, chairman of the state committee, the convention was called to order by Mr. Hines, of Luzerne.

After the roll of delegates had been called, Mr. Plummer, of Crawford, was elected temporary chairman, and Mr. Dingman, of Forest county, temporary secretary.

Mr. Plummer defined the position to be occupied by his party in the coming campaign. A committee of one from each congres

sional district was then appointed on permanent organization. A resolution providing for the appoint ment of a committee on resolutions composed of one from each senatorial district

astonished at their universal success; for it was to be expected that in the hands of some hey would fail solely from spasmodic or ignowas adopted. Pending the appointment ant use of them.

They are unable to say without fear of con of this committee the convention took a radiction that no remedies ever achieved in the short space of one year the number of won-derful cures performed by the Cuticura Resrecess of fifteen minutes. After the recess the committee on permanent organization reported the following and secures:

L. Youngman, of Lycoming; D. A. Evans, of Tioga; Wm. H. Hines, of Luzerne; James Marlow, of Philadelphia, and H. M. Grimm, of Allegheny; serntening scab, and to which all the known methods of treating such disease has been applied without benefit, has completely disappeared, leaving a clean and healthy skin, under a few days of profuse application of CUTICURA.

I can and do heartily advise all similarly afficted to try the remedy which has been so effectual in this case.

Very truly yours,

CHAS HOUGHTON. geant-at-arms, Wesley Miller, of Harris-Mr. Hughes was then escorted to the

chair, and after a short speech proceeded to appoint the committee on resolutions and platform, of which J. B. James, of Warren, was made chairman, and to which all resolutions were referred without debate.

DOUBLE TRAGEDY Patrick Hayes Kills his Wife and Self. PHILADELPHIA, March 23.-Patrick Hayes shot and killed his wife at nine o'clock this morning at their residence on Collins street in the 31st ward. He then shot himself twice in the head. Physicians say he cannot recover.

The wife died fifteen minutes after being shot. The shooting occurred while she was washing and the cause is said to have been jealousy, Hayes being her second husband and a man of violent temper. His condition is critical and he says he shot his wife because she declared she intended to get a man to shoot him. Mrs.

cause.

The result of the meeting of the Demo-cratic state committee at Harrisburg last week, is looked upon as a Tilden defeat in this state, by some. We hardly regard it in that light, because no question of the kind was before the committee, It developed opposition in this state to the renomination of Mr. Tilden, without doubt, but beyond that it is not safe to go. There was one thing connected with that meeting we do not like, and that is the declaration by the friends of Mr. Wallace, that the proceed ings were to defeat Mr. Randall. do not believe Mr. Wallace himself so considers it. We are not aware these gentlemen are running for anything or that either asked favors of the committee. Public men seldom have more indiscreet friends than Messrs. Randall and Wallace.
