STOP! STOP! Stop making a drug store of your stomach. Stop putting bitters, pills, liver invigorators, blood purifiers, cod-liver oil, quinine, iron, and all other adulterated and unwholesome medicines into your stomach, which will instead of curing the body. This is my advice, after acting the physician for 31 years. If you'll examine the histories of nearly all medicine vendors for the last 50 years, you will find the vendors of these worthless compounds have all died prematurely. Where is Schenck, Swaine (father and son), Brandt, Ayer, Wislart, Jayne, Hobbins, Mischler? All dead and buried as should be all such preparations. For 31 years I am curing all kinds of diseases when others fail, and I place my medicines (not poisons) on the outside of the body. To the sick who have tried one or twenty doctors, without any advantage, I would give them to call and learn from scores of such persons cured in a few days or weeks, at an expense of from 25 to 35. 16-Page Pamphlet free, full of cures, over 100 astonishing cures in two months. HOOK AND LADDER LADDIES.

Prospects of a Good Time Next Month. Messrs Julius Levy, John K. Metzger and Israel Carpenter, a committee of the Empire hook and ladder company, of this city, visited Chambersburg on Thursday and Friday, returning to Lancaster last evening. Their business was to make arrangements for the visit of their company next month, when Chambersburg will have a grand fireman's parade in celebration of the centennial anniversary of the Friendship company. On that occasion some twenty-five companies will be in line from Hagerstown, Md., Frederick, Md., Martinsburg, Va., Harrisburg, Carlisle, Reading, Lancaster and other cities in the state, and altogether Chambersburg will have a gala time.

The Empire boys will be the special guests of the Hook and Ladder company there, which is composed of many of the most popular young gentlemen of the city. They will stop at the National hotel, which is "exclusively" engaged for their entertainment. A committee of their hosts entertained Messrs. Levy, Metzger and Carpenter most handsomely on this preliminary visit. They were driven over the route of the parade, which is level and easy, allowing them to draw the truck by hand, the "machine" now being retracted and re-pointed for the trip. There are six fire companies in Chambersburg, only one steam engine being required, as the elevation of the reservoir and the location of the town allows of water being thrown by gravity to any necessary height or distance. The Empire will leave here, sixty strong with their apparatus and Clemons' band, on May 12, the day before the parade, at 11:15 a. m., and arriving in Chambersburg at 4 p. m. In the evening they will be banqueted by the ladies of the town; and in their new and handsome uniforms our Lancaster company will, without doubt, be one of the most striking features of the parade.

To Be or Not to be.

Genus Superior Snowden writes to the newspapers here asking to publish over his name that appointments of census enumerators "will be made without regard to party politics." At the same time certain politicians of the baser sort are boasting that he must "take instructions" from persons to whom Senators Wallace and Cameron have deputed the duty of giving such instructions. Mr. Snowden will be in Lancaster next week and we will all have an opportunity to see whether his letter is a truthful one or if he has a backbone made out of putty.

Lecture by Miss Sanford.

A large audience was present at the lecture on Rome, by Miss Sanford, yesterday afternoon, in the rooms of the Young Men's Christian association. The lecture which was very interesting, was illustrated by the aid of the oxyhydrogen light. The views were excellent, and the descriptions of temples and cathedrals, arches and statues, streets and other features of interest of the Eternal City—varied with the spice of pleasing anecdote and thrilling story—were such as made a deep impression upon her auditors. It was a profitable and delightful hour to all who had the good fortune to be present.

Green, charged with practicing medicine without a diploma; and Benjamin Biehl et al charged with rioting.

A Fine Show Coming.

This morning Salisbury's famous Troubadours were booked to appear here on April 29th, under the management of C. D. Hess, the opera manager.

St. Jacob's Oil is the most popular remedy.

Isaac Watts was a little man. He said jokingly to six of his little boy friends who asked how he felt among so many men, "that he was a sixpence among billions, worth them all." SOZODONT is no penny; there may be many preparations for the teeth, but it is worth them all. 1td&w

Dr. Mott's Emulsion of Speer's Port Wine.

The following, from the celebrated Dr. Mott, of New York, speaks wonders for Mr. Speer's efforts to raise the Oporto Grape in New Jersey. "I have spent several years in Portugal and the wine districts of France, and know what he is talking about." 62 MARION AVENUE, NEW YORK, APRIL 1880. MR. ALFRED SPEER—Dear Sir: The visit which I made last year to your vineyards, and the wine made there, is a satisfaction to me, and I am sure that the wine manufactured there, and the manufacture of it, is the very best that can be offered to the public for medicinal uses. Acting upon my favorable impression at the time, I have since recommended the Port Wine to many patients in my practice, and am satisfied with marked benefit to my patients. There can be no better proof to the doubting mind, as to the wine being made of the finest Oporto grape, than a visit to the acres of land in Jersey, where the grape is raised, and the fruit. Wishing you success in your praiseworthy enterprise, I remain, Sir, your obedient servant. ALEX. E. MOTT, M. D., Prof. of Surgery, Bellevue Hospital Medical College, &c. &c. This wine is endorsed by Drs. Atlee and Davis, and sold by H. E. Slaymaker. 1td&w
