

was given in the INTELLIGENCER when the corner stone was laid.

General Borough News.

On Wednesday evening, as a man who works in Joseph Detweiler's stone quarry, just north of town, was preparing a charge, a match accidentally fell into the bore after the powder had been placed therein. Fortunately he saw the match fall, but while trying to get it out, the powder ignited and burned him severely on his face and one of his hands.

About forty chickens were stolen from Jacob Garman and Michael Shere, of Mount Joy township, last Friday night. On Saturday morning Mr. Shere called on a poultryman, of this place, and claimed a number of chickens as the stolen property which the poultryman had purchased at 1/2 that morning. From George Smith, colored a warrant was issued for the arrest of three others, Frank Grant, Henry Way "Lin" Yellets, all colored, but Officer Shelly succeeded in arresting Yellets only who was taken to the county jail.

Amos E. Baker, of near this borough, smashed one of his fingers while handling a stove.

A valuable horse the property of A. Bube, brewer, died on Wednesday night, from the effects of an over dose the previous day.

OBITUARY.

Death of Charles H. Sprecher.

A telegram received by his friends in this city announces that Chas. H. Sprecher, son of Geo. D. and Caroline Sprecher, died in Breckenridge, Colorado, on Wednesday the 26th inst., in the 34th year of his age. The particulars regarding his death are not given in the dispatch. The remains will be brought to Lancaster for interment and will probably reach here about Wednesday.

Mr. Sprecher was a young man of good education and fine business qualifications. Before leaving Lancaster he was in business with his father and afterwards with D. P. Bittner, in the coal trade. Three or four years ago he went West, remaining in California for a year or more, and thence to Oregon and other points on the Pacific coast and Rocky Mountains, finally settling in Breckenridge where he went into business, and we understand was well established at the time of his death. Mr. Sprecher had hosts of friends in this city, and it is doubtful if he had a single enemy. Of fine physique, standing over six feet in height, finely cut features, having graceful carriage and affable manner, he was a favorite with all who knew him. As a son and brother he was kind and gentle, and the worst we ever heard said about him was that "he was too good for his own good," and sometimes unwisely deferred to the wishes of his friends rather than to the dictates of his better judgment. He was a member of the society known as "Survivors," organized after the close of the war, of whom so large a proportion have already gone to their long home. Due notice of his funeral hereafter.

ROCKLAND SUNDAY SCHOOL.

A Fine Entertainment Last Evening.

The Rockland Sunday school building was crowded last evening, the attraction being an entertainment by the school, consisting of vocal and instrumental music, readings, recitations, scripture views &c. "Hold the Fort" was first sung by the school, after which there was a passage of scripture, followed by prayer. Next was a fine display of scripture views by Prof. J. P. McCaskey, interspersed with recitations by Mamie and Charlie Leonard, Stella Foreman, Annie Stamm, Mamie Aucamp, Lizzie Sears, Mamie Hensel and Arthur Deverter. Solos and duets were sung by Misses Florence Handlin, Beckie Muller and Katie Adams. Mr. Wesley Morency declaimed a choice collection, and Professor Killeffer favored the audience with a clarinet solo. An address by Superintendent A. C. Leonard followed, and the exercises closed with the Lord's Prayer and Doxology. All present enjoyed the entertainment greatly.

It is proposed to give the Rockland children a picnic before long, due notice of which will be given.

MAYOR'S COURT.

Two of Mr. Snowden's Emmentons Locked Up.

This morning Mayor MacGonigle had before him seven persons charged with drunken and disorderly conduct all of whom he committed to the county jail. Among the party were Samuel A. Powell, (recently appointed census enumerator of the Third ward), Frederick Miller, (recently appointed census enumerator of the Seventh ward), Joseph Carter and Wm. Leonard, all of whom were engaged in the disgraceful brawl at the meeting of the Republican return judges in the opera house, and in the riot which afterwards took place at the corner of West King and Prince streets. The mayor committed the party for 30 days each.

The other offenders were Ellen Pearson, who was committed for 30 days, Michael McCall for 20 days, and James Given for 15 days.

Writs of habeas corpus in the cases of Carter, Leonard, Miller and Powell, were issued this afternoon, returnable before Judge Patterson at 5 p. m. in the orphans' court room.

Seed Lent Tobacco.

The Cincinnati *Waterloo Tobacco Journal* has this to say about our Lancaster county tobacco:

In Pennsylvania the growers are making preparation for another large crop, and it would seem, from present prospects, as if the sturdy Dutch farmers of Lancaster and adjoining counties were determined to supply all of the seed leaf tobacco used in this country, as well as that needed for export. The great crop of last year has encouraged the growers to renewed effort, and the price realized was all that could be desired, especially at this time, when most of the products of the soil command but indifferent prices. That there is a brisk demand for the dark leaf of this state no one will deny, but that it takes rank above that grown elsewhere is not so, since it has not the fine texture of Connecticut seed leaf, while it is of stronger flavor.

Rain.

About 2 o'clock this morning there was a very light shower of rain in this city. In the upper part of the county, in the vicinity of Mt. Joy and Springville, the rain was heavier and the farmers are engaged at planting tobacco to-day.

NEIGHBORHOOD NEWS.

Events Across the County Line.

During the recently disastrous fire at Milton pieces of partly charred silk and newspapers were carried 24 miles away, and ashes fell full six miles further off.

On Wednesday the remains of Mrs. Robert H. Coleman, who died recently in Paris, France, were taken in a special train from Philadelphia to Lebanon, and consigned to their last resting place under the new Episcopal church, now in course of erection. As a mark of respect, all the employees on the extensive building operations of Mr. Coleman ceased work on Wednesday.

Auditor General Schell has given the twelve Philadelphia theatres sixty days notice in which to pay their license of \$300 each for 1879. If not paid then the matter will be placed in the hands of the attorney general for collection.

Danner, while driving a four-horse team, hauling lime through Easton, jumped off his saddle horse to stop a dog fight. The horses ran off and Danner tried to stop them; he fell under the wagon and was fatally hurt.

The Wrightville Star says that James Dougherty, driver of a boat team, was killed by a mule, but not dangerously. Joseph D. Burk, engineer at George F. Baugher's machine shop, in York, while at work yesterday, had his right hand caught in a revolving horse-shaft and he was drawn in on the machinery. His body was whirled around on the shaft, making ninety revolutions per minute, for a time, and when he was rescued it was found that he was terribly bruised. Both arms were broken and the skin was torn from both hands.

Captain Linden arrested in Reading yesterday Ed. Hall, Mike Walsh and Bob White, notorious forgers, for counterfeiting Reading railroad scrip and stock. \$7,700 of the "queer" was found in their valises. Good bye!

A Baltimore horse railway company can carry passengers upon a six-cent fare and pay twelve per cent. of its gross receipts for the benefit of the park and still make handsome dividends. The *Baltimore* wants to know why a Philadelphia company which pays no park tax, and no other tax of any kind upon its gross receipts, cannot carry passengers for a five-cent fare.

Samuel and Joseph Jeans, executors, of Joshua Jeans's estate, have presented to the Academy of Natural Sciences, Philadelphia a check for twenty thousand dollars. Mr. Jeans had made this provision in a codicil which was without his signature, and it remained with the executors to determine whether the provision should be fulfilled or not.

This year will be the 150th anniversary of the white settlement of the Cumberland valley. The historical society of the valley will probably celebrate it at Doubling Valley Springs sometime during the summer.

Spotted Tail, Red Cloud and thirty-four other Indian chiefs are at Carlisle visiting their own and other children at the government school there.

Elder Andrew Miller, of Paradise township, York county, has died, aged 79 years and 4 months. Elder Miller was for more than 50 years a minister in the German Baptist church, at Pigeon Hills.

Adam Moessinger, of Glen Rock, York county, has died from his injuries received by the bursting of the emery wheel in the machine shops at that place.

York is agitating the erection of a cotton mill. The town is also to have an opera house at last.

The southward-bound train on the Wilmington and Northern railroad which left Reading last evening at the usual hour, 5:40 o'clock, collided a short distance beyond Naam station with a northward bound freight train, owing to the latter being a half-hour behind time and "trying to make the next station." There was a terrible crash and frightful wreck, both engines narrowly escaping death by jumping from their machines. Of the passengers some twelve persons were injured. One man had both legs broken; another was badly injured about the chest and otherwise internally, and his recovery is doubtful. Four ladies are badly injured, among whom were Mrs. Minkner and Mrs. Price, of Birdsboro', both of whom had their noses broken, besides sustaining severe contusions of the face.

Contract Awarded.

The street committee met last evening and opened the bids for furnishing stone for crossings, and brick for gutters. John Keller's bid for Concrete granite crossing stones not less than four feet long, 18 inches wide and from 5 to 7 inches thick, was 45 cents per lineal foot, delivered on the cars at Lancaster, or 55 cents delivered at the point at which they are to be laid. George Tomlinson's bid was 60 cents per foot for furnishing the stone and laying the crossing. The contract was awarded to Mr. Tomlinson.

Wm. Lorenz was awarded the contract for furnishing brick for gutters, the price at the kiln to be \$5.62 per 1,000, the city to do its own hauling.

F. G. Buch was awarded the work of laying the gutters; the price to be paid is 25 cents per lineal foot, the city to furnish all the material.

K. O. P.

A Visit to Litzitz Last Evening.

Last night twenty members of Lancaster Lodge No. 68, K. O. P., of this city paid a visit to Litzitz, for the purpose of conferring the amplified degree to Litzitz Lodge No. 25, five persons being initiated into the order.

After the exercises were over the Lancaster folks were taken to Sturgis's, where a fine banquet had been prepared in their honor by the Litzitz lodge. After doing ample justice to the good things, and having a pleasant time, the Lancaster party started for home arriving here about half past two o'clock this morning.

Cut on the Eye.

Dolly Albright, a daughter of Jacob Albright, cigar manufacturer, residing at No. 319 South Duke street, was severely cut directly above the eye by being struck by the handle of the pump, just below the school, on Duke street, while she, with a party of young companions was playing near the pump at recess time. The bone was laid open for a considerable distance, and the wound bled profusely. Had the handle struck half an inch lower the ball of the eye must have been injured.

ADELAIDE U. MURDOCH.

Lecture on "Substance and Shadow."

Miss Adelaide U. Murdoch, sister of the eminent tragedian and elocutionist James E. Murdoch, appeared at Fulton opera house last evening and delivered her lecture on "Substance and Shadow." For the benefit of the Free Dispensary of this city, in charge of Drs. H. B. Stehman and H. E. Muhlenberg. Owing to the intense heat of the weather, the audience was not so large as it should have been, but all present were delighted with the substance of the lecture and the admirable manner in which it was handled. Miss Murdoch is a woman in the prime of life, of queenly figure and graceful movement, and was dressed with the greatest good taste. She possesses a full and flexible voice, which has been highly cultivated, and those of her audience who have seen her distinguished brother on the boards could not fail to notice the striking resemblance she bears to him. Her lecture treated of the joys and crosses of the family circle; of the patriotism and corruption found among our politicians; of our admirable system of government, and of the corruption which is eating out the vitals of the state, and even threatens its existence. These pictures of good and evil, of substance and of shadow, she drew with a master hand, and contrasted them in highest lights and darkest shades. During her lecture she recited largely and with the finest elocutionary touches from Hood's poem "Miss Kilmansegg and Her Golden Leg." At the close of her lecture she recited a pathetic poem, which brought tears to the eyes of many of her hearers.

Miss Murdoch left Lancaster this morning for Philadelphia, and will start in a few weeks for an extended tour through the West, Leadville, Colorado, being one of the cities in which she is booked to lecture.

Baseball.

To-morrow afternoon the Ironsides baseball club, of this city, will visit Millersville, where they will play the Normal school club. A car on the Millersville railroad will leave the Pennsylvania depot at 1 o'clock in the afternoon and quite a number of lovers of the game will accompany the Ironsides nine, who will do their best to win.

On to Chicago.

This afternoon there was a special car attached to fast line west, on which was a car with Mayor Stokley, James McManes, and other citizens of Philadelphia on board. They were on their way to Chicago.

Shaft Broken.

Yesterday afternoon as John Best was turning from North Queen into Orange street his horse fell on the stone crossing, and in his endeavor to get up broke a shaft of the buggy. No other damage was done.

Collins' Beach, Del., 20 miles from Philadelphia. Old established summer resort. Hotels, Grove salt water bathing, fishing, bath houses, &c. Excursion to Philadelphia and Collins' Beach Tuesday next. Fare for round trip only \$2.50.

The best investment I ever made, said Judge R. C. to be lightly walked along to the surprise of his friends, was 50 cents for St. Jacob's Oil, which cured me of Gout.

Nursing mothers and delicate females: Gain strength by Malt Bitters.

Linman Society.

A stated meeting will be held in the afternoon of the Museum, at 2 o'clock in the afternoon, on Saturday, the 29th inst.

No swindler shall shave us except it be with Cuticura Shaving Soap.

The Phonograph.

Telephone, Telegraph, and kindred electrical messengers will all be utilized by the orders of the Phonograph, and it is expected to be as sound as the wires. It is as well known abroad as at home, as a cleansing agent for the teeth.

SPECIAL NOTICES.

H. H. Warner & Co., Rochester, N. Y.: GENTLEMEN: I have tried your Safe Kidney and Liver Cure for "Bright's Disease," with which I have been afflicted for the last two years, and it has done me more good than I believe it is the only cure known for that terrible disease, and it is with pleasure that I write this testimony in its favor. You are at liberty to use this in any way you see proper, to benefit suffering humanity.

Truly yours, JAS. S. PRESCOTT, New Union, Ohio.

Shakers Society, Cuyahoga County, N.Y. 15-2nd & 7th.

Try Locher's Renowned Cough Syrup.

"My Renowned Back." Is the exclamation of more than one poor hardworking man and woman; do you know why it aches? It is because your kidneys are overtaxed and need strengthening, and your system needs to be cleansed of bad humors. Kidney-Wort is the medicine you need. "It acts like a charm," says a well-known physician, "I never knew it to fail."

Physicians use Kidney-Wort in regular practice and pronounce its action as being the best remedy for only 25 cents per box. Sold by all druggists.

A COUGH, COLIC, CATARRH of Stomach or Throat requires immediate attention, as neglect often results in some incurable Lung Disease. "Brown's Bronchial Troches" will almost invariably give relief. Initiation is conferred by the regular family medicine. That "Brown's Bronchial Troches" are sold only in boxes.

Try Locher's Renowned Cough Syrup.

"I Don't Want That Stuff."

Is what a lady of Boston said to her husband when he brought home some medicine to cure her of sick headache and neuralgia, which had made her miserable for fourteen years. At the first attack thereof, it was administered to her with such good results that she continued its use until cured, and was made so enthusiastic in its praise, that she induced twenty-five of the best families in her circle to adopt it as their regular family medicine. That "stuff" is Hop Bitters.

"Since taking 'Dr. Lindsey's Blood Searcher' that old sore of mine is entirely cured." Sold by all druggists.

Wine for Females and Invalids.

It is the oldest and most reliable of all the most strict advocates of temperance are obliged to use some sort of wine, especially those who are old and infirm. Many weakly females as well as invalids and debilitated persons in warm weather need a little strengthening wine. The great difficulty has been in procuring a fine wine that is reliable. There are many cases in place of alcoholic drinks if only a genuine article could be had, and upon which physicians could stimulate the property pure, without alcoholic admixture. The Port Wine of Alfred Speer, of Fausse, New Jersey, has been analyzed by chemists in almost every state, and has always been proved strictly pure and beneficial. It is used in hospitals and in families for medicinal purposes, also in churches for communion wine. Mr. Speer's mode of conducting the fermentation is such as to retain the rich flavor and sweetness of the fruit without much fermentation to create stimulative property.

This wine is endorsed by Drs. Allen and Davis, and sold by H. E. Slaymaker.

TO THE CITIZENS OF LANCASTER: To-morrow (SATURDAY), MAY 29, will be declared a day of public holiday. Let us, as citizens of Lancaster, join in paying a tribute of respect to the memory of the patriot dead who fell in defense of the Union, by joining in the ceremonies of the occasion. Let us assist in sustaining the great principles of our country, and let us give the lives that the republic might live. I hereby recommend that all citizens commence on FRIDAY, MAY 28, at 8 o'clock, at the residence of Dr. J. T. MacGonigle, Mayor.

NEW ADVERTISEMENTS.

We desire to call attention to our complete line of

FLATWARE, SPOONS, FORKS, KNIVES, LADLES, &c., &c.

In addition to a full stock of the celebrated Rogers Bros.' goods, we have the exclusive sale in this city of the electro-plated ware of the Gorham Manufacturing Company. These are the best finished and most durable in the market, and in recommending them to the trade this company (whose representations are always reliable) claim for them the following merits: "The base of the Gorham electro-plate is of nickel silver. The silver-plated ware made upon this base constitutes the excellence of the solid silver goods except the intrinsic value of the silver itself. One of the remarkable features of the process of electro-plating is perfect accuracy and delicacy with which the finest line of the engraving or chasing traced on the surface of the nickel base is reproduced on the surface of the silver coating. Thus all the excellence of workmanship which has earned for the company its reputation as makers of sterling silver goods is made tributary to the production of an unapproachable electro-plate. The quantity of pure silver deposited upon the surface of the electro-plated ware is such that it will stand up to the most severe tests of wear and tear, and will take a polish without a coating of silver, yet upon it is laid a silver surface which will not abraded less than a generation. The object is to produce plated ware which shall have all the beauty of the solid silver. This high grade of ware is undistinguishable from work in sterling silver. Its pattern, ornaments and workmanship are made equal to those for which the Company's Sterling Silverware has been so highly commended. To these conditions is added the undoubted fact that upon the basis of foreign plate, this ware would be excellent and take a polish without a coating of silver, yet upon it is laid a silver surface which will not abraded less than a generation. The object is to produce plated ware which shall have all the beauty of the solid silver. This high grade of ware is undistinguishable from work in sterling silver. Its pattern, ornaments and workmanship are made equal to those for which the Company's Sterling Silverware has been so highly commended. To these conditions is added the undoubted fact that upon the basis of foreign plate, this ware would be excellent and take a polish without a coating of silver, yet upon it is laid a silver surface which will not abraded less than a generation. The object is to produce plated ware which shall have all the beauty of the solid silver. This high grade of ware is undistinguishable from work in sterling silver. Its pattern, ornaments and workmanship are made equal to those for which the Company's Sterling Silverware has been so highly commended. To these conditions is added the undoubted fact that upon the basis of foreign plate, this ware would be excellent and take a polish without a coating of silver, yet upon it is laid a silver surface which will not abraded less than a generation.
