Tobacco Market. Seed Leaf and Havana,

U. S. Tobacco Journal. Seventy-nine Pennsylvania still takes the lead in the quietness of the market. It remains the favorite stock of sellers and the most indifferent to buyers. The latter turn their attention to '79 Connecticut, Ohio and Wisconsin, and to all grades of old stock. From a list in another column it will be seen that buyers will not need to look for old stock with a candle for several months to come. However, at last new tobacco will be wanted, and from what we can see at present Connecticut will be the leading article in this market. It is very fine; and as manufacturers all over the country agree that there is great diminishment in the demand for dark cigars, Connecticut wrappers will sell in preference to Pennsylvania when stock is desired for best quality cigars. For cheap, clear seed goods, our manufacturers will use everything cheap. Of course they will prefer to use '79 Pennsylvania, and those who offer cheapest will sell. Whenever those who now like to represent them selves as having packed only the finest of the '79 Pennsylvania, and therefore entitled to get some 20 or 25 cents for it, can make up their minds that the finest is not at all so fine as their imagination pictures it, and that a jobber or manufacturer can make some money when he can buy it at 15 or 16 cents, then they will have no trouble in selling. Till then they will remain the undisturbed holders of such goods. Medium and fair lots are already being offered at 121 to 14 cents, but even at these figure buyers show an almost feminine bashfulness. Exporters are offering from 8 to 10 cents reweight for Pennsylvania suitable for their purpose. With masculine fortitude, however, holders as yet do not consent to such bargains. Under these circumstances business cannot be, and will not be for some time, otherwise than quiet. Manufacturers and jobbers have come to the conclusion that if packers choose to throw their money at the growers, they need not throw theirs at the packers.

The sales of the week sum up as follows: Pennsylvania-Crop '78: 300 cases

fillers, 12 cents: wrappers, 35 to 45 cents. Connecticut—Crop '78: 80 cases wrappers, 35 cents. Crop '79: 100 cases Housatonic, p. t. Ohio-Crop '79: 300 cases, 10 to 101

Wisconsin-Crop'78: 60 cases running 13 cents. Havana-Market active. Holders are stiff on fine goods. 250 bales, fillers, were sold at \$1,17\frac{1}{2}. Total sales about 700 bales.

Gans' Report. Sales of seed leaf tobacco reported by J. S. Gans' Son & Co., tobacco brokers, Nos. 84 and 86 Wall street, New York, for the week ending August 9: 200 cases 1879 Pennsylvania, private terms. 350 cases 1879 New England, seconds, 10½ to 13c; Housatonic assorted, private terms. 100 cases 1878 New England, wrappers, 12 to 18c. 258 cases 1879 Ohio, 7½ to 8c for export. 2900 cases 1878 state, 5½ to 11c, part of which for export 1879 part of which for export. 50 cases 1879 Wisconsin, private terms. 100 cases sundries, 6 to 8c. Total 1,258 cases.

A Word to Our Readers.

When you read of a remedy that will cure all discases, beware of it; but when you read of a pure vegetable compound which claims to cure only certain parts of the body, and furnishes high proof that it does this, you can safely try and with the assurance that it will help you. This is just what Warner's Safe Kidney and Liver Cure does. It cures all troubles of the lower portion of the body and none others. It will not help the toothache, earache nor consumption, but it will put your body in a vigorous and healthy state where you can enjoy life and appreciate its good things. Try it. DR. GREENE

Is exceedingly happy to announce to his numerous friends that his wife and self have safely returned from nearly a seven weeks' tour through a portion of nine states, riding and sailing nearly 3,000 miles. Dr. Greene is now ready to help all sick persons to regain their health. His attendant says in one week of his absence 107 patients called to see him at his offices. The tollowing appeared in the Columbia Courant of June 17, 1880: FROM THE BRINK OF THE GRAVE. As nearly everybody in Columbia knows Harry Long has not for two years past been expected to live from one week to the other, nearly all of which time he has been in bed or propped up in an arm chair. During this time he has taken medicine enough to kill a dozen people—pounds of pills and powders and barreis of liquids, Mr. Wm. Paxson, and others who had been looking after the wants of Mr. Long, prevailed upon him to try Dr. C. A. Greene, of Lancaster, and I am pleased to say the effect of Dr. Greene's treatment is magical. The sick man is now almost like one raised from the grave. He is now out visiting friends, and a few days ago was in Lancaster city to offer congratulations to Dr. Greene in person. Well! well!! Wonders never cease.

This Brandy has stood the test for years, and has never failed, as far as our experience extends, and we therefore give it the preterence over all other Brandies, nomatter with how many jaw-breaking French titles they are branded. One fourth of the money that is yearly thrown away on various impotent dyspepsia specifics would suffice to buy all the Brandy to cure any such case or cases. In proof of the curative powers of

Reigart's Old Brandy. In cases of Dyspepsia, we can summon num bers of witnesses—one case in particular we bers of witnesses—one case in particular we cite:—

A hard-working farmer had been afflicted with an exhaustive Dyspepsia for a number of years; his stomach would reject almost every kind of food; he had sour cructations constantly—no appetite—in fact, he was obliged to restrict his diet to cruckers and stale bread, and as a beverage he used McGrann's Root Beer. He is a Methodist, and then, as now, preached at times, and in his discourses often declaimed carnestly against all kinds of strong drink. When advised to try

Reigart's Old Brandy, In his case, he looked up with astonishment, but after hearing of its wonderful effects in the cases of some of his near acquaintances, he at last consented to follow our advice. He used the Brandy faithfully and steadily; the first bottle giving him an appetite, and before the second was taken he was a sound man, with a stomach capable of digesting anything which he chose to eat. He still keeps it and uses a little occasio, ally; and since he has this medicine he has then of very little pecuniary henefit to the doct, T.—A Practising Physician.
