Yesterday a vote taken on the train be tween Marietta and Lancaster, which was composed principally of soldiers, stood Hancock 18. Garfield 16, Weavre 1.

An Easton paper says: "The Democratic club of '84 will meet at half-past seven o'clock this evening at Democratic headquarters. Mr. Bartholomew, of Lancaster city, will make an address."

Twenty solid Democrats were naturalized in Easton yesterday. Among them was one who claims to be a nephew of Carl Schurz.

John A. Colye, esq., who has been for the past three weeks sojourning at Cape May, returned to Lancaster last evening looking fresh and vigorous.

Mr. Henry E. Johnston and family have gone to Newport, R. I., where they will be the guests of Mr. Augustus Schell.

John A. Snyder and his brother Charles left to-day on a trip to New York, Coney Island and Long Branch.

The picnic of the South Queen street Presbyterian mission being held to-day is perhaps the largest of the season, there being more than three hundred Sundayschool scholars present besides a large number of teachers, parents and other friends of the mission. Up to noon to-day everything was going on splendidly, the weather being delightful, the lunch abundant and the appetites of all present tip-top. Plays, games, music and romping constitute the order of the day.

The picnic of Christ Lutheran church and Sunday-school will take place at What Glen to-morrow. Omnibuses will leave the church at 7½ a. m. and 2 p. m.

The pienic of the Moravian Sundayschool will be united with that of St. John's Free Episcopal church at Lititz on Friday the 13th inst., instead of the 19th. The Radical Gathering at Ephrata. The Republican papers have had glowing accounts of the late meeting of their party at Ephrata, but a more veracious correspondent than their's sends us an account of it which does not accord with that published in our esteemed contemporaries. It seems that the advertised speakers put in no appearance and two strolling lawyers who called themselves "Paul and Barnabas" had to entertain the multitude and to reconcile the Hog Ringers and Bull Ringers of the distracted Republican party in that section. Their platform, by a most inauspicious circumstance, was a rotten pumpbed, and they were in more danger of a cold water bath than even "Barnabas" Brosius cared to risk. The president of the meeting was the son of one who had fought against Hancock, and did not relish the praise bestowed on the great Democratic soldier's record. There was a of Harry Sholl in Columbia. Mr. Kauffgood deal of cheering for Hancock, and when President Myers proposed three cheers for "Garfield and Hancock" the meeting heartily responded. When he tried to mend his mistake by proposing groans for Hancock he only got laughed at for his venom. Billy Seltzer was nervous when he heard two such anti-Grant men as Brosins and Wilson were coming, lest they should denounce him for serving the Camerons at Chicago. But they kindly re-

SALISBURY NEWS.

From Our Regular Correspondent. Pursuant to a call made by I. D. Worst, county committeeman for Salisbury township, the Democracy of the eastern end of the township met at the public house of Brubaker Bros., for the purpose of organizing a Hancock and English club. The club was organized by the election of the following named officers: President, Wm. Martin; vice president, Frank Brubaker; recording secretary, Wm. Lemon; corresponding secretary, James Ebilhar. Quite a number of names were signed as members. The next meeting of the club will be held on Thursday evening, August 12, at Wm. Lemon's hotel, the meeting to be held alternately between the two places. On next Friday evening, August, 13, there will be a central club organized at White Horse hotel. The size of the township requires the formation of several clubs to accommodate all the voters; all clubs to be under the control of the central club.

Alleged Malicious Mischlef.

A case of alleged mischief was heard by Alderman McConomy yesterday afternoon, Catharine Kuchnle being prosecutrix and Mrs. Wm. Fisher and family defendants. The parties reside in adjoining properties on West Vine street, and there has been some dispute as to the line of partition between the two properties. On the Kuehnle property is a bake-house, through the walls of which run iron bars for the purpose of strengthening them. These bars extend through the wall some inches and are secured by bolts on the Fisher side. The prosecutrix complains that Mrs. Fisher and her children have injured the building by hammering on the ends of these rods The defendants deny the charge but Mrs. Fisher claims that the rods extend into her property and insists on their removal. Mrs. Kuehule answers that she hired a man there to cut off the rods and that expenses, are calling on Democrats to con-Mrs. Fisher would not allow him to enter | tribute. the premises to do so. The Brownstown Campmeeting. The opening services of the Brownstown campmeeting were held at 71 p. m. yesterday, the multitude being assembled by the ringing of the bell, and Rev. I. E. Knerr, P. THE BEE KEEPERS.

Their Quarterly Conference, The Bee-keepers society met yesterday afternoon at the Black Horse hotel, about a dozen members being present, the president, J. F. Hershey, in the chair.

Several members presented which showed satisfactory results, both as to the health of the bees and the product of the hives, though the season has not been a very favorable ene.

The question "Do bees gather honey from red clover?" was discussed and answered affirmatively by several members. J. F. Hershey exhibited a bee-feeding apparatus of an improved plan.

The relative value of grape sugar and cane sugar as bee food was discussed, and the cane sugar was regarded as best. The time for swarming bees, transferring swarms and the proper size of hives were

discussed informally. Elias Hershey, in response to a question said that fifty-three pounds of honey is a fair average per hive for a season. Adjourned to second Monday in Novem-

CHILD RUN OVER. Narrow Escape From Being Killed. This merning about 9 o'clock as a little daughter of Frederick Hoefel, aged between two and three years, was playing with some other little children on Walnut street near Duke, she was struck and knocked down by a horse attached to a cart heavily loaded with dirt. The wheel of the vehicle just grazed the child, crushing the heel from one of its shoes, tearing the clothing, and in some places the skin, from its legs and body all the way up to the shoulder, which is very severely bruised. Luckily no bones were broken, but had the child been two or three inches further under the cart it must inevitably have been crushed to death. It was carried to its father's residence near by and Dr. Levergood was sent for and dressed its wounds. They are painful but not

Andy Kauffman Surprised. Last evening Andrew J. Kauffman esq., was presented with a beautiful gold Masonic badge by his friends at the hotel man's friends gathered at the hotel early in the evening and a meeting was organized by electing W. B. Given chairman. Andy was then sent for and when he arrived he was presented with the badge by J. W. Yocum of the Spy who made a nice little speech. Mr. Kauffman was completely taken by surprise, so much so indeed that he was scarcely able to make a speech. He soon recovered sufficiently to thank his friends for the beautiful present which he did in his usually happy style.

Badly Bitten by Dogs.

A thirteen-year old son of John Humpe, residing on Low street, between Lime and Freiberg, was badly bitten in the hand by a dog belonging to the family on Saturday afternoon. The hand is terribly swollen and the wound is an ugly one; just after the biting the wound was cauterized by a druggist. The dog previous to the biting acted very strangely and was believed to be mad. He was promptly killed by several boys.

A woman named Pryor, of North street, was badly bitten in the leg by a dog belonging to Mrs. Comfort, yesterday. Suit was brought against the latter for keeping a vicious dog. The animal was shot.

Thrown From the Cars.

As the Pacific express east was coming into town this morning, a ten-year-old boy attempted to board it near the Prince street crossing while it was running at full speed. He was dashed to the ground close to the wheels, but was not hurt badly enough to prevent him from getting up and running away.

Mr. Zug's commission, which is now in the recorder's office this city, dates from yesterday to the first Monday in May, 1881.

False Alarm. There was an alarm of fire last night about 9 o'clock, and most of the fire companies were on the street with their apparatus. The alarm proved to be groundless, although some of the firemen say they saw a light in the southern direction beyond

Heat and Sickness. During the hot and sultry weather an un asual amount of sickness prevails in every community, especially among females and children, caused by the fermenting miasma gas or nitrogenous matter floating in the air arising from decaying vegetation. This bac air affects everything we eat, and engender in it a semi-fermentation, which, when taker in the system is like leaven, and operates on the whole, starting in the bowels and soon pro ducing a violent fermentation, causing diarrhea and dysentery. It has been found that that the use of Speer's old Port Grape Wine o Yew Jersey has an extraordinary effect in checking this termentation and restoring the system to its original strength and vigor. Invalids and debilitated persons have found it the most nutritious and strengthening tonic in the market, and the greatest help in resist ing the poisonous effects of the vitlated atmosphere. This wine, so long established, has become the standard wine upon which physiclans rely as the most rich in body and genuine in character, containing the greatest amount of medicinal properties with the least intoxi cating qualities. Speer's vineyards produce a larger yield this year than usual, and he has reduced the price of his wine that any person can now purchase it of druggists for \$1 per bottle.
