TOWNSHIP AND BEROUGH ELECTIONS

ocratic Gains in Marietta, Columbia and and Country Districts.

"black" Fulton yesterday the Republican slate was smashed and Sanders McSparran, Dem., elected school director and Henry Brown, Dem., supervisor. This is one of the strongholds of the Republicans. Of the contestants for supervisor the Republican only received 153 votes, while Henry Brown, Democrat, received 167 votes. The big fight for school directors was between Dr. Chas. Stubbs and Sanders McSparran (Democrat), Mc-Sparran received 186 and Dr. Stubbs, 161. Alfred M. Brown, the other Republican, received 232, and was elected. In Eden township the Democrats elected

their whole ticket, except assessor and supervisor.

Little Britain is reported to have been carried by the Democrats. In Bart the Democrats elected both supervisors, Henry Given and Jacob Keylor;

one school director, John Hornsher, and constable, J. Rhea Chamberlain. In the Lincoln district of East Donegal the Democrats elected John Grady, super-

MARIETTA MATTERS.

Political and Other Matters.

The election vesterday started with no indications of a great or unusual interest. Notwithstanding the pleasant morning. votes did not swarm, and workers were rather scarce. But the Republicans suddenly sniffed an irregularity, and found their ranks somewhat disordered. It seems that the friends of Theo. Hiestand, representing besides other interests, the Exchange bank, were disappointed at Hiestands defeat in the nomination of school directors, and by way of rebound, cut C. A. Shaffner and took in his stead Mr. Brant, cashier of the Exchange bank, one of the regular Democratic nominees. The greatest part of the fight was then centered on the candidates for school directors, and a regular cut and slash ensued. All kinds of tickets were in the field, suiting the most peculiar taste and the close of the polls found some of the Republicans very much out of humor and threatening to vote the Democratic ticket next time. The vote is as follows: Chief Burgess-Dr. H. S. Trout, R., 250; A. Collins, D., 239. Assistant Burgess-E. Rusing, R.,

289; H. Hegener, D., 210. Town Councilmen-S. F. Fry, R., 207; Orestes Hipple, R., 261; F. Hipple, D., 222 ; John Shillow, D., 228.

Borough Constable-Isaiah Hipple, R. 229; A. Ruby, D., 270. Auditor—S. R. Stibgen, R., 291; C. Stombaugh, D., 197.

averted by the cold snap that nipped it in being covered by cakes of ice and driftwood. In front of the town it can remain without causing any inconvenience, but on the river road above Musser & Miller's mill it has been an impediment to travel, and men have been at work cutting a way through the ice and rolling the logs aside. On Saturday a lady drove a horse and

conveyance over this seemingly impassable road. If her horse had not been a perfectly reliable one, the trip would have been less of a success. As it was she managed it nicely without an upset. G. G. Cameron, editor of the Marietta Times, left for his father's home in Wilmington, on Monday, having received a telegram to the effect that his sister, Mrs. Christina Jenkins, was dying. Shortly after his departure another telegram came announcing her death. Mrs. Jenkins was well known here and had many friends and former associates in our community, whom she acquired at the time of the residence of her father's family in Marietta some years ago. She died of consumption.

A rag wagon might have been torn to tatters had not the driver been stronger being 149 years old, or 17 years older than lieve the poor little sufferer immediately—dethan the horse. It was moving along that of Grandma Williams. The colonel pend upon it; there is no mistake about it. Mis Anna Mussleman, from York, h been in town for several days. Valentine day was a busy one for the postmaster, a larger number of its mis-

sives than usual was sent. Everybody complains of the bad condition of the country roads. They are unless. A new and attractive feature was suitable for either a sleigh or a carriage. John Bell caught a boom log yesterday Mr. J. M. Cogley, jr. To-night the that had attached to it a very heavy boom ticket of admission will be good for a chain about 75 feet long. It would weigh plate of ice cream. 5 or 6 hundred pounds.

yesterday and never did more startling and unforeseen changes take place in one day's balloting. Two Republican justices of the peace step down and out to make room for successful Democratic competitors for the office, who were returned with handsome majorities in wards which usually go Republican. Wann, Republican, for council, was elected for the one year term, but the Democrats have elected two out of three for the three year terms and have tied the third. General William Patton, Democrat, is now in the same position he held three or four years He was tied then for council and is again tied to-day with William H. Hardman, Republican. This election will be thrown into council and will be settled there by drawing sticks, the man drawing the long one having the long hold on the office. Slade, Democrat, polled the heaviest vote for school directors, and he with two Republicans, will be in at the new make-up. The Democrats elect their chief burgess in Jacob Sneath, who is returned with a majority of 63 over S. S. Clair. What surprised Democrats and Republicans alike, more than any thing else, is the defeat of C. Hollingsworth, Republican, for constable in the First ward. A fight between the factions of the Republican party is what caused the revolution, and a member of the party speaking of it this morning said: "The only wonder is that we elected Garfield." The following was the vote:

THE CIGARMAKERS.

Organizing a Branch of the International Last evening the eigarmakers of this city held a meeting in Rothweiler's hall, at which Henry Knodt presided. The meeting was held for the purpose of or-

ganizing a cigarmarkers' union. A. Strasser, of New York, president of the Cigarmaker's international union of America and Canada, addressed the meeting on the following subjects: "The evils pre-vailing in the eigar trade," "How to elevate the trade of a eigarmaker. and "The necessity of union among cigar makers." Mr. Strasser spoke for about an hour and a half. About eighty eigarmakers were present and of that number at least fifty signed the roll. The other officers of the meeting were: Vice President, Scott Stanley; Recording Secretary, with a weakness of the uterus Enclose a Harry Rill; Financial Secretary, B. F. The meeting was a spirited one and a great deal of interest was manifested. During the evening a dispatch was received from Philip Bernard, now in Boston, of the Key West factory, which employes 30 or 40 hands. He stated that he was in full sympathy with the movement; many other employers in the city are in favor of

The Straight Vote.

There is usually less cutting on inspecor than any other office, and this vote afords the best test of straight party strength. Examination shows that for inspectors the Democrats in this city polled 412 and the Republicans 2,341-the very large total of 4.753 votes and the close Democratic majority of 73, albeit the heaviest falling off was in the vote of the Eighth ward, the Democratic Gibraltar.

For school directors the Democrats are also ahead on the total vote. There was some sprightly scratching on this part of the ticket considering that all the candidates were to be elected. A notable feature of the aggregate result is that while Brosius got the fewest votes from the Republican Mulhoolys in delegate conven-Schwebel runs far behind.

Death and Funeral.

Mrs. Emma Herr, wife of ex-City Treasurer C. G. Herr, died yesterday afternoon. She has been ill for some time past. She was a daughter of William Miller deceased. The funeral will take place on Friday.

The funeral of Henry R. Trout took place from his late residence on West Orange street yesterday, and it was largely attended. The burial took place at the Lancaster cemetery. It is notable that Mrs. Herr's husband and Mr. Trout's son, residing close neighbors, were the two regular inspectors of the First ward election. Neither served yesterday.

Railroad Accident.

This afternoon as the local freight train west, engine 124, was running near the Big Conestoga bridge, east of this city, three cars were thrown from the rail and blockaded the north track for some time. The fast freight line west, which followed the freight, was obliged to back out and switch upon the south track to pass the wreck. Conductor Lewis, of the freight train, was slightly injured. The accident was caused by the breaking of a body bolt.

Chemists and scientific men have visited his cellar in New Jersey, and analyzed his Wine, and pronounce it the most healthy and beneficial in the market. The disposition of unprincipled dealers to adulterate wines has compelled Mr. Speer to bottle all his productions, and place his signature over the cork so as to insure to the public its purity. Brandy as a Medicine

The following article was votuntarily sent to Mr. H. E. Slaymaker, Agent for Reigart's Old Wine Store, by a prominent practising physi-cian of this county, who has extensively used the Brandy referred to in his regular practice. It is commended to the attention of those at-dicted with

Reigart's Old Brandy, In cases of Dyspepsia, we can summon num-bers of witnesses—one case in partieriar we cite:—
A hard-working farmer had been milleted with an exhaustive Dyspepsia for a number of years; his stomach would reject almost every kind of food; he had sour cructations constantly—no appetite—in fact, he was obliged to restrict his diet to crackers and stale bread, and as a beverage he used McGrann's Roof Beer. He is a Methodist, and then, as now, preached at times, and in his discourses often declaimed carnestly against all kinds of strong drink. When advised to try

Reigart's Old Brandy. In his case, he looked up with astonishment, but after hearing of its wonderfut effects in the cases of some of his near acquantizaces, he at last consented to follow our advice. He used the Brandy faithfully and steadily; the first bottle giving him an appetite, and before the second was taken he was a sound nam, with a steady of the second was taken he was a sound nam, with a stomach capable of digesting anything which he chose to eat. He still keeps it and uses a lit-tle occasionally; and since he has this medi-

cine he has been of very little pecuniary bene-fit to the doctor.—A Pracristse Physicials.
