LANCASTER DAILY INTELLIGENCER FRIDAY, FEBRUARY 18, 1881.

Lancaster Futelligencer.

FRIDAY EVENING, FEB. 18, 1881.

How it Looks.

On the surface, the Republican factions at Harrisburg seem to have come together to select a candidate, but without being on the ground or knowing anything that everybody else does not know at this distance, we are satisfied that there dition of other property shows that stock is no real change in the situation, and prices are greatly inflated. that all the apparent eagerness of the Cameron side to compromise on a senator has behind it the same solid deter- moved an amendment to the river and mination to accept no man who is not of harbor bill which would appropriate their household. As their opponents are \$30,000 for the sinking of artesian wells equally resolved to take no one of that in his country was a man of consistency stripe, we see no room to conclude that and sense. If Congress is determined to spend our money to make navigable an election is very near at hand : unless. as we have said, one side or the other is streams that do not carry water enough hoodwinked and cheated, which is not to float a boat, the only way to accomlikely, seeing that all hands are thor- plish the object is to supply the streams oughly alive to the situation and as thor- with water pumped up from wells : unoughly distrust one another. The anti- less some scientific apparatus can Cameron people are watching the move- be devised to compel the relucments of the machine with the alertness tant clouds to shed their rain of the gazelle, and no stealthy approach can be successfully made upon them. Their forces are well in hand, and so far legislature would provide more rain for well managed, and it seems that the ring will be unable to get in a man at all to their liking. It is c-rtain that unless they can get such an one, no one will be taken if Senator Cameron can continue to control his force. He has succeeded in getting a committee of twelve on his side. water courses are improved. who are, as Representative Wolfe says so'id for Malhooly; so that from the hands of the committee of twenty-four, no candidate will come forth who is not agreeable to him. In the event of the failure of that committee

to agree there is a probability that a number of those who have been voting the anti-Cameron element in the suport | whites and blacks and the governor has of some one. The fact that Mr. Garfield signed it.

is anxious for a selection will weaken

GEN, GARFIELD is quoted as saying, a Senator Cameron's hold upon his followfew days ago, that "he had made no pledge ers. There is a possibility that it may in reference to an appointment in his cabieventually isseen the number of his steadnet or any other place to anybody in the fast adherents so much as to leave him with less than a sufficient number to whole country. He has thousands of apprevent an election. But this is not plications for office which he has filed for reference at the proper time." likely to happen; and yet it is about the

only contingency which will make an election possible. His individual obstinacy has been proved so often that it selfishly divided up that it is impossible may be absolutely relied on to hold him up for one may to buy it. This may be an to the course he has laid down for himself until the last horn blows. We need not agitate ourselves upon the prospect ian standpoint." of an election for a few days yet at least :

as we look at the situation.

PERSONAL ally. We understand from our local General HANCOCK has advised the indealers that a great deal of real estate auguaration committee that he will be in is on the market here, though in a quiet Washington, and at the committee's way ; not being pressed for sale at all, service on the 4th of March. the owners being content with letting Senator BLAINE is recovering slowly their willingness to sell be known. Lan-

from his attack of rheumatism, but is still caster seems to be prosperous in its buunable to leave his house. The senator's siness, and its real estate probably holds up as well as that in any other city of its hair is constantly growing whiter and his size ; but it has felt no boom. The configure stouter. King KALAKAUA was chief guest at a

ball given at the Pacific hotel, San Francisco, the other evening. His majesty appeared in an ordinary black dress suit and THE Colorado congressman who

opened the ball by dancing a quadrille. Mr. VENNOR is skilled not only in the signs of the weather, but in geology, and ornithology. He is now busy with a work on the "Birds of Canada." He is a stout man about thirty-five years old, with fair hair, a weather-beaten countenauce, and modest and agreeable manners. The New York Ecening Post confirms

the reports of the retirement of Mr. How-ELLS from the editorship of the Atlantic Monthly and says he retires to devote himself more closely to creative work An opportunity for this, it is said, will be more copiously. It would be a real bengiven him by appointing him minister to efaction to the country if our national Switzerland.

A notable society event in Philadelphia us. A STRONG EFFORT TO BREAK IT.

The Machine Voters Meet in Caucus and Atter a Lively Time Adopt the Com-promise Proposition and Ap-point their Committee-The Committee's Action.

The caucus of the friends of General Beaver called for 10 o'clock yesterday morning, for the purpose of considering

the compromise proposition made by the independents failed for lack of numbers. There were only about forty persons present in committee rooms 5 and 6 at the capitol at that hour. After some consultation it was agreed to call a full Republican caucus for 3 o'clock in the afternoon in the state library. Whether elected. it was really expected that the independents would enter what was termed in the call a joint caucus cannot be said. There is one thing certain however. At 3 o'clock there were no supporters of Mr. Bayne in the state library. The

machine, to the number of about sixty people, waited for them until nearly halfpast three, when, as there were no signs of their appearing the caucas was called to order by Chairman McNeill. The chairman stated that this was an adjourncd caucus of Republicans called to receive the proposition for a compromise from the friends of Mr. Grow or Mr. Bayne, or who-

ever they were. Mr. Kneass then presented the compromise proposition providing for the appointment of a committee of twelve from each faction to a ree upon o'clock this morning. three candidates subject to the approval
