### MARIETTA MATTERS.

OUR REGULAR CORRESPONDENCE. A few parties are availing themselves of the last opportunities for getting ice by taking it from what lodged on the river bank. Some of it is very nice. One clear and thick piece having attracted the attention of passers by on Front street has been the cause of considerable guessing from a distance as to its thickness. By actual measurement it is found to be 24 inches exactly, which is doubtless as thick as any that has come down. In '75 some pieces had been found to measure 36 inches.

An extensive tobacco dealer Mr. John Dzialynski, from Jacksonville, Fla., came to Marietta this week on purpose to see Mr. Duffy's crop. He had received a visit from that gentleman while enroute to Cuba. He expresses himself as being well pleased with our townsman and is also pleased with the tobacco he saw. He has engaged Tom Scott of the Railroad hotel to look around for some good lots for him. One of the two Watts furnaces that have been lying idle for some time has again commenced operations, and the rolling mill at Chickies is very busy. This looks well for that end of the town and we hope it will spread its influence this way. There can be no complaints, however, as to dullness by the hollow-ware company, whose establishment is the main part of manufactory in Marietta. The large ice crop has created quite a demand for water coolers, and particularly in the South. At this time their trade is about one-half in that region. They have orders on hand now for five thousand coolers. They can attribute a part of this demand also to the fact that the enamel lining is superseding metal linings, on account of there being

no action of water on the former. George Hildebrandt had made a contract with a Western party to ship him 13 tons of baled hay. The hay came but for some unaccountable reason, perhaps because he found a higher market, orders were received by the railroad company to ship it on to Philadelphia which was

Meeting of the Board of State Officers. Last evening a meeting of the board of officers of the state council of Pennsylva nia O. U. A. M., was held in Temperance hall, East Orange street. The following members of the board were present State Councillor Wm. M. Shultz, chief burgess of Easton; Junior State Council lor Samuel F. Gwinner, esq., an attorneyat-law from Taylorsville, Bucks county State Vice Councillor John M. Eckstein, clerk of the Philadelphia city council.

A large number of members of Empire council No. 3 (lately disbanded) were in attendance in response to a special request made by the board of state officers.

The meeting was a private one and it proceedings have not been made public. It is an open secret, however, that the meeting was held for the purpose of ascertaining all the facts in connection with the disbanding of Empire council, and if possible bring about a compromise that will lead to its re-establishment. The state board claims, it is said, that the disbanding was illegal, and those who brought it about are liable to prosecution for distrib uting among themselves the funds of the society amounting to nearly \$5,000. There is no disposition on the part of the state council, however, to demand these famils, if a satisfactory compromise can be made resulting in the reorganization of Empire

A Fall in Oysters.

The oyster dealers of this city will regret to learn of an accident which hap pened their jovial friend, Chas J. Luzinberg, a heavy planter and shipper of oysters in Philadelphia. While coming from the depot yesterday on one of his large wagons heavily loaded with barrels of oysters, one of the wheels broke off, letting the load down, some of the barrels falling on Mr. Luzenberg, bruising his body and injuring one his eyes. He wishes his clerk to state in a letter to a friend here, that not with standing the scarcity of oysters he was determined to come down with them. Excursion to Port

On Tuesday, February 22, the Pennsylvania railroad will run a special excursion train from Laucaster, York, Columbia and other towns, to Port Deposit, the fare for the round trip from this city being \$1.74 and from Columbia \$1.38. The excursion will give passengers an opportunity of secing the immense masses of ice piled along the banks of the Susquehanna by the recent break-up on the river. Passengers will leave Lancaster at 10:25 a. m. and, returning, leave Port Deposit at 2:30 p. m.

### COLUMBIA NEWS.

OLR REGULAR CORRESPONDENCE We had quite a nice fall of rain in Columbia yesterday and last night. The barometer is on the rise this morning.

Market this morning was quite brisk. Only the customary services will be held n the churches of Columbia to-morrow. Do not forget the Citizens' band ball on Monday evening—in the armory.

There's nothing booked for Washington's birthday. It will be dull. Our streets are very muddy this morn-

This is good weather for tobacco strip-The regular stated monthly meeting of Cyrene commandery, No. 34, K. T., took place last evening. Several new members were initiated.

Charley Shay's company gave a performance in the opera house last evening. The almost unanimous opinion this morning is that it did not amount to much. Charley travels under a big name but the performance of his company is not "big." The six tramps arrested at the Susquehanna rolling mill were taken to Lancas-

ter jail at 5:50 last evening. Capt, D. Brainard Case is again conva-Nothing new about the river.

The weather is very warm. Overcoats are becoming a nuisance. The Madam Rentz company gave our

people a band screnade this morning. The kicker is being kicked by all the newspapers, except those of the Democratic persuasion, which, having gained everything, have nothing to say. Officers Fisher, Lyle and Hollingsworth,

with several deputies made a raid on a gang of tramps at the Susquehanna rolling mill yesterday afternoon and succeeded in capturing four. Some time later they caught two more of the party on the Pennsylvania railroad. Mr. Henry Longacre, of Reiterstown,

Baltimore county, Md., in visiting in Columbia, the guests of W. B. Given, esq. Jim Moore and Sol. Devan, colored, were sentenced this morning by Justice Evans to twenty days imprisonment in the Lancaster county jail for drunkenness and disorderly conduct.

Professor R. Grant Barnwell lectured to very large audience in the E. E. Lutheran church last evening. The subject discoursed upon was "India" and the lecturer, the more clearly to bring his subject before his hearers, from time to time gave panoramic views, which are described as being very fine. The entertainment was a highly enjoyable one and the receipts from the venture were unexpectedly 'enough and to spare.'

The Pennsylvania railroad company will run a special excursion train to Port Deposit, Md., on Washington's birthday, February 22d. The fare from Columbia is \$1.38. An opportunity will be afforded o visit the gorges in the Susquehanna, which were there so irresistible. The train leaves here at 11 a.m., and returning leaves Port Deposit at 2:30 p. m. Madam Rentz's female minstrels will

appear in the Columbia opera house this | N evening in "Penn's Aunts Among the Pirates." This company appeared here about one year ago, and gave one of the best performances ever given in the opera house. At their former appearance a large gallery audience had assembled expecting gratification of what they thought from the name of the company must surely follow, but a great disappointment awaited them, as nothing took place to which even the most fastidious could except. We are the most fastidious could except. We are assured that this evening's performance will be a good one, and we are of the 129 EAST KING STREET. minion it will be given to a large audience.

NICE WORK.

Fine Wagon for an Enterprising Trucker Norbeck & Miley, coach manufacturers, have just completed a very handsome wagon for Frank Mettfett, oysterman and trucker. It is to be used for hauling truck The running gears of the wagon are painted searlet with black and straw stripes The body is of three colors, viz: lilac, chocolate and scarlet, and it handsomely scrolled in gold. The finest work on the wagon is the painting on the curtains, which was done by Eugene Norbeck. On either side there is a large picture of fruits, fish, oysters, &c. It is very natural and the melons and peaches look as though they could be caten. The design of the wagon is origi-inal with the firm, as Mr. Metifett merely told them to get him up a nice wagon, They certainly have succeeded, for it is one of the prettiest wagons Lancaster has turned out lately. It will be on exhibition at the shop for some days and is worth see-

The same firm have also constructed for E. L. Dyer, of Manheim, a beautiful wagon to be used for hanling bread. It is neatly painted; on the sides are pictures of bread, buns and a sheaf of wheat, while a large eagle adorns the back.

Insurance Paid.

Rite & Kautman, agents for the Travelers insurance company, of Hartford, Conn., paid to Mrs. Shenk, widow of the late Maj. R. W. Shenk, the sum of \$5,000-amount of an accident policy which deceased held on this com pany. Mr. Shenk was insured in the Travel ers' for several years, paying a premium of \$25 a year. It will be remembered that his death resulted from the effects of a fail sustained at epicule at York Furnace last summer.

People who enjoy good laugh will bless their stars when they find themselves staking with mirth over the comical performance. Mr. Wm. Gill, Mr. Forrester, Miss Elinor Decring, and several others are the fun-making Goblins, and the performance is not lacking in refinement and chaste

ness because it is so hearty. Temperance Lecture.-Dr. C. A. Greene will lecture in the court house to-morrow afternoon on the subject of temperance, and will illustrate his remarks with fine colored plates. howing the condition of the stomach of the corps of ladies and gentlemen. Admission

Coughs. " Brown's Bronchial Troches" are used with advantage to alleviate Coughs, Sore Throat Hoarseness and Bronchial Affections. For thirty years these Troches have been in use, with annually increasing favor. They are not new and untried, but, having been tested by wide and constant use for nearly an entire generation, they have attained well-merited rank among the few staple remedies of the age.

The Throat. "Brown's Bronchial Troches" act directly on the organs of the voice. They have an extraordinary effect in all disorders of the Throat and Larynx, restoring a healthy tone when retaxed, either from cold or over-exer tion of the voice, and produce a clear and disfinet enunciation. Speakers and Singers find the Troches useful.

A Cough, Cold, Catarrh or Sere Throat requires immediate attention, as neglect often times results in some incurable Lung Disease. Brown's Bronchial Troches" will almost invariably give reliet.
