Our thanks are due the editor for trying to make the public believe that some other fellow, and not we, is never satisfied.

Walking across the bridge they presented a line about a square long. First came the Exominor representative and another gymnast lugging a trunk, then a couple of guitarists with their instruments, and so the many instruments of all kinds and shapes, musical and otherwise, were brought here by their owners and manipulators to the tune of "Rock me to sleep, mother." SPECIAL NOTICES.

There is a Balm in Gilead. The success which has marked the introduction of Cream Balm, a Catarrh remedy, prepared by Ely Bros., Owego, N. Y., is indeed marvelous. Many persons in Pittston and vicinity are using it with most satisfactory results. A lady down town is recovering the sense of smell, which she had not enjoyed for fitteen years, through the use of the Balm. She had given up her case as incurable. Mr. Barber, the druggist, has used it in his family and commends it very highly. In another column, a young Tunkhannock lawyer, known to many of our readers, testifies that he was cured of partial deatness. It is certainly a very efficacions remedy .- Fillston, Pa., Gazette, August 15, 1879.

The Apportionment Bill to Give Way.

Washington, Feb. 26.—The conference committee having failed to effect any compromise upon the apportionment question, an understanding has been reached upon the Democratic side of the House that the apportionment bill shall give way for the present to allow the ways and means committee an opportunity to call up the funding bill. The bill stands No. 10 upon the speaker's table and a single objection will prevent its consideration out of order; but the other nine bills having precedence may be laid aside seriatim if the House so disposes, and in this way the funding bill might be reached for consideration in a short time after the disposition of the sundry civil bill. As, however, the entire afternoon will doubtless be devoted to this bill, unless a night session is ordered the funding bill can not be reached till Monday. Proceedings in the House.

In the House Mr. Weaver asked leave to offer a resolution granting to F. W. Fortzsche, a member of the German Reichstag, the use of the hall of the House this evening for the purpose of delivering a lecture on the present condition of the German people.

Objection was made, and the House then went into committee of the whole on the sundry civil appropriation bill. The amendment appropriating \$200,000 for the establishment of naval coaling stations on the isthmus of Panama was adopted by 82 to 65. Mr. Blount gave notice that he would call for a vote by yeas and nays in the House.
