Slik grenadines came some time ago; now the wool and slik DRESS GOODS. Among our new all-wool dress-tabries is an extraordinary flannel, if it is a flannel. It is so extraordinary as to take it out of flannels altogether, perhaps; but we have no better name for it. Many ladies will be obliged for this point. Silk grenadines came some time ago; now the wool and silk and wool grenadines are here; and the variety is greater than we ever had before greater than anybody ever had, so far as we know. New armures, plain and figued, are notable, especially the latter. Among them are armures, with small figures and plaids, that can be seen only when looked at in certain ways. The draping of a dress of these would appear to be JOHN WANAMAKER. Third circle, southeast from the centre. DRESS GOODS. DRESS GOODS. What art and skill are doing in cotton dress tabrics! Two counters are gorgeous with them. The lowest price is 5½ cents a yard, and the highest 6½ cents; but they are made in soft and delicate ways by texture or print or dye, to rival the stuffs of luxury. Here are the familiar names: Scotch zephyrs Foulards Madras ginghams Sateens Secresuckers Lawms Chinizes Cretonnes Oxford cloths Momies Toile d' Alsace Cheviots draping of a dress of these would appear to be partly plain and party figured or plaid. Public Ledger. The annual report of the Indian training school at Carlisle barracks, showing the proficiency the boys are making in their various trades, is so interesting that I send it to your paper. has finer features than are seen in negroes and increases her height, which is natur-ally small, six inches by training her hair to stand upright, so that her head re-sembles a brush.

She wore a scanty body garment of fur and a large colored striped blanket. Around her neck were a dozen necklaces

having gained an enviable local reputation, displacing all other preparations in the vicin-ity of discovery, is, on its merits alone, recog-nized as a wonderful remody wherever known. A fair trial will convince the most skeptical of its curative powers. It effectually cleanase the nasal passages of catarrhal virus, causing healthy secretions, allays inflammation and mritation, protects the membranal linings of the head from additional colds, completely heals the sores and restores the sense of taste and smell. Beneficial results are realized by a few applications. A thorough treatment as directed, will cure Catarrh. As a household remedy for cold in the head it is unequalled. The Baim is easy to use and agreeable. Sold by druggists at 50 cents. On receipt of 50 cents will mail a package. Send for circular with full information.
