Mr. Collins-Let us proceed to business this scene is disgraceful.

Mr. Musser-Yes, it is disgraceful that two of the county auditors will not permit an investigation to be had where the interests of the county are at stake. Then turning to Mr. Warfel, Mr. Musser said that what he wanted to get at was the amount of cash in the county treasurer's Several newspapers have erroneously stated that Mr. F. C. Seibert, had sold safe, vault or other place on the 31st of December last.

Treasurer Groff, rising and producing a memorandum, said the amount of cash checks and receipts in the treasury on that date was \$22,500.

Mr. Musser-Mr. Warfel, what was the amount of cash, checks, drafts and other assets in the safe or vault ou the 21st of good many new things were presented, but most of the programme had been ren-December?

Mr. Steinmetz mildly suggested that it Mr. Musser didn't keep quiet he might land in an asylum ; and Mr. Musser responded that Mr. Steinmetz was in greater danger of landing in the jail.

Mr. Musser repeated his question to Mr. Warfel, adding that he wanted to ascertain separately the amount of cash, checks, and other assets on the day named.

Mr. Warfel said it would be impossible for him to tell. He supposed the cash in | warehouse platform yesterday and sprained hand on the day named might have been from \$16,000 to \$19,000.

#### WEDENSDAY EVENING, MAR. 23, 1881.

WEATHER INDICATIONS. WASHINGTON, March 23 .- For the Middle states fair weather, northwest to southwest winds, higher temperature, stationary or higher barometer.

Special bulletin furnished by the chief signal officer of the army : Clear weather prevails over the entire country except in New England and the Middle states, where it is cloudy. Fair and warmer weather is anticipated for Thursday in the Atlantic and East Gulf states. The temperature is from 10 to 20 degrees below the mean from Louisiana eastward and northeastward to Florida and North Carolina. It has risen very rapidly in the Missouri Valley, twenty degrees at St. Vincent, Minn., and twenty one at Yankton since yesterday. Northerly gales have prevailed from New Jersey to Georgia with hourly velocities ranging from thirty-seven to fortythree miles on the Delaware and North Carolina coast.

#### THE NEW RAILROAD

Between Philadelphia and Baltimore to be Pushed Rapidly Ahead.

WILMINCTON, Del., March 23.-The Every Evening (newspaper) published this afternoon an interview with Mr. Bird, counsel of the Baltimore & Ohio railroad, and Col. H. S. McComb, giving the full facts concerning the purchase by the Baltimore & Ohio company of the charter of the Delaware Western railroad. The arrangement was practically agreed upon the day after the announcement of the purchase of the Philadel-phia, Wilmington & Baltimore road, by the Pennsylvania railroad company and the agreement was based on the positive declaration by the representatives of the Baltimore & Ohio interests that they would use the Delaware Western charter of a part of their scheme to build a new road between Philadelphia and Balti more. The engineers are already on the line and the positive promise is made that the road from this city to Philadelphia will be finished by the first of next June and to Baltimore as rapidly as money and men can do it. This would seem to indicate that it is intended to use the old part of the Philadelphia, Wilmington & Baltimore road from Gray's Ferry to Chester, leased by the Reading road for ninety-nine years, and extended by them almost to the Pennsylvania & Delaware line within ten miles of Wilmington.
