COLUMBIA NEWS.

OUR REGULAR CORRESPONDENCE. A meeting for organization, election of officers, etc., of a new English Lutheran charch in Columbia, will be held in the German Lutheran church on Locust street, above Fifth, Rev. Darmstetter, pastor, on Friday evening at 7:30 o'clock. All who have certificates from the other church are requested to bring them, and all friends of the cause are cordially in-

vited to be present. Last evening was very pleasantly spent at the southeast corner of Second and Walnut streets, where a number of her friends surprised Mrs. Mary D. Rumsey. To our knowledge three more surprise parties are on the tapis. Engine No. 5, of the W. J. R. R., passed

through here to the east this morning in tow of engine No. 167.

The Women's foreign missionary society of the M. E. church held its meeting yesterday afternoon in the church parlors and was well attended.

Rev. Mr. Hume, of Lancaster, officiated in the Presbyterian church of this place, last evening.

Rev. Cyrus F. Knight, D. D., LL. D., of Lancaster, will preach in St. Paul's Protestant Episcopal church, this evening. The following officers of Orion lodge No 867, I. O. O. F., were installed last evening: Noble Grand, Wm. H. Shenberger; Vice Grand, Edward B. Eckman ; Secre-Geo. Tille; Treasurer, Geo. W. Schroeder; Trustee, Isaac C. Gitt.

Mr Lyle's story clears up every vestige of my story which attached to the discovery, and we will here give it to our readers and let them judge for themselves : About twenty-five years ago, when Mr. Lyle was a boy, Joseph Strickler, who then owned a large tract of land in this locality, conceived the idea with this idea dug into the earth in several places. Mr. Lyle says that this "discovery" is one of the holes dug by Mr. Strickler and at points near (he located them, but we did not give their location any attention as we considered it a matter of no importance) others may be found In all, some four or five excavations were made, but no ore of any description was found, and at last Mr. Stuckler gave up his search in disgust. This disgust was no doubt hurried by the fact that Mr. Stuckler and several of his workmen came near being smothered in one of the holes by gas which emanated from the earth. The fact that caves or excavations had been made there had almost passed from Lyle's memory, but the recent newspaper articles on the subject revived his knowledge of the matter, which, we are inclined to believe, is a pity for who would not rather believe that the cave in question was the home of a noble

Chester County Tobacco.

Mr. J. B. Talbot, of Honeybrook, a brother of out townsmen, D. Smith and C. Wesley Talbot, esqs., a noted tobacco grower in the northern border of the county, says that, in his experience, the tobacco will not injure the land any more than corn or oats, and that the second year's crop is invariably better than the first, provided the ground is properly manured. Mr. Talbot further states that the tobacco outlook is brighter than ever, and that many new growers will take part in the coming harvest. He says stamp to Mrs. Lydia E. They range in price from 10 to 50 cents per

An idea may be formed of Mr. Talbot's success in raising the weed from the fact that he raised five tons off 41 acres, and sold the entire lot last week in Lancaster city at 23, 7 and 3 cents per pound, or an average of 191 cents. William Given, a noted tobacco raiser in Talbot's neigborhood, has sold his crop of five tons to Mr. Moran, a Lancaster county dealer, at an average of 18 cents a pound. John Ranck, of Honeybrook, another tobacco enthusiast, will this year put in four and a Honeybrookers keep on in this way they will soon acquire a wide reputation and we expect shortly to hear of a eigar of the Honeybrook brand.
