#### Tobacco. The New York Market.

U. S. Tobacco Journal. In old goods, among which we may now properly place '79 tobaccos, a quiet though extensive business was done. Out-of-town buyers, fearful lest they be left without an assortment of good wrappers before the '80 is fit to use, hastened to secure everything in the way of profitable lots of wrappers. By reason thereof prices are once more on the increase. This laying in of stock had the effect of setting affoat rumors of many, sales of '80 tobacco, and if all them prove true, an unprecendentedly early market opening of new stock has taken place. The positively known transactions in '80 tobaccos were 1,100 cases of Pennsylvania and 300 cases of Connecticut. Though we have serious reason to doubt the veracity of the spreaders of the reports, other transactions in '80 stock thus early in the season would be nothing surprising. The fear that a great portion of the '80 tobacco might turn out poorly has hastened the sale of '79 tobaccos. In fact, no such prices as are quoted now would rule for '79 Pennsylvania if this fear had not taken a firm root among manufacturers and jobbers. It is this fear which makes them examine closely all of the '80 stock in the hands of reputable parties, and rapid sales of many choice packings will no doubt be reported soon. How far people are justified in allowing this fear to govern their operations, the near future will tell. We would advise our readers to inspect in person all of the '80 crops before investing in any special one, be it Ohio, Wisconsin, Connecticut, Pennsylvania or state. The representations made by parties regarding this or that crop may be intended to be honest; but it can't be supposed that parties who have what is termed a "sticker" will make special efforts to impart the intelligence to an unappreciative public. Pennsylvania-Crop '80: 1010 cases, p

"Cheese It." At a recent meeting of the Laucaster, Pa., agricultural society, the question was argued at length whether the manufacture of butter and cheese could be carrisd on successfully on a farm where the raising of tobacco forms a prominent feature. Whatever may be the opinion of interested parties we, for ourselves, em-phatically say yes. The farmer who in Lancaster county can raise and sell tobacco can successfully combine with it the manufacture of cheese-because a great many of the tobacco buyers there don't

Improvement is noticeable in the manipulation of cigar leaf; a goodly number of Western buyers are on the market anxious to pick up desirable old leaf, therefore such stock is held by holders firmly in price; buyers must recollect that old stock is fast going into the hands of consumers, and cannot be duplicated. Nearly all classes of leaf show increased sales; hence, upon the whole, this branch of trade may be considered improved and

"It is Curing Everybody," writes a druggist, "Kidney-Wort is the most popular medicine we sell." It should be by right, for no other medicine has such specific action on the liver, bowels and kidneys. 11 you have those symptoms which indicate bil-iousness or deranged kidneys do not fail to procure it and use faithfully. In liquid or dry form it is sold by all druggists.—Sall Lake City Tribune.

Despised.

By the unthinking, Burdock has been considered a weed, and its luxuriant growth, unpleasant smell, etc., has rendered it, to those "not knowing its virtues," a nuisance, and yet the root has long been acknowledged by savants as most invaluable as a diuretic, aperient and blood purifier. Burdock Blood Bitters embody all its good qualities. Price \$1, trial size 10 cents. For sale at H. B. Cochran's Drug Store, 137 North Queen street.

Great Merit. All the fairs give the first premiums and special awards of great merit to Hop Bitters, as the purest and best family medicine, and we most heartily approve of the awards for we know they deserve it. They are now on exhibition at the State Fairs, and we advise all to test them. See another column. al5-2wd&w

A Pertinent Question. Whether it is better when you have met with an accident—"cut, burned, scalded, or bruised yourself," to send for a bottle of "Thomas' Eclectric Oil," or to use some unknown remedy and be laid up for a month, and lose your time, and have a doctor's bill to pay in the bargain. For sale at H. B. Cochran's Drug Store, 137 North Queen street.

"I felt as if I could have kicked myself," was the remark a newspaper man made after read-ing a facetious article in the paper when he found it was "only" a local calling public at-tention to Thomas' Eclectric Oil. He did not say so after using it for a sprain and disloca-tion, and discovering its great value. For sale at H. B. Cochran's Drug Store, 137 North Queen street.

# LINENS!

We have received new linens from Belfast, Barnaley, Duntermline, Lisle, Brussels, Ghent, Silesia, Bohemia. We have ransacked all Europe for linens, and have a variety of both fabric and finish that could not be gathered in the American market. The goods are fresh, too. That's important; for linens. bought in New York may be several years old, and you know starched linens do not improve by age. The dressings used by the manufacturers is not so destructive as starch; but it does injure the fabric in time. We have another advantage in prices. We gain the importer's profit.

The result is we get the best linens in the world, in the best possible condition, and for the least money anybody can get them for. We can give you the importers' profit, and still have enough left.

Now it is proper for to consider that somebody else may be doing the same thing, and afford the very same advantages. So, if you please, whatever you wish to buy get samples of it from us and from others, and compare.

Or buy our goods, if you like; and if you can 'do as well elsewhere, bring ours back. This is rather a brave challenge; for, you know nobody wants
