

Lancaster Intelligencer.

WEDNESDAY EVENING, APRIL 20, 1881.

TWO PICTURES.

Two lovers by a moss-grown spring: They leaned soft cheeks together there, Mingled the dark and sunny hair, And heard the wailing thrushes sing.

Two parents by the evening fire: The red light fell about their knees, On heads that rose by slow degrees Like buds upon the lily spike.

Two lovers on a swinging gate: They heard the hinges creak and strain, Told how soon they would meet again, And heard the village clock strike eight.

Two parents by the evening fire: The old man got his box-toed boot, And made young Mabel's lover court, And eases her unrelenting smart.

An Interesting Adventure with Bears. Some days since a farmer's wife in Grayson county, Va. (whose name we have not obtained) was trying meat for dinner at her house situated near a mountain range in a rather wild and sequestered place, her husband at the time being engaged at work at some distance from the house.

Health vs. Death. Health regained and happiness retained under the OMNIPATHIC TREATMENT OF DR. GREENE.

Thousands of old long-standing diseases have been cured for \$1, even when the patient had previously spent large sums of money without any advantage.
