LANCASTER DAILY INTELLIGENCER, THURSDAY, MAY 5, 1881.

These fences are, so far as we see and learn, gaining in popularity. The objec-tion to them at first raised, of their being liable to injure cattle, is practically with out foundation. The spikes or barbs are too short to do any real harm. At the worst they could do nothing more than

HOARSENESS, ASTHMA, BRONCHITIS, WHOOPING COUGH, PAIN IN THE SIDE OR BREAST, And all Diseases of the THROAT AND LUNGS.

the importers' profit, and still have enough left.

Now it is proper for to consider that somebody else may be doing the same thing, and afford the very same advantages. So, if you please, whatever you wish to buy get samples of it from us and from others, and compare.
