THE FIREMEN.

Election of a Chief and Assistant Engineers. Last evening the convention of fire presidents and members of the councils committee on fire engine and hose companies met in common council chamber for the purpose of electing a chief engineer of the fire department to fill the unexpired term of Mr. Fordney, resigned, as provided by city ordinance. The following members were present: Messrs. Doerr, Everts, Huber, Judith and Cox, chairman, of the fire committee, and Messrs. Jacob Gable, Slaymaker, John S. Gable, Hart-man, Barr, W. M. Franklin and Howell, representing respectively the Sun, Union, Friendship, Washington, American, Humane and Empire companies. Mr. Geo. M. Franklin, who is a member of the fire committee and also president of the Shiffler fire company, was the only member not president. The attendance of outsiders was small.

Mr. Cox occupied the chair and Mr. Howell was chosen secretary. Mr. Howell read from the minates of the firemen's union the action of that body in recommending Assistant Engineer Fred. Arnold, of the First district,

as Mr. Fordney's successor.

The chairman called for nominations, and Mr. Hartman nominated Frederick Arnold; Mr. Slaymaker nominated Jacob

Mr. Jacob Gable then presented and moved the passage of a resolution request-ing councils to amend the ordinance ap-propriating the public moneys of the city to the several departments thereof, now pending, so that the item providing for the fire companies be altered from \$400 to each company having a steamer and \$250 to the hook and ladder company to \$900 to each of the former and \$500 to the latter company; half of the proposed amount to be paid in August next and the other half on the 31st of May, 1882. [This proposed amendment would effect the object of the ordinance which was defeated at the meeting of councils last Wednesday providing for an increased appropriation to the fire companies.]

There was a slight informal discussion upon the measure, which was, however, adopted without dissent. Adjourned.

TAX EXONERATIONS.

The List Surprisingly Long. Yesterday A. K. Warfel, tax collector, filed in the county commissioner's office a list of persons exonerated from the payment of county tax for the year 1880. The list contains not less than 2,000 names, not a few of whom are heavy property owners, lawyers, doctors, merchants and other business men. The vast number of names on the list is well calculated to surprise anyone who is aware of the great care taken last fall by the several political committees, and indeed by almost every individual voter to have the taxes of every taxable paid. It is known that in a great many cases, both the Demo-cratic and Republican committees paid taxes for the same voters, and that the voters in turn paid their own taxes! It was confidently believed that there were not a dozen men in the city whose taxes were not paid either in 1879 or 1880, and yet the enormous number of 2,000 or more, appears on the collector's list of ex-

onerations for 1880.

In a brief interview had with Mr. Warfel he explained to a representative of the INTELLIGENCER, that many of the names on the annual registry lists of the assessors, are of persons dead or removed from the wards, and who, not being liable to taxation therein, must appear on the list of exonerations After the annual assessment made in the winter, there are two extra assessments made. The names on these lists are composed largely of per-May 24th, when the new opera house at pear on the lists of both wards. New York Sun,

Erring Brother Key is anxious to have it generally understood that he is nothing worse than a fool. The fact that the present proceedings against the star route conspirators imply a serious charge against his own management of the postofice, under Hayes, seems to have penetrated to his consciousness.

To a reporter who asked his opinion of the charges against Brady, Mr. Key said:

"I do not believe they are true. I think Gen. Brady was one of the ablest, best officers that ever presided over the contract bureau of the department." And then, having turned his mind back to the period when he was postmaster general and Brady his able and good assistant, Mr. Key added: "There is not word or figure in these charges that we did not have something of two years ago."
