STARTLING EFFECT OF CONKING'S WRATH.

The Story of the True Condition of the Capital That was Suppressed.

The following graphic account of startling events at Washington Monday, sent to the Cincinnati Gazette, seems to have been suppressed to this section, probably by Mr. Blaine.

But even dread of the earthquake gave way to an added anticipation of the hour. The cry spread that Conkling would surely stop the earth's turning.

The late government has taken the following steps, feeling authorized to do whatever tends to ameliorate the national sufferings which must follow in the train of the great disaster which has overtaken the nation.

A PROCLAMATION BY THE PRESIDENT. Whereas, in the time of great and general public prosperity never before exceeded in the history of the republic, Roscoe Conkling, a powerful citizen of the sovereign state of New York, has let go the hold upon the wheel which was steering the ship of state through these pleasant seas, and declares he will let her drift to destruction;

"Therefore, it is met that all good citizens, abandoning their usual procedure and labors, should assemble without delay in the camps, and all other public places where they have taken refuge from the impending catastrophe of nature, and supplicate this mighty Conkling that he will ally his anger and spare his children and allow the land to resume its prosperity."

The secretary of state has telegraphed to all ministers of the late government as follows: "You will at once inform the nations to which you are accredited that Roscoe Conkling of New York, has blotted out the American republic, and that he will in due time announce the kind of municipal government which it may see fit to establish."

The Handsomest Turnout in Florence: The most sensational turnout in Florence, belongs to Mr. Livingston, of New York, who drives a "twenty-in-hand." VIVE AMERICA!

**Brandy as a Medicine**  
The following article was voluntarily sent to  
Mr. H. E. Slaymaker, Agent for Reigart's Old  
Wine Store, by a prominent practicing physician  
of this county, who has extensively used the  
Brandy referred to in his regular practice. It  
is commended to the attention of those af-  
flicted with

**BRANDY AS A MEDICINE.**  
This now much abused Alcoholic Stimulant  
was never intended as a beverage, but to be  
used as a medicine in the cure of  
some of the most destructive diseases which  
sweep over our race.

**REIGART'S OLD BRANDY,**  
Sold by our enterprising young friend, H. E.  
SLAYMAKER, this Brandy has stood the  
test for years, and has never failed, as  
our experience extends, and we therefore  
give it the preference over all other Brandy  
preparations.

**REIGART'S OLD BRANDY,**  
In cases of Dyspepsia, we can name num-  
bers of witnesses—one case in particular we  
cite—  
A hard-working farmer had been afflicted  
with an exhaustive Dyspepsia for a number of  
years; his stomach would reject almost every  
kind of food; he had great eructations, and  
started his food, he was obliged to abstain  
from his diet, he was thin and his health  
was in a wretched state.

**REIGART'S OLD BRANDY,**  
He is a Methodist, and then, as now,  
remained firm in his religious convictions,  
and declined earnestly against all kinds of strong  
drinks.

**REIGART'S OLD BRANDY,**  
In his case, he had not up to that time  
been treated by any of the usual means, he  
was advised to use Reigart's Old Brandy,  
and after having tried it, he was cured.

**REIGART'S OLD BRANDY,**  
In the cases of some of his near acquaintances, he  
had just consented to follow Reigart's Old  
Wine Store, and used the same, and he  
was cured.

**REIGART'S OLD BRANDY,**  
The first bottle giving him an appetite, and before  
the second he was able to eat and drink,  
and a stomach capable of digesting anything which  
he could get, he has since had a little  
occasionally, and since he had his  
stomach, he has been very healthy.

**REIGART'S OLD BRANDY,**  
The doctor—A FAVORABLE PATIENT.
