Lancaster Intelligencer.

MONDAY EVENING, MAY 28, 1881.

THE NEW.

For the INTELLIGENCER. New is the robe of the teeming earth, The old, with the past, is gone, And soft, low winds breathe of joy and mirth Of time's most glorious dawn. And thick on the boughs of joyous trees

Bud brilliant sobings of green, And the living air, swift couriers from seas Whisper through this verdure screen. New is the cov'ring of carth's broad plain,

The beautiful hue is there; For nature, in giory, built her fane With costly adornments rare; And mountains and dales breathe

That float o'er the scene around: Tell naught of the time which droops and die

When warmth in fetters is bound New is the tinge of the golden morn; And rosy Aurora now Wakes in beauty, and quick to adorn,

Eright pencils the heaven's brow And the blue in the vault of space above Is softened with tender light, And the soul, with strange, divinest love, Sees beauties with fancy's sight.

New is the fall of the gentle rain, That, sinking to hidden cells, Freshens the rose and daisy again, In shadowy, humid della. And o'er dark clouds, a promise to clans,

In amber and green and gold. The mystical arch of Iris spans, And the heavens in peace entold. New is the breath of the eventide,

And zephers, floating low, Tell of the modest evening bride Rising in pure, virgin glow; And sweet, last beams of the dying sun Paint richly each hill and dale

With wealth from shores, where the water And sparkles of Pactolus sall.

The Tobacco Market.

Seed Leat and Havana for the Week Ending Saturday May 21. United States Tobacco Journal.

Six hundred cases of '78 Pennsylvania turned up suddenly in the market this week, and an enterprising city cigar manufacturer quickly made the lot his own. All old tobaccos of any value are being bought up almost as soon as offered, provided prices are not altogether out of all proportion.

There still exists uncertain feeling regarding the qualities of any of the '80 crops; and though manufacturers, as well as jobbers, are already eager to purchase the waver, lest they may, so to speak, jump on the wrong horse. We hold that the safest investment in an '80 crop is in one that is wrappery and will stand resweating. The prices paid for '80 crops by packers were reasonable, under prevailing circumstances. There is no possible reason why prices of leaf should go down. Such can only happen to tobacco that proves tender and bad in burning; on sound leaf a decline in prices cannot oc-cur. Therefore the risk in buying the latter now at a reasonable profit to the packer is quite imperceptible. The only sales of '80 tobacco reported in this market was one of 800 cases Connecticut, at 101 to 111 cents.

In 779 goods, we note sales of 650 cases Pennsylvanis mostly wrappers, 32 to 40 cents. Connecticut figured with sales of 200 cases, wrappers, at 21 to 27 cents. Several minor sales of Ohio and Wisconsin were reported, but particulars could not be ascertained. Havana-Remained active, with sales of about 700 bales, partly '79, partly '80.

Prices unchanged. Gans' Report. Sales of seed leaf tobacco reported by J S. Gans' Son & Co., tobacco brokers, No. 131 Water street, New York, for the week

ending May 23, 1881 : 200 cases 1879 Pennsylvania, 24 to 25 50 cases 1879 do, 35; 50 cases 1878 do, 8 to 9; 550 cases 1878 do, 15; 250 cases 1879 Connecticut, 18 to 20 : 700 cases 1880 do, seconds, 101 to 11; 150 cases 1879 Ohio, 7 to 10. Total 1,950 cases.

The Philadelphia Market A fair week's business is claimed by

dealers in cigar leaf; all say they could do more if they had stock. Desirable old leaf is in demand at full quotations, while Pennsie holds the first call at A No. 1 figures, and is difficult to obtain at the price offered. Most of the first-class houses are busy packing new leaf.

Rheumatic Diseases. These ailments follow from torpid liver and costive bowels; the skin, bowels and kidneys falling in their proper work, an aerid poison is formed in the blood, which is the occasion of these acute diseases. Kidney-Wort produces healthy action of all secretive organs, and throws off the rheumatic poison. Equally efficient in Liquid or Dry form.—Inter-Ocean.

Rub It In. Jacob Locckman, 274 Clinton Street, Buffalo N. Y., says be has been using Thomas' Eclectric Oil for rheumatism. He had such a lame back that he could do nothing; but one bottle entirely cured him. For sale at H. B. Coch-

ran's Drug Store, 137 North Queen street. How often persons have been annoyed by burrs clinging to their dress or clothing, and how seldom have they, when cleaning them, given it a thought that Burdock Root is the most valuable blood cleanser and purifier known, and is sold by every druggist under the name of Burdock Blood Bitters. Price \$1, trial size 10 cents. For sale at H. B. Cochran's Drug Store, 137 North Queen street.

Trouble Saved. It is a remarkable fact that Thomas' Eclectric Oil is as good for Internal as external use. For diseases of the lungs and throat, and for rheumatism, neuralgia, crick in the back, wounds and sores, it is the best known remedy, and much trouble is saved by having it always on hand. having gained an enviable local reputation, displacing all other preparations in the vicinity of discovery, is, on its merits alone, recognized as a wonderful remedy wherever known. A fair trial will convince the most skeptical of its curative powers. It effectually cleanses the nasal passages of catarrial virus, causing healthy secretions, allays inflammation and irritation, protects the membranal linings of the head from additional colds, completely heals the sores and restores the sense of taste and smell. Beneficial results are realized by a few applications. A thorough treatment as directed, will cure Catarria. As a household remedy for cold in the head it is unequalled. We have somewhere in the region of one hundred styles of business suits now ready to put on. A list of them would be the dullest of reading; and yet we want you to know substantially what they are like.

The lowest price is \$8.50, and the highest is \$20. They are all of wool. \$8.50 is very little to get all-wool cloths, sponging, cutting, trimming, making, watching, handling, rent, book-keeping, advertising and selling, out of; but we manage to do it by dividing the costs among so many of you that one hardly feels his share at all; he pays for materials and work, and very little more.
