OUR CITY AFFAIRS.
THE MAYOR'S ANNUAL MESSAGE.
SUBJECTS OF GENERAL IMPORTANCE.

Municipal Finance—Streets—Water—Lamps
To the Honorable the Select and Common Councils of the City of Lancaster:
GENTLEMEN:—By the provisions of the charter of the city of Lancaster it becomes my duty to communicate to you, as at the first stated meeting in June of each year, and often, if expedient, the condition of the city in relation to its government, finances and improvement, and of recommending the adoption of such measures as the business and interests of the city may require.

FINANCES.
The funded debt of the city bearing 6 per cent. interest is \$2,512,512 02. The funded debt of the water works bearing 6 per cent. interest is \$1,900,000 00. The funded debt of the gas works bearing 6 per cent. interest is \$200,000 00. Total, \$4,612,512 02.

Of which the Committee of Finance has recommended the following:—The sinking fund bonds bearing 6 per cent. interest, \$1,025,000 00. The funded debt of the water works, \$1,900,000 00. The funded debt of the gas works, \$200,000 00. Total, \$3,125,000 00.

Net amount of funded debt outstanding June 1, 1881, \$3,500,000 00. Net amount of funded debt outstanding June 1, 1880, \$3,500,000 00. Decrease in city debt for the year, \$0 00.

To those who do not wish closely to follow the current of our municipal events it may seem strange that while the actual debt of the city is cut down \$15,000 for the year the taxation for city purposes has increased two mills or from 7 to 9 cents on the \$100 valuation. For the solution of this anomaly the reader must recall the operations in the street department in the summer of 1879. It will be recollected that at that time there was work unnecessary in the street department, and that the work was done in a way that was not only unnecessary but also wasteful. The work was done in a way that was not only unnecessary but also wasteful.
