thus far voted for the return of the late distinguished senators. They were my choice, and my judgment at that time led me to give them my support. Without desiring to make any distinction between these two gentlemen, I regarded Mr. Conk-ling the ideal senator. I have, however,

just returned from my constituents and am convinced by such evidence as should satisfy any fair-minded person that nine-tenths of the Republicans there are op-posed to the return of the late senators. I have a duty to perform to the Republi-cans who sent me here, and that is to give voice to their sentiments, and I therefore vote for Mr. Cornell."
