The two-year-old son of Mr. Joe Clark, swallowed a pin yesterday afternoon, and considering that it is not removed, is getting along finely.

Mr. Hayes Grier has another new occupation. Every morning and afternoon he can be seen playing marbles with a number of children in the street in front of his office. A committee from Hampden fire com-

pany were in town to day, inspecting our town apparatus, with a view of purchasing a similar one.

A tongue fight between a number of women occurred on Mill street yesterday. A Mrs. Lively, one of the fighters, was arranged before Squire Frank, but was discharged.

In our last evening's correspondence we stated that " A. Bruner & Bro., lumber merchants of this place, had a number of oar blades and stems stolen." We omitted "which lay at Marietta."

The Rev. Richard C. Searing, pastor of St. Paul's church, intends, at the services at 10:30 on Sunday morning, giving a review of the proceedings of the convention of the diocese of Central Pennsylvania, which met in St. John's church, York, on Tuesday and Wednesday of this week,

The strawberry festival for the benefit of St. John's Lutheran church closes tonight. Last night our new town orchestra furnished the music. Their orchestra is under Prof. Keffer's instruction, and the way he is bringing those young men out is a caution. To-night the Citizens' band will be in attendance. So far the

festival has been a success.

While Mr. Harry Nolte, jr., was riding a horse to be shod, the animal became frightened and ran off. It had nothing ou except a halter, and of course could not be stopped. Noite hung on and let the horse go till it was played out, then dismounting made a bridle of the halter and took the horse to the blacksmith shop.

MAIL MATTER.

Lancaster and Other Penusylvania Cities Compared.

The United States postoffice department has published a series of tables showing the amount of mail matter and the number of pieces mailed in the several states, and also in one hundred of the principal cities of the Union. New York state and New York city hold first place of course, and Pennsylvania and Philadelphia second place. Of one hundred cities in the United States Lancaster holds forty-ninth place, and of the Pennsylvania cities Lancaster holds third place, Philadelphia and Pittsburgh being the only cities that outrank it. The total number of pieces mailed at Lancaster during the past year was 4,159,576; while Harrisburg, the state capital, had only 3,913,004 pieces. Allegheny, 2,647,-436 pieces; Erie, 3,555,968; Reading, 2,635,736; Scranton, 1,532,164 and Wilkesbarre, 1,505,968. The number of magazines and other periodicals mailed to subscribers and news agents in Pennsylvania cities is thus stated : Lancaster, 899,280; Allegheny, 1,104; Erie, none; Harrisburg, 250,800; Philadelphia, 5,634,312; Pittsburgh, 716,340; Reading, 2,352; Scranton, 36; Wilkesbarre, 8,160. Laucaster far outstrips all the cities in the state except Philadelphia, in the dissemation of magazine literature. The number of newspapers mailed to subscribers and news agents is thus stated: Lancaster, 2,129,348; Allegheny, 267,072; Altoona, 399,204; Erie, 905,216; Harrisburg, 1,258,192; Philadelphia, 27,616,940; Pittsburgh, 6 404,580; Reading, 1,158,820; Scranton, 429,260; Wilkesbarre, 501,488. Thus in the newspaper business Lancaster far outstrips all other cities in the state except Philadelphia and Pittsburgh, and in proportion to population we outrank both those cities. The average number of letters mailed by each person in Pennsylvania is stated as a little over 24. This is a greater number than is mailed by any other of the old states, except Connecticut (38), Massachusetts (38), New York (41), and Rhode Island (26 nearly). This is a pretty good literary showing for the "Pennsylvania Dutch," and especially for the "Lancaster county Dutch," as people of "cultchaw" are apt to call us.

Good Trotting. Yesterday the horses at the Speedwell farm of the Coleman estate, were speeded in the presence of a large crowd of spectators, including a number of gentlemen of this city. The track was not in good condition, it being s'ippery. The mare "Purity" made her mile in 2:241 and "Sham-" the stallion, came under the wire in 2:32, "Lady Orange" was not slow by any means and did good trotting. Her mile was made in 2:363. The gentlemen from this city who saw the horses speak very highly of them, and many say that, with a good track, the mare "Purity" can trot in 2:20. The horses are tried twice every week, on Tuesday and Friday.

· Tili Tappers. This afternoon Harry Conner, Duffy Myers and Christ Heiselman, three boys, were arrested at the Northern market for robbing the drawer in the market stand of Benjamin Ritter, of Owl Hill, near Lititz, of about \$9 in money. The accused were taken before Alderman Samson, and in default of bail were committed for a hearing on Tuesday next.

A man named Wm. Leaman, who is a printer by trade, was arrested this morning by Alderman McConomy. He was drunk and was begging money and pre-tending to be deaf and dumb. He was handed over to Officer Merringer, who locked him up.

Sent Out. Last evening Emma Archey, a colored damsel from Middle street, who often gets drunk, was sent to jail by Alderman A. F. Donnelly for the period of ten days.

New and Mandsome Wagons Norbeck & Miley, the well-known car-riage builders at Duke and Vine streets, ave just turned out several wagons which are deserving of notice. The first one is a three spring wagon which was built for C. C. Ammon, baker, of Ephrata. The sides of the wagon are painted in scarlet with letters and scrolling in gold. In the middle of either side there is a very good picture of a bakery in full operation, with large oven and bakers. The centre panel is painted in lilac and the lower in chocolate. The running gears are painted scarlet, tinted with black and straw colors. The wagon makes a very handsome appearance and it can be used for one or two horses. This firm has just turned out another handsome wagon for W. L Mycrs, proprietor of the Wheatland mills on the Strasburg turnpike. This is a heavy platform wagon which can be used for two or four horses and is capable of carrying 15 or 20 barrels of flour. The body is painted green, with gold letters, shaded in light and dark blue and maroon. The running gears of the vehicle are of straw color and are striped with dark maroon and blue. It is a very strongbeck, who has acquired an excellent reputation in his art. He made the picture on the baker's wagon, after having visited a baker, from memory, This firm is now doing a great deal of work for parties in Virginia, Maryland, New Jersey, Ohio and counties adjoining Lancaster. They are constructing a double scated phaeton with extension top, for Mr. Paul Reeves of the Phoenix Iron company, and a light buggy for Mr. J. H. Forney, a well known commission mer-chant of Baltimore. The motto of the firm is that "Our Works Sustains our Word" and persons who deal with them know it to be right.

Quinine and Arsenic Form the basis of many of the Ague remedies in the market, and are the last resort of physicians and people who know no better medicine to employ, for this distressing complaint. Ayer's Ague Cure is a vege table discovery, containing neither quinine, arsenic, nor any deleterious ingredient, and is an intallible and rapid cure for every form of Fever and Ague. Its effects are permanent and certain, and no injury can result from its use. Besides being a positive cure for Fever and Ague in all its forms, it is also a superior remedy for Liver Complaints.
