The New Trespass Law.

Germantown Telegraph. The following act passed the Legislature on the 6th inst., in regard to trespassing upon farms, gardens, &c., and being signed by the governor is now a law. It supersedes other imperfect laws upon the subject. It will doubtless meet the approval of every owner of property and every good citizen, whether he is a prop-erty-holder or not. And now that its provisions are in full accord with public entiment, we recommend every person suffering from trespassers, which is one of the greatest nuisances and evils to which property-owners are subjected, to execute the laws against all who wilfully trespass upon their premises for improper pur-poses. The following are the provisions

SECTION 1. That any person or persons who shall wilfully enter or break down, through or over any field, orchard, garden or yard fence, hot-bed or greenhouse, or who shall wrongfully club, stone, cut, break, bark or otherwise mutilate or damage any field, crop, nut, fruit or ornamental tree, shrub, bush, plant or vine trellis, arbor, hot-bed, hot or greenhouse, or who shall trample or in anywise injure any grain, grass, vines, vegetables, or other growing crop, or who shall wilfully take or carry away any grain, corn, rye, wheat, or other field crop, fruit, vegetables, plants, fruit or ornamental trees, vines or shrubs, whether the same be attached to the soil or not, shall subject said person or persons to a penalty of not less than five nor more than fifty dollars for each and

SEC. 2.-Any justice of the peace or alderman, upon information or complaint made to him by the affidavit of one or more persons of the violation of said act by any person or persons, shall issue his warrant, directed to any constable or police officer, to cause such person or persons to be ar-rested and brought before said justice or alderman, who shall hear and determine the guilt or innocence of such person or persons so charged, and if convicted of said offence or offences shall be sentenced to pay the said penalty aforesaid attached to said violations, with costs, one-half to go to the party or parties injured to pay for damages sustained, and the remain-ing one half to the school fund of the district in which said offere) was committed. Provided. That the defendant or defendants on refusing to pay at once said penalty, shall be committed to the common jail of the said county for a period of not less than one day for each dollar of penalty imposed, unless the defendant or defendants enter into a recognizance with good security to answer said complaint on a charge of misdemeanor before the quarter sessions of the peace of the county in which the offence is committed, which court, on conviction of the offence so charged and failure to pay the penalty imposed by this act with costs, shall commit said defendant or defendants to the common jail of the county for a period not less than one day for each dollar of penalty Sec. 3.-All acts or parts of acts here

tofore passed and inconsistent herewith are hereby repealed. This is plain and to the point, and is

precisely what has long been needed. Farmers, gardeners, nurserymen owners of property generally, have never had that protection in the security and enjoyment of their property that they had a just right to demand, and which has always been conceded to and provided for the owners of other property.

Recuperating Old Orchards. Several modes are recommended how this can be successfully done; but we do not see how it can be more effectually done than by the one we have frequently commended. This is to cut out all the dying wood, and three-fourths of the suckers, scrape the trunks of the trees completely, removing all the old, hard, broken bark; wash with a preparation of whaleoil soap and water, a pound of the soap to a bucket of water; and give the orchard, not merely under the trees, but every part of it, a heavy top-dressing of good barn-yard or compost manure. If there is any

life or productiveness in the trees this will

bring it out. The suggestion that the trunks of the trees should be shorn of all the boughs and allowed to sucker, and some of these when large enough grafted, will prove a failure. The grafting of the ordinary sucker growing from the trunks of old trees can rarely be done with success. We tried this several times and the grafts all died at the end of the second or third year. Far better to graft the old trees whenever there is any smooth-barked wood near enough to a main bough. They will will not only grow, but in most cases fruit the second year and always the third year. We have now growing on suckers from the main bough grafts of the Chancellor pear set more than thirty years ago, and those that have not died have yet to fruit the first specimen!

Sheep Barking Fruit Trees. Germantown Telegraph

Under certain circumstances sheep will gnaw the bark of young fruit trees, and not unfrequently destroy them, and always injure them, sometimes to a serious extent This action on the part of sheep is induced from thirst, for although sheep require very little water, and seldom drink any when the pasture is wet, yet when this is not the case they require water, as do other animals. To prevent them from disturbing the trees, it is found that a wash, made after the following directions, will prove an efficient remedy: Dissolve a pound of whale oil soap in six gallons of water, and into this stir a quantity of sheep manure until about the consistency of common whitewash, and apply this to the trees for some four or five feet from the ground. Sheep will not even rub themselves against trees thus treated, much less gnaw them. The wash must be repeated every six to eight weeks, especially if there is much rain to carry it off. Besides protecting the trees, there is nothing better to drive away injurious insects, smooth the bark and fertilize the soil around the trunk.

Doctors Gave Him Up. "Is it possible that Mr. Godfrey is up and at work, and cured by so simple a remedy?" "I assure you it is true that he is entirely cured, and with nothing but Hop Bitters and only ten days ago his doctors gave him up and "Well-a-day!" If that is so, I will go this minute and get some for my poor George. I know hops are good." jul5-2wd&w

A Baptist Minister's Experience. A Baptist Minister's Experience.

I am a Laptist minister, and before I even thought of being a clergyman, I graduated in medicine, but left a lucrative practice for my present, 49 years ago. I was for many years a sufferer from quinsy: "Thomas' Eclectric Oil cured me." I was also troubled with hoarseness, and Thomas' Eclectric Oil always relieved me. My wite and child had diphtheria, and "Thomas' Eclectric Oil cured them," and if taken in time it will cure seven times out of ten. I am confident it is a cure for the most obstinate cold or cough, and if any one will take a small teaspoon and half fill it with the Oil, and then place the end of the spoon in one nostril and draw the Oil out of the spoon into id draw the Oil out of the spoon into the head by sniffing as hard as they can, until the Oil falls over into the throat, and practice that twice a week. I don't care how offensive that twice a week, I don't care how offensive their head may be, it will clean it out and cure their catarrh. For deafness and carache it has done wonders to my certain knowledge. It is the only medicine dubbed patent medicine that I have ever felt like recommending, and I am very anxious to see it in every place, for I tell you that I would not be without it in my house for any consideration. I am now suifering with a pain like rheumatism in my right limb, and nothing relieves me like Thomas' Eelectric Oil.

Mrs. Lydia E. Pinkham, OF LYNN, MASS.,

Her Vegetable Compound the Savior of Her Sex.

Health, Hope and Happiness Restored by the use of LYDIA E. PINKHAM'S

Vegetable Compound, The Positive Cure For

All Female Complaints.

This preparation, as its name signifies, consists of Vegetable Properties that are harmless to the most delicate invalid. Upon one trial the merits of this compound will be recognized as relief is immediate; and when its use is continued, in ninety-nine cases in a hundred, a permanent cure is effected, as thousands will testify. On account of its proven merits, it is to-day recommended and prescribed by the best physicians in the country.

It will cure entirely the worst form of failing of the uterus, Leucorrhœa, irregular and painful Menstruation, all Ovarian Troubles, Inflammation and Ulceration, Floodings, all Displacements and the consequent spinal weakness, and is especially adapted to the Change of Lite.

ness, and is especially adapted to the Change of Lite.

In fact it has proved to be the greatest and best remedy that has ever been discovered. It permeates every portion of the system, and gives new life and vigor. It removes faintness, flatulency, destroys all craving for stimulants, and relieves weakness of the stomach.

It cures Bloating, Headaches, Nervous Prostration, General Debliity, Sleeplessness, Depression and Indigestion. That feeling of bearing down, causing pain, weight and backache, is always permanently cured by its use. It will at all times, and under all circumstances, act in harmony with the law that governs the female system. female system.

For Kidney comptaints of either sex this
Compound is unsurpassed.

I vdia E. Pinkham's Vegetable Compound styring 15. I like and 235 Western Avenue Lynn, Mass. Price \$1. Six bottles for \$5. EYES!

This morning a trio of patients, from Reading, Philadelphia and Edgewood, Bucks county, each related their unfortunate experiences under the treatment of their eyes by the Oculists, Drs. Norris, Levis and Strawbridge, of Philadelphia, and their decided improvement under my practice. One of them came to me totally blind; the second nearly blind, and the third with almost constant neuralgia in and around the eyes, with impaired vision. A fourth patient, Miss Lizzie Brubaker, of Lititz, said: "My dyspepsia and other afflictions of long standing left me in a short time atter going under your charge, and my glasses, worn since I was fourteen years of age, were laid aside as uscless, and my vision is natural." No Oculist in this country or Europe can produce such results without they alscover my remedies and applications, or similar ones. Persons wearing Glasses for far and near sightedness or other diseases of this organ can usually have them removed inside of two monthsand the vigor of their eyes restored to its normal condition. Names of persons cured of Astigmatism given upon application, a diseased condition of the eyes that no oculist ever pretends to cure. Also Cataract cured by absorption without using the knite. Send for or call and get (free) four pamphiets. One on cures of diseased eyes; one on catarrh; one on omnipathy, and the last containing a large number of names of persons cured of every variety of disease.

MEDICAL. REIGART'S OLD WINE STORE.

Brandy as a Medicine. The following article was voluntarily sent to Mr. H. E. Slaymaker, Agent for Reigart's Old Wine Store, by a prominent practising physi-cian of this county, who has extensively used the Brandy referred to in his regular practice. It is commended to the attention of those af-

Indigestion and Dyspepsia.

BRANDY AS A MEDICINE. This now much abused Alcoholic Stimulant was never intended as a beverage, but to be used as a medicine of great potency in the cure of some of the destructive diseases which sweep away their annual thousands of victims. With a purely philanthropic motive we present to the favorable notice of invalids—especially those afflicted with that miserable disease Dyspepsia, a specific remedy, which is nothing more or less than

Brandy. The aged, with feeble appetite and more or less debility, will find this simple medicine, when used properly, A Sovereign Remedy or all their ills and aches. Be it, however strictly understood that we prescribe and use but one article, and that is

REIGART'S OLD BRANDY, Sold by our enterprising young friend, II E. SLAYMAKER. This Brandy has stood the test for years, and has never failed, as far as our experience extends, and we therefore give it the preference over all other Brandies no matter with how many jaw-breaking French titles they are branded. One-fourth of the money that is yearly thrown away on various impotent dyspepsia specifies would suffice to buy all the Brandy to cure any such case or ases. In proof of the curative powers of

Reigart's Old Brandy, In cases of Dyspepsia, we can summon numbers of witnesses—one case in particular we

In cases of Dyspepsia, we can summon numbers of witnesses—one case in particular we cite:—

A hard-working farmer had been afficted with an exhaustive Dyspepsia for a number of years; his stomach would reject almost every kind of food; he had sour eructations constantly—uo appetite—in fact, he was obliged to restrict his diet to crackers and stale bread, and as a beverage he used McGrann's Root Beer. He is a Methodist, and then, as now, preached at times, and in his discourses often declaimed earnestly against all kinds of strong drink. When advised to try

Reigart's Old Brandy, In his case, he looked up with astonishment, but after hearing of its wonderful effects in the cases of some of his near acquaintances, he at last consented to follow our advice. He used the Brandy faithfully and-steadily; the first bottle giving him an appetite, and before the second was taken he was a sound man, with a stomach capable of digesting anything which hechose to cat. He still keeps it and uses a little occasionally; and since he has this medicine he has been of very little pecuniary benefit to the doctor.—A Prayrishes Physician.
