There is some talk of a German doctor who is in town, opening a hospital in Mr. Detwiler's houses on Chestnut street. Further than this we can learn nothing reliable.

Mr. Charles Shillow, who leaves to-day for Europe, gave a farewell supper to a number of his friends last evening. The band were in attendance and seemed to be enjoying themselves. The festivities were kept up till a late hour.

HORSE AND BUGGY STOLEN.

Liberal Rewards Offered.

As will be seen by an advertisemen elsewhere, Mr. Valentine Gardner, of the Buck, this county, offers a reward of \$20 for the recovery of a buggy which was last evening stolen from his carriage house. Mr. Gardner had only procured the buggy in this city yesterday, and a full descrip-tion of it appears in the advertisement. The thief or thieves took also a shawl, check-rein and two collars, and other plunder which they had doubtless intended to take with them, but subsequently aban doned, was found lying in the road near

by. Since the above was written we learn that a horse belonging to Jason Bolten, residing near Liberty Square, was also stolen, supposed by the same parties. A team was seen this morning about a quarter of a mile west of Quarryville, on the state road, going in the direction of Christiana. The buggy answers the description of Mr. Gardner's Mr. Bolton belongs to the Drumore vigilaut company for the detection of thieves, and they have parties scouring the country. The horse is a bay, 8 or 10 years old, light-limbed, a good traveler, spavined in the right hind leg and white mark on back of hind leg. A reward of \$20 is offered for the recovery of the horse.

THE SHIFFLER FAIR.

"Empire " sight-Larie Attendance-Ar-

Last night there was again a large at-tendance at the Shifter fair. The Empire hook and ladder company visited the fair in a body, with the City cornet band at the head of the line. They turned out in force and made a fine appearance. The articles chanced off at the fair were a pair of vases, won by Elmer McMinu ; a large album, won by Mr. Doebler; a piece of fine cloth, won by K. A. Doyle. To-night the Washington fire company will attend in a body, being escorted by the Keystone band. To morrow night will be Shiffler night when the Shiffler boys will no doubt strive to excel all the other companies both in number and liberality.

the bridge will not have to be disturbed. Similar pipes should be laid across the new Shippen street bridge.

Lancaster Graduate at Emmilisburg. Among the graduates at Mt. St. Mary's college, Emmitteburg, Md., yesterday, was John E. Malone, son of R. A. Malone, of this city, the subject of whose oration was "Ireland During the Last

Eighty Years." Mr. Malone's career at this institution has been one of distinction and his graduation is accompanied by the hearty congratulations of hosts of friends hereabouts.

At the alumni reunion held in connection with the commencement exercises, the Baltimore papers note the presence of R. J. Malone, S. W. Altick and Richard M.

Reilly, of this city. Mariotta News.

At the St. John house last evening, a Baltimore cigarmaker flourished a revolver and threatened to fill every-body full of holes. The bar keeper applied a few beer glasses at his head and ribs, which had the offect of shooting himself. Christ Plumb and John McElroy had a

dispute about a boat, after a few sharp words they amused themselves by clubbing each other. The Archery club tried their skill last

evening. Any one of them can hit a barn door at a distance of ten feet.

Assault and Battery.

On Tuesday night as Leonard Kissinger and John Carr were escorting to their homes two young ladies who had attended the Shifller fair, they were assaulted on the street by David Bowman and Charles Martin. Kissinger was so badly hurt that he was unable to work yesterday. Complaint was entered against Bowman and Martin and they will have a hearing before Alderman McConomy on Saturday evening.

Opening Hop.

The opening hop of the season at Ephrata Mountain Springs hetel took place last evening and was a very pleasnt affair, albeit the tragedy that took place on the grounds yesterday morning rendered the attendance smaller than it otherwise woule have been. About fifty couple were present. The music for the occasion was furnished by Taylor's orchestra of this city.

Lancaster Microscopes in Reading. At the microscopical entertaintment gratuitously provided by the Read-Academy of Natural Sciences, ing in that city, last evening, John W. Sidle & Co., of Lancaster, had on exhibition seven microscopes, constituting the largest display, and including the "Acme," a microscope having a wide reputation.

necessary to pay for the laying of the pavement and the construction of the sewer, and that the entire issue had been negotiated without provision therefor by act of Assembly. Consequently the councils refused payment of the interest. Legal proceedings were begun in 1876 to compel the payment of the interest, and Judge Elwell of the Columbia county court decided that the city must pay it, which decision was affirmed by the supreme court on an appeal to that tribunal. The matter hung in litigation until the the organization of the present council, when C. Laruo Munson, of the lower branch, introduced an ordinance, which became a law, providing for the issue of 10-20 bonds, with interest at 4 per cent. and subject to the state tax of 4 mills, in lien

to issue in lieu of the unpaid interest. Vice President Gest, of the Fidelity trust company, which corporation is custodian of about \$250,000 of the bonds in default, stated that, as he understood the ordinance, if any one bondholder withheld his assent the bill fell, and unless some proposition was made which would meet the matter he did not see how an adjustment could be made. He suggested that it would be better to issue

a bond at 4 per cent., clear of taxes, as Philadelphia does, and let the back interest be paid in cash. The committee promised to present the matter to coun-
