One of the finest buntings we know of peet little at such a price. A large double Gi it had a border, it would be a nun's veiling), which we have sold up to within a week at \$1, is now 60 cents. How it got to 60 cents is one of the curiosities of the trade. It is made, right here in Philadelphia, of the finest foreign wool; we buy of the maker; and sell at a profit; 44inch, at 60 cents.

A PROPHET IS NOT WITHOUT SUNDAY EVENING, JULY 3, 1881.

True and yet like most truisms it has its exceptions. The most striking illustration of this is found in the reputation acquired by Mishler's Herb Bitters during the twentyfive years it has been before the people. Growing from small beginnings as simply a local remedy, it has steadily worked its way to the foremost rank among the standard

medical preparations of the age ; yet nowhere is it more highly regarded than right here at nome, in the scenes of its earliest victories over disease. You can scarcely find a man woman or child in Lancaster county, who, at some time or other, has not used it, and the testimony of all is given in its praise. The farmer, the mechanic, laboring men and women, the merchant, the clergyman, the banker, the lawyer; people in every walk and condi-

tion of life are all alike familiar with its

bination of medicinal herbs Lever saw." The Hon, A. L. Hayes, Law Judge of the Courts of Lancaster county, willes: "I have used it myself and in my family and am satis fied that its reputation is not unmerited."

Hon, George Sanderson, Mayor of Lancas ter city for 10 years, writes: "It has become familiar as a household word, and a necessary addition to the medical requirements of every family. In my op alon it is THE BEST REM-EDY EVER IN EMODUCED."

The proprietors have in their possession thousands of letters and certificates from persons in every section of the country who have been cured of various Diseases, and it is their proud boast that they have never published a line that was not genuine, nor a name that was not authorized. Some of these read like miracles, but the facts are indisputable. One of the most remarkable is the case of Isaac Saltzer, of Mayerstown, Lebanon county, Pa., cured of Hereditary Scrotula, aggravated by a pork diet. We have two large jars of scales which he saved and brought to us as a curios ity. He has not two square inches on his en tire body that is not marked with a sear, yet Mishler's Herb Bitters cured him.

To-day it is sold by druggists and country storekeepers in almost every town, village and namlet throughout the length and breadth of this great country, and everywhere the same verilict is recorded.

Thousands of families far removed from physicians rely upon it in every emergency and it never fails them; with it in the house they feel, yes they know, they are safe again-t the attacks of disease. It has carned, it posesses and will continue to deserve the confidence of the people.

A preparation thus approved alike by the most prominent officials and the great mass of the community must posses merit. In fact
