Final arrangements have been completed for the picnic of the E. E. Lutheran Sunday school at Lititz on Thursday. The first and regular train will leave the Reading depot at 7:55. The St. John's church hold theirs on the same day, but they go

to Silver Springs.
The Mechanics' band, of Marietta, in their new and handsome uniforms was in town on Saturday evening serenading several of our citizens. Their playing is really excellent.

On account of the pleasant weather, the services in all our churches, both in the morning and evening, were very largely attended yesterday.

Owing to the small pox at Wilkesbarre the encampment of the National Guard there is postponed from Aug 2 to 16. It will continue for a week and the men will be paid for five days. The United Brethren had a "dipping" at 8 a. m. yesterday at the Perry street

wharf, and the A. M. E. church had another at the same place at 9 a, m. A large number of people were prescut. The Henry Clay furnace was connected this morning with the Columbia telephone exchange. This makes thirty different connections, nearly as many as the York exchange has, and ours has only been run-

n'ng about six months. Mr. Charles Stow, ex manager of the Erie Observer and the Girard Cosmopolite. and now general agent for the Sells Brothe's' Millionaire Confederation of Stupendous Railroad Shows, was in town on Sat 9. Mr. Stow is well known and popular

in these parts. While Mr. Andy Reese was working in his stable, his horse broke the halter and ran off. At the corner of Second and Locust streets he fell and cut several ugly gashes in his right side. The horse was captured and taken back to the stable. Mr. George Mason, clerk in the Penn-sylvania warehouse, lost a watch chain

charm with a cornelian stone in it. It was a present from his deeased father, and fer this reason the value is very great. On Saturday afternoon a fist fight took place on Cherry street between two drunken men, who after beating each other unmercifully, until they could hardly stand,

were parted by their friends. One of the large engines No. 184, made at the Altoona manufatures, passed through here last evening, en route for the New York division. The driving wheels measured 6 feet 81 inches in

railroad, who has been sick for the past buried to-morrow at 2 p. m.

Another fight occurred on Saturday evening at the St. Charles furnace between Mike Hendricks and Daniel Tuey. They got into a dispute about some ore, which ended in a tigh. Tuey was thrown vio lently to the ground and had one of his arms broken. Both men were badly bruised about the face.

The installation services in the E. F. Lutheran church yesterday by Revs. Conrad and Hay, D. D.'s, were very interesting and highly appreciated by the large congregation present. The floral decorations were many and very elaborate, while the really excellent choir of the church fairly surpassed all previous efforts. The day will be long remembered by the Luth eran congregation.

In Harrisburg, on Friday evening, as two town gentlemen and three ladies from Columbia, Misses Mame Noleu, Mame Hogentogler and Miss Skein, were going down Second street in a carriage, the hind wheel was wrenched off, throwing the carriage on one side. Miss Nolen, in her fright, leaped entirely over the wheel, jumping a distance of at least five feet. Miss Hogentogler, in her attempt to clear herself from the wreck, was caught and slightly bruised, while Miss Skein had the presence of mind to crawl out the back

window.

Mr. and Mrs. Robert Fry returned to their home in Altoona yesterday; Mr. J. Bucher Hummel, of Harrisburg, is the guest of Mr. W. II. Fendrich; Mr. Thes. Hamaker left town this morning on a visit to friends in Harrisburg; Mr. Joe F. McFadden, of Philadelphia, is home spending part of his summer vacation with his parents; Mr. Lincoln Cormany, of Lebanon, who just graduated from the naval academy at Annapolis with honor, is the guest of his aunt, Mrs. General Welsh. He is waiting to be ordered for a two years' cruise around the world, when he will go as second lieutenant. His brother Samuel Cormany is also the guest of Mrs. Welsh.

A Festival and a Fight. A festival in Sadsburyville, for the benefit of the new band, was ended on Saturday night. During the last evening Chas. Williams, a young man, renewed an old grudge that existed between him and a couple of sons of a Mr. Tinney. During the altercation he fired his revolver at one of the Tinneys and shot a young man named Wm. Brogan in the leg. Williams was most severely beaten, being rendered unrecognizable with mud and blood. Dr. Dickinson was upon the ground and attending young Brogan, but at last accounts had not removed the ball. The wound is not dangerous though very painful. Nothing at this time has been done with any of the parties. With the above exception the festival was a brilliant success

Improving the Schools.

Since the commencement of the vacation of the public schools the committee on school houses and grounds have been hard at preparing for the fall term which commences early in September. The fronts of the new Lemon street and James street school grounds have been en-closed with substantial iron fences, and the rear with board fences. The grounds have been filled up to the proper grade and the walks of the Lomon street schools have been paved with brick, and additional outhouses have been provided. New desks have been put in some of the old school buildings and all of them have been scrubbed, whitewashed and and otherwise renovated. The committee are determined to have the schools in the best possible order by the time school commences.

Pruning and Cleaning. For a week or two past a number of workmen, under direction of the directors and sexton of Lancaster cemetery, have een busily engaged in pruning the trees, thinning out the shrubbery and cleaning season, while all the rest of us have been sick to much and the destors running to the walks, and in other ways beautifying the cemetery. All the lower and drooping limbs of the larger trees have been lopped away so that a person standing in almost any part of the cemetery has a clear view of monuments and tombs in almost any part of the grounds. The pruning of trees adds greatly to the

stoying the shade.

Mr. and Mrs. Newton King, of Baltinore, have been visiting relatives here. Mr. Frank E. Shroder and Mr. Hardy. of Yeates institue, are taking a pedestrian tour through the White Mountans.

Solon L. Chency, of Empire City, Kansas, formerly of this city, and an extensive operator in farm machinery through this county, is visiting old friends and familiar places in around Lancaster. Commodore Hiestand, of the Examiner,

has gone to Bedford. Mr. B. J. McGraun and family will go there. Principal Brickenstein, of Linden Hall seminary, Lititz, will spend his summer vacation at Nantucket, Mass.

Our Lancaster folks in Europe, so far as heard from, are well and greatly enjoying their trip. Mr. Geo. M. Kline and Miss Kline, Mr. Reynolds and family and Mr. W. A. Wilson happily met at the handsome watering place, Leamington, Eng. It was there they first heard the news that the president was shot, and though in a town of 25,000 inhabitants, they were long kept in suspense as to the particulars of the tragedy.

Resignation of Supt. Kitch. On Saturday morning Davis Kitch, superintendent of the city water works, handed his resignation to Mayor MacGonigle, who handed it back, with the explanation that he had not the appointing power to this office nor authority to receive the resignation. Mr. Kitch has since handed it to President Levergood, of common council, to take effect Aug. 1-before the next regular meeting of council. It contains no reason for the resignation, and journalistic enterprise has as yet failed to

sons for his " new departure."

This morning between 9 and 10 o'cleck an unknown man, a German, was killed on the Pennsylvania railroad a short distance cast of Coatesville. He was walking on the north track, and seeing urday and Sunday, completing arrangements for the appearance of the above show, which will exhibit here on August the engine of the Harrisburg train east. His remains were taken to Downingtown and placed in charge of J. McGraw, su pervisor. The coroner was notified and an inquest will be held.

> Died in Saratoga. Brigadier General Nathaniel Michler, brother-in-law of Rev. Dr. J. Y. Mitchell, night, as announced by a tele-gram to his sister, M18. Mitchell, to-day. He was of the engineer corps of the army, graduated from West Point, and was recently assigned to duty in New York city, being transferred thither from the Pacific coast. During the late war he served in the army West and East. He will be buried in Easton.

> > No Small-pox.

We are authorized by Dr. Brown, of the board of health, to state that the report that a lady from Baltimore and her Albert Woolhafe, aged 20 years, a two children were sent to our county hosbrakeman on the Reading & Columbia pital, a few days ago, on the supposition that one of the children was suffering week, died at his residence at 4:20 a. m. small-pox, is untrue. The child was sufyesterday of typhoid fever. He will be fering from summer complaint, and the lady being out of funds, thought it best to go to the hospital. Her destination is Cincinnati, and Superintendent Cox will forward her and her family there to-day.

> Three Within a Square. It is notable that three persons are lying dead on West Orange street within a square: Mrs. Louis Noll; a son of Chas. Denues, esq., and a daughter of Christian Stieffel.

One of Mr. Stieffel's daughters died a few mouths ago and the third is now lying at the point of death-all from typhoid fever.

Foot Crushed.

Harry Archer, of Parkesburg, brakeman on engine No. 6, on the Wilmington & Northren railroad, had his right foot crushed while coupling cars at Wilmington. He was standing on the bumper and had his foot caught between the deadwoods. He was brought to Coatesville and had his foot dressed by Dr. Housekeeper, who thinks the foot can be saved.

Prostrated by Heat. A few days ago George H. Ettla, of Marietta, in company with others, fished all day in an open boat on the Susquehanna, opposite Marietta. On their return Mr. Ettla was much prostrated by the heat and has ever since been confined to his bed with partial paralysis of the neck.

Contract for Coal.

The committee on supplies of the Lancaster school board opened bids this afternoon for supplying 290 tons of coal for the use of the public schools of the city for the ensuing year. bulletin.—The president's progress toward convalescence, noted in the official bulletin of Saturday, steadily continues. He feels greatly refreshed by the restful unbroken sleep which he had last night, and which was materially assisted by the agreeable change in the weather. His pulse is gradually lessening, it now being 88, with normal temperature and respiration. He will receive for breakfast beefsteak, toast and meal juice and poached eggs, and later on a little oat-meal cooked to a jelly. It is DENUES.—In this city, July 16, 1881, Charles II. The Murder of a French Lieutenant by Infuriated Peasants. LONDON, July 18.—The Paris correspoudent of the Daily Telegraph narrates a horrible occurrence near Clermont Ferrand. A lieutenant of the Third Chasseurs named Riege, affected by sunstroke at the camp at Chalons was walking through a neighboring village and asked his way of a woman, who, frightened at his disorderly appearance, ran away screaming. A number of peasants returning from the field threatened the officer with their sickles and he drew his revolver, fired several shots that were harmless and then ran into a field. Two men armed with guns joined the peasants and shot Riege down; one of the peasants then brained the officer with a pick axe.

REIGART'S OLD WINE STORE.

Brandy as a Medicine.

The following article was voluntarily sent to Mr. H. E. Slaymaker, Agent for Reigart's Old Wine Store, by a prominent practising physician of this county, who has extensively used the Brandy referred to in his regular practice. It is commended to the attention of those afficient with Indigestion and Dyspepsia.

BRANDY AS A MEDICINE. This now much abused Alcoholic Stimulant was never intended as a beverage, but to be used as a medicine of great potency in the cure of some of the destructive diseases which sweep away their annual thousands of victims.

With a purely philanthropic motive we present to the favorable notice of invalids—especially those afflicted with that miserable disease. Hypergenic a specific remarks which is ease Dyspepsia, a specific remedy, which is nothing more or less than

Brandy. The aged, with feeble appetite and more or less debility, will find this simple medicine, when used properly,

A Sovereign Remedy or all their ills and aches. Be it, however strictly understood that we prescribe and use but one article, and that is

REIGART'S OLD BRANDY, Sold by our enterprising young friend, II E SLAYMAKER. This Brandy has stood the test for years, and has never failed, as far as our experience extends, and we therefore give it the preference over all other Brandies. no matter with how many jaw-breaking French titles they are branded. One-fourth of the money that is yearly thrown away on various impotent dyspepsia specifics would suffice to buy all the Brandy to cure any such case or

as cs. In proof of the curative powers of Reigart's Old Brandy, In cases of Dyspepsia, we can summon num bers of witnesses—one case in particular we A hard-working farmer had been afflicted with an exhaustive Dyspepsia for a number of years; his stomach would reject almost every kind of food; he had sour eructations constantly—no appetite—in fact, he was obliged to restrict his diet to crackers and stale bread, and as a beverage he used McGrann's Root Beer. He is a Mcthodist, and then, as now, preached at times, and in his discourses often declaimed earnestly against all kinds of strong drink. When advised to try

Reigart's Old Brandy, In his case, he looked up with astonishment, but after hearing of its wonderful effects in the cases of some of his near acquaintances, he at last consented to follow our advice. He used the Brandy faithfully and steadily; the first bottle giving him an appetite, and before the second was taken he was a sound man, with a stomach capable of digesting anything which helchose to cat. He still keeps it and uses a lit-tle occasionally; and since he has this medi-cine he has been of very little pecuniary bene-fit to the doctor.—A Practising Physician.
