COLUMBIA NEWS.

OUR REGULAR CORRESPONDENCE. A special meeting of town council was held last evening in council chamber, called by President Musser. Present: Messrs. Filbert, Guiles, Pfahler, Smith and Mus

Mr. Musser explained the object of the meeting to be in relation to the sanitary committee of our borough, and to have council endorse the action of the chairman of the committee, Mr. Guiles, who having heard of a case of infectious disease and no nurse to be had, by advice of attending physicians, had the case sent to the Lancaster hospital, and the large family of children of the stricken one looked after. On Mr. Pfahler's motion the action of the sanitary committee was endorsed.

After a general discussion by members of Council about the sanitary condition of the borough, Mr. Pfabler moved that the Chief Burgess and president of council appoint three persons from each ward of the borough and three persons from the county, living within one mile of the borough limits to constitute a board of health, with powers granted by charter of borough. Seconded by Mr. Smith and so

Mr. Pfahler also moved that the supervisor of the borough be ordered to employ a sufficient number of men in each ward to by a sufficient number of firemen with hose attached to fire plugs to give the streets a thorough drenching with water, and thus remove all filths and grasses etc., found in the streets, gutters and alleys. The motion was passed.

Council then adjourned. The Excursion Seaso

During his stay at Bedford, Mr. More Bachenheimer was riding on a horse car when the step on which he was standing broke, throwing the gentleman violently to the ground. The wheel grazed the skin of his right shin, but Mr. B., not losing his presence of mind, quickly withdrew it, in time to escape the hind wheel which would certainly have crushed his

THE CAMP.

The Worshipers at Landisville. The attendance is very large at the Landisville campmeeting to-day. Since yesterday all trains over the different roads have brought new arrivals. Last evening Rev. Dr. Dobbins, of Philadelphia, formerly of Lancaster, came. The rain was quite heavy on the grounds. The dust has been settled, the ground dampened and now the air is cool and the weather very pleasant. Owing to the rain the services are now held in the tabernacle.

Last evening Rev. C. G. Rakestraw, of Downington, preached. His text being taken from Deut. xxxiii, 25. This morning Rev. A. L. Urban, o

Joseph Umble, of this city, is assisting Mr. Royer and he does it well.

If the weather is favorable to-morrow the crowd at the camp will be larger than ever before.

Some of the Philadelphia Boys in Trouble On their return from Gettysburg a dele gation of members of Posts 8, 10 and 51, of Philadelphia, stopped off in this city, possibly to see the circus, or to have a good time with their comrades.

Last evening one of the number boarded a passenger train, when the conductor told him his ticket was not good, and that he must pay his fare or be put off. He declined to pay his fare, as his ticket called for a ride from Gettysburg to Philadelphia, and he declined to leave the As predicted, the party given by Mr. train. The conductor forcibly ejected him t was at Witmer's station, and he returned to a success, but the picnickers were forced this city. This morning, accompanied by to return home rather earlier than was six of his comrades, he again boarded the expected, on account of the threatening train. The conductor again called for tickets and refused to receive the excursion tickets tendered by the soldiers on the ground that they called for a "continuous" trip from Gettysburg to Philadelphia, and did not authorize a passenger to lay over at stations between these points. The soldiers again refused to pay, though they had plenty of money and they were put off the cars at Bird-in-hand. They again returned to Lancaster, spent the forenoon here, and then once more took passage for Philadelphia-with what result has not been reported. They will likely come back to town by the turnpike.

VISITING DIRECTORS.

Steam licating vs. Furnace Heating. This morning the poor directors of York county visited Lancaster for the purpose of taking a look at the steam heating arrangement of our new almshouse. They inspected it very carefully and were much pleased with it and expressed their intention of introducing a similar arrangement into the York county almshouse, as the cost is not half as much as heating by the ordinary furnaces.

We understand that the Lancaster county directors also propose to introduce into our hospital and insane asylum steam heating apparatus in lieu of the thirteen furnaces now in use in those institutions.

Narrow Escape from Death

Last night Constable Pyle picked up a young man of respectable family, who was very drunk. On promising to go home, he was released, and not long afterwards was found lying across the track of the railroad some distance below the Duke street bridge, and a train not far off, coming in at the rate of forty miles an hour. The young man was taken to the station house for safe keeping and this morning committed by Alderman McConomy to jail for five days.

BAUING AT SARATOGA. A Good Day and Flyers Entered. SARATOGA, July 30 .- The weather is delightful. The great race of the day will be the summer handicap, for which all the cracks have entered. Hindoo was scratched from the race at half-past ten o'clock. The Dwyer Brothers gave as a reason that the great colt was conceding too much weight to Checkmate and one or two others. The scratching caused considerable disapprobation. Girofle was the favorite for the first race. The first race was a mile dash, in which Fellowplay came in first, Victim second and Girofle third. Time, 1:42. Saunterer led to the head of the stretch; then Victim, Girofle, Fellowplay and the Duke of Mon-

trose began their runs and a great struggle ensued. The event was in doubt to the distance stand, when Fellowplay came away and won by two lengths. The second race, distance five furlongs, was won by Wyoming; Olivia second and Twice third, Time, 1:034. Scandal led to the end of the stretch; then Olivia took up the lead and held it to

her, came away and won by two lengths.

SAMUEL POWELL'S BLUNDER. The Burning Coat Mine at Tamaqua. TAMAQUA, Pa., July 30.—The fire in No. 9 slope of the Lehigh coal and navigation company's mine, at Lansford, was caused by Samuel Powell, one of the bosses entering the slope with a naked lamp, which ignited the gas. Powell was taken out nearly dead this morning and is still un-conscious. Two hundred men and boys were in the slope when the fire broke out, but they were all taken out safely. The mules were also rescued. The fire is still raging fiercely. Measures are being taken towards turning in the water and flooding the mine.

Shooting of a Little Boy. A little boy, nine years of age, named Maddock, entered an orchard near Catasauqua, belonging to a farmer named Faust and helped himself to some apples. When Faust saw him, instead of going for him with a switch, or in any other allowable manner, he seized his gun,
