COLUMBIA NEWS.

OUR REGULAR CORRESPONDENCE. The high water spoils fishing, the rains raised the river seven feet. A number of persons went from here on

Dale's Niagara excursion. In Andy Kauffman's office, Squire Grier married Jake Jones and Anna Eliza Matthews, both colored.

The Herald advocates the vaccination of every child in town at the public expense if necessary. A valuable colt belonging to John Mann, of Manor township, died on Sunday rather suddenly.

Squire Frank sent Michael Frey, arrested for being drunk and disorderly, to cool off in the lock-up. More, next time, Michael. The foundations for the Fifth street

school house are already dug and all ready for the masons, Daniel Hoke's little nephew, of Wrightsville, started to run in out of the rain last evening. In his haste he struck his toe against a hatchet sticking in some logs

and nearly cut it off. Last evening a horse belonging to Mr Paul Bletz, became balky and would not cross the gutter at Fourth and Walnut street. He reared up and finally capped the climax by laying down. It took nearly an hour before they could force him to

cross the gutter.
Mr. William H. Long, aged 41 years, 8 months and 12 days, died at his residence this 12:15 a. m., of consumption. He has been an invalid for over four years, but his determined will would not allow him to give up until about a week ago, and ever since then his death has been hourly expected. He was a member of the F. & A. trict who will attend to placing them on. M. Columbia lodge, No. 286, the members of which will attend to his business, look after his wife and three small children which he leaves, and attend to his funeral rites. He will be buried on Friday next

If the second nine of the Ironsides will accept a challenge to play this coming Sat. urday afternoon the Our Boys will send them one. While practicing yesterday afternoon the regular catcher of the club. Greenwald, and the change catcher Skeen, were disabled by having their fingers split open by a pitched ball striking them.

Last evening company Cheld its regular monthly inspection, and the arms and the equipments of the men pronounced to be in a first-class condition. Capt. Case made two appointments, which give entire satisfaction to the members of the company. L. R. Fondersmith being appointed quartermaster sergeant and Corp. E. B. Eckman, fifth sergeant. Both are deserving of the positions assigned them, and both are capable of doing their respective duties. Squad drills will be held every night this week and the entire company will have an extra drill on Thursday evenparade and the other duties of soldiers will be practiced.

Mr. John Kerr, of Philadelphia, arrived in town last evening and expects to remain a week or more. Dr. D. I. Bruner returned home from his pleasure trip at Asbury Park, Mrs. E. E. Columbia, like Lancaster formerly, has the regulation that the lamps are not to be lighted on moonlight nights-whether the moon shines or not. A literal compliance with this order by the lamplighter on dark nights like last night gives rise to well grounded complaint. A young man coming down Walnut street was knocked down by running against a tree which could not be seen. Another quite young gir! received a severe cut on her head at the lamp post of H. Wilson, near his stables. Council should take the matter in hand and have all lamps lighted on darkened stormy nights, and nights when the moon is not full.

Summer Letsure.

C. II. Gast and his bride have returned from a brief wedding tour to Baltimore. Moody Rankin, of London, England, is in this city, the guest of Harry Kleiss. A. J. Eberly, esq., has returned from an extensive tour through the Northwestern states.

J B. Kauffman, esq., and daughter left Lancaster this morning for Philadelphia where he will meet his wife and proceed thence to Beach Haven, N. J., where he and his family will spend a week or more. Charles S. Burns has taken a ten days' jaunt down East. His trip, partly by rail and partly by water, will take in Philadelphia, New York, Boston, Lynn, Brockton, Haverhill and other eastern

George N. Reynolds, of this city has re turned from a two weeks' tour to Mil waukee, Wisconsin. He looks as though his journeying had done him good, and he speaks highly of his enjoyment in the West.

Prof. Charley Wise, the aeronaut, and daughter are in Laucaster. The professor is making arrangements for balloon ascensions at Congress hall, Cape May, on the 16th of August; at Sterling, Ill., on the 14th and 16th of September, and at Bedford Springs, Pa., on the 12th and 14th of October.

Billee G. Taylor.

He is a goat. And Master Harry Johnston, of Wheatland, near this city, is the owner. Billee is of the Cashmere stock, and, though now shorn of his coat, to make him more comfortable in the dog days, when the weather is cooler his hair grows long and invests him with more striking beauty. Well bred and well behaved, he is broken to harness and the gait at which he can trot off with his young owner in his wagon suggests that there are as great undeveloped possibilities in him as in "Purity." Goat that he is he will go-at anything that is as succulent as a newspaper or an old boot, though he carefully distinguishes between Republican and Democratic newspapers; and when he wants to have an extra-nice repast-say one fit to invite his stable company to sit down at-he serves them with courses of New York World, Baltimore Sun and Lancaster Intelligencer, seasoned with Black pepper from the New York

A Valuable Horse Stelent.

At an early hour this morning thieves broke open the stable of Sylvester Wilson, colored, at Gatchellville, York county, and stole a bay stallion valued \$2,000. The horse was seen at Shenk's Ferry, on the Susquehanna river, and it was being driven by a man named John Flemming, who lives near Wilson. He was coming toward this city. Wilson, in company with a York county constable, came to this city to-day on a scarch for the horse, which, when last seen was hitched to a skeleton wagon. Constable John Grafton

saw Flemming with the horse but thought he had borrowed it from Wilson. The lock was broken from Wilson's stable door. A reward of \$100 is offered for the recovery of the horse.

TOM CAHILL.

A CHICAGO ROWDY SHOOTS TWO POLICEMEM.

And Then is Shot in the Liver. CHICAGO, August 2.—The row at Rebecca street last night was of considerable importance. It originated in a quarrel between Tom Cahill, a sewer worker, 20 years old, who fired a shot at a boy named Christ Dixon who had teased him. Dixon complained to Policeman Ray who was prevented by Tom's mother and brother from arresting Cahill. Ray summoned the police wagon and several officers tried to enter the house, which in the meantime had been barricaded. The door was finally forced open, when Tom Cahill fired a ball into the breast of Officer O'Brien, just above the heart, indicting a wound that is probably mortal. He also shot Officer Ray in the head but not fatally. During the meice Tom received a wound in the body, the ball passing through the liver and will prove fatal. The mother was also shot. The arrests were finally made and the bloody pistol which had been reloaded was found hidden in a bed-tick.

KENTUCKY'S ELECTION.

Immaterial Republican Gams. Louisville, Ky., August 2.—Kentucky yesterday elected a state treasurer, 19 senators and 100 representatives, and in the Third district, composed of 21 counties, a judge of the Court of Appeals. James W. Fate is re-elected treasurer without opposition and J. H. Lewis appelge by a very larelection, except in a few places, was a very quiet one and a small vote was polled.

The returns show immaterial Republican gains in both senators and representatives. The last Legislature stood : Senate, 34 Democrats and 4 Republicans; the ouse, 80 Democrats and 20 Republicans and Greenbackers. Exactly how the Legislature elected yesterday will stand it is impossible to say, but it will certainly be overwhelmingly Democratic and with a large majority favorable to the re-election of Mr. Beck to the United States Senate. As all the votes not polled are counted against the call of a constitutional convention that important measure is again defeated by the publi

Louisville's City Election, Perhaps the quietest election ever held in this city was that of yesterday. Less than 5,000 votes were polled where more than 20,000 have been cast at previous elections. Of the seven Democrats elected to the Legislature from the city and county six are known to favor the re-election of Senator Beck. About the same ratio will hold good over the entire state.

STAR ROUTE CONSPIRATORS.

Alleged Rascals in Philadelphia. Рипларелента, Aug. 2.—Two weeks ago Thomas McDevitt, Legrande Ensign and Christian Price were arrested for defrauding the government in the letting of star route mail contracts in Utah and Arizona. Ensign and Price were the sureties on the contracts and they were obtained as such sureties by McDevitt. The original contractor for the route in question was Benjamin B. Wiley, who was also regarded as the principal conspirator. He eluded the officers however, and constant search was unavailing, until noon to day, when he was arrested in a trimming store on Poplar street, to which place he was traced by Deputy U. S. Marshals Reuter and Cake and Postal Agent Barrett. The prisoner had nothing to say about the offence with which he is charged, but states that he had intended to surrender himself. He was held at the United States marshal's office and will probably be given a hearing to-morrow. The other prisoners are now under \$5,000 bail, which, one of them,

Price, has not yet been able to obtain. BOB INGERSOLL'S NEIGHBOR.

Acts Like a Pagan. PEORIA, Ill., Aug. 2.-O. W. Crowe, of this city, whose name has been mentioned in connection with the attempt to blow up the British vessels, openly confessed his knowledge of the plot and claims the same right to manufacture explosives that others have to make firearms.

He has a letter from O'Donovan Rossa and boasts that after September 1st no Euglish vessel will be safe. Some of the shells are or exhibibition, but there is nothing to indicate that those already used were made here. It is thought that the shells are being made here and that the explosives and machinery are at other points.

The train was composed of about twenty empty freight cars, but the debris thrown upon the track from the falling wall prevented the other cars from falling into Sixteenth street. No one was hurt. A street car had just passed under the arch, but fortunately at the time of the accident no one was passing along the
