## THE REPUBLICANS.

THE COUNTY COMMITTEE ORGANIZES.

The Examiner Faction Triumphant. The Republican county committee met in G. A. R. hall at 11 o'clock this morning for the purpose of organization. The committee was called to order by

J. A. Stober, chairman of the late board of return judges, and on motion A. C. Welchans and Wm. Fraim were chosen temporary secretaries.

The roll was called and a number of

substitutions of committeemen were made without opposition.

When the Ninth ward, city, was called

(in which it will be remembered there was a tie vote for committeeman between Al. Speece and William P. O'Brien), a paper was read signed by Mr. O'Brien, in which he stated that he withdrew from the contest in favor of Mr. Specce. A motion was made to declare Mr.

Speece the committeeman. This was opposed by J. W. Johnson. esq., 4th ward, city, and Mr. Cassell of Marietta, who maintained that as Mr. O'Brien had not been elected, he could not therefore substitute anybody. Mr Johnson nominated J. I. Hartman as sub stitute, and went so far as to say that it was reported that money had been paid to O'Brien to withdraw from the contest.

This charge created a good deal of exstitute, and went so far as to say that it This charge created a good deal of ex-

citement and from various parts of the room there were cries of "slander." 'slander," and calls upon Mr. Johnson to make good the charge.

A. J. Kauffman, esq., of Columbia, said it was evident that Mr. Speece represented one half the Republicans of the Ninth ward and Mr. O'Brien the other, and, if Mr. O'Brien delegated Mr. Speece to represent his half of the voters he didn't see that outsiders had any right to object. Mr. Johnson moved that the paper be

Mr. Kauffman moved to amend by striking out the word "not," and that the paper be received.

The yeas and nays were called on Mr. Kauffman's amendment and resulted yeas 39; nays 30. So the paper was received and Mr. Specce was declared the member from the Ninth ward. A. F. Shenck, 2d ward, city, and A. F.

Frantz, Lancaster township, were nominated for chairman of the county com-A vote being taken resulted as follows

For Mr.Shenck......40 votes took his seat amid great applause. He thanked the committee for the honor conferred, accepted the position as a compliment not to himself, but to the great Republican party, of which he was an humble representative, and promised to discharge his duties to the best of his ability in the interest of the Republican party.

Danner, of Manheim, and H. B. Cassell, of Marietta, were placed in nomination. A vote being taken resulted: For Mr. Cassell,......28 "

For treasurer of the committee, II. S.

Mr. Danner was declared elected. On motion of A. J. Kauffman, esq., D. W. Grabill, of Petersburg, and A. C. Welchans, 1st ward, city, were unanimously selected as permanent secretaries of the committee.

A. J. Kauffman, esq., said that this was the proper time to appoint a committee to make an assessment upon the Republican candidates; before that was done, however, he moved that there be no assessment be made upon Hon. J. B. Livingston the candidate for judge. He though the honorable office for which he was a candidate should be placed above partisan polities, and that he should not be required to pay an assessment to aid the party. Mr. Kauffman's motion was unanimous

ly agreed to. Mr. A. C. Welchaus moved that the chair appoint a committee of five to fix the rate of assessment upon the several candidates and that said committee report to an adjourned meeting of the county committee one o'clock, sharp, this after-

The motion was adopted and the chair appointed the following:

A. C. Welchans, 1st ward, city. J. G. Pownall, Sadsbury. J. G. Sellers, Mount Joy.

A. F. Frantz, Laucaster township.

A. J. Kauffman, Columbia. The committee then adjourned to re assemble at 1 o'clock. This Afternoon's Meeting.

The committee met this afternoon, when the sub committee reported the following assessments of candidates: Prothonotary, sheriff, register and treasurer, \$375 each quarter sessions clerk, \$175; orphans' court clerk, \$105; prison keeper, \$60; commissioners, 860 each ; coroner, \$10; directors of the poor, \$10; inspectors, \$10; auditors, \$5 each. A committee to revise the rules was ap-

pointed I: consists of A. J. Kauffman, A. F. Frantz, Henry Musser and Levi Brubaker, of the county committee; J. M. W. Geist, of the Era; John A. Hiestand, of the Examiner, and Elwood Griest, of

## Police Cases.

John Doebler, who was charged several weeks ago with committing an assault and battery on Mrs. Barbara Saylor, but who avoided arrest, was taken into custody by Officer Coyle last evening and gave bail for a hearing before Alderman McConomy to morrow evening. Sarah Gumpf, for drunken and disor

derly conduct, was committed to prison for five days by Alderman Samson. Jonathan Appleton, aged 15 years, was arrested for malicious mischief, on complaint of his mother, and committed to

jail for a hearing before Alderman Samson on Saturday next. Jacob Herzog, aged 14 years, was ar rested for assault and battery on a son of Wm. K. Keller. He was held to bail for a hearing before Alderman Samson on

Prof. Aust, the musician, has entered complaint against Herman Hirsh, charging him with turning a stream of water upon him from a pavewash. Mr. Hirsh is held

for a hearing. Cyrus Limebach was this morning committed to jail for five days by Alderman Spurrier for drunken and disorderly con

Henry McCloskey, for similar miscon duct was committed for 10 days. William Butler and his wife, Nan, o Middle street, both of whom are wellknown, have been arrested for keeping a disorderly house. Nan is also charged with being drunk and disorderly. They gave bail for a hearing before Alderman Donnelly, of the Seventh ward. Mary Groff has been held by Alderman

Barr to answer at court the charge of surety of the peace, preferred by Mary Foehl.

Baseball Officers. The Friendship baseball club met in r hall Saturday evening, and organic by electing the following officers and

players: President—Theo Wenditz. Vice President-James Fellenbaum. Treasurer—John King. Secretary—Samuel B. Levan. Captain—George M. Myers.

John King c., James Cosgrove p., James Burns 1st b., Chas. Currie 2d b , William Chapman 3d b., George Myers s. s., John Davis l. f., Chas. Shay c. f., John Hook r. f.. Samuel Levan, John Cogley, subs.

JAIL BREAKERS.

EIGHT OF THEM ALMOST OUT.

Timely Discovery of Bold Operations. Last night eight of the most desperate criminals confined in the Lancaster county prison, made an unsuccessful attempt to escape. The numbers of the cells which were occupied by the men, together with their names are as follows : Cell No. 28. occupied by Abraham Buzzard and Paul Quigley; No. 29, Jacob Weaver; train on Saturday afternoon.

No. 30, John Lippincott and Charles
Albright; No 31, Ike and Joe Buzzard; the P. R. R., at the foot of Lo No. 32, Charles Gibson. The cells in which the men were confined are situated on the ground floor on the east side of the prison. Some time ago the county commissioners had iron plates placed on the north side of cell No. 28, and the south side of No. 32; the east and west ends of each of the five cells, together with the floors of all are made of iron, leaving the wal's between Nos. 28 and 32 of brick

only. Some time yesterday the prisoners began cutting the walls bebetween the cells, using their cigarmaker's tools to do the work. They cut holes large enough for a man to crawl through between the cells, until they came to the wall separating Nos. 28 and 294 This wall like all of the others is made of brick and is 18 inches thick. When they reached this wall they cut it out into the yard. About 10 o'clock last night Watchman William Reed was walking around in the eastern part of the prison yard when he discovered that a hole had been

After procuring pistols the keeper went upon a search to see if the men had es caped. He first stationed one watchman at the hole and another in the prison, giving them orders to shoot any man who would attempt to escape. Mr. Weise then walked around the jail yard in order to ascertain whether any of the men had escaped, as it was not then known whether any had got away. He examined the walls, and from what he could see he believed that none had got out. He went into the prison and found Quigley, Weaver and Abe Buzzard in cell No. 28. All of the other prisoners were found in their own cells. An examination was then made and it was found that the hole leading to the yard was not sufficiently large for a man to get his body through, as two sharp pointed stones were yet in the way. These stones could have been easily removed in a short time, however, and the whole gang of prisoners would have been at liberty in a short time had it not been for the timely discovery of Watchman p. m. Reed. The prisoners were removed to other cells, immediately after their cells had been examined and a close watch was kept over them. In one of the cells two ropes made of bed-clothing were found. One of them had sticks fastened in it and they were to have been used in scaling the

from the walls had been placed in boxes used to deposit tobacco, all of the prison ers being engaged at eigar making. Had these prisoners been successful in their attempt to escape it would have been an easy matter for them to have overpowered the two watchmen. They could then have easily taken possession of the prison and would no doubt have liberated all of their friends, including Frankford and Hambright, who occupy cells directly opposite those which were broken, and the keeper and his family would have been in danger. When some of those who attempted to escape were interviewed this morning they told one of the underkeepers that they did most of their work yesterday.

walls. The bricks, which had been taken

Quigley stated that he began his part of it last week. The walls between the cells are very soft a hole through them in a short time. The prisoners had drilled small holes through these walls and through them they were enabled to communicate with each other. On Saturday all of the cells were examined and nothing was found to be wrong. None of the iron was cut, and had iron been placed on the walls between

cape, as the iron is very hard and they would not have been able to affect it with the tools they had. The whole fault seems to be with the commissioners, who would have shown a good deal more wisdom if they had lined each wall with iron. It is said that they were advised of this before the work was done, but they seemed to think that what they placed on the walls of two cells was sufficient. They did not have any idea that the prisoners would be able to escape after getting into one cell. No blame whatever can be attached to the prison officials, but they deserve the greatest praise for their success

ful efforts in preventing the escape. The tools with which the work was done were only those used by cigar makers, such as knives, clamps, etc., and it would be impossible for the men to be kept at work without them. The walls of the cells are in a terribly bad condition, and if the commissioners want to keep desperate prisoners secure they must cover all the walls with iron. The cost weald not be as large to have the work done at once as to be continually repairing the brick walls between the cells. Some history of the men who attempted

to escape may be interesting and our readers will then know who they are and something concerning their crimes : Chas. Gibson was convicted in November, 1877, of horse stealing and was sentenced to eight years imprisonment. He escaped from prison on July 25, 1878, and was recaptured in Pittsburgh on September 7th of same year; on the 13th of July, 1879, he again escaped and was recaptured in Greensburg on September 1st, 1880. He was afterwards tried for breaking jail and received a sentence of 1 year and 6 months. He is a son-in-law of John Frankford, who was convicted with him of stealing horses and is now serving a sentence of 19 years. He is regarded as a bad man and certainly a hard one to hold. Abe Buzzard is well known, as he belongs to the notorious Buzzard family. At the last April court he was convicted of burglary and received a sentence of 13 years. Ike Buzzard is a brother of Abe, and is a somewhat notorious criminal. He is the smartest in the family. His crime was burglary, and he was sentenced for 10 years at the last April court. Joe Buzzard, the youngest of the frmily, is yet "new" in the business. His sentence was four years, having been convicted of burglary with his brother at the same time. Paul Quigley is a resident of this city, and is well known. He was convicted of burglary in November, 1880, and received a sentence of two years and six months. John Lippincott is another long term man. He belonged to a gang of thieves who were sent to jail in November, 1875. He was convicted of burglary, and his term is ten years and six months. One of his partners was Phares Armstead, who broke jail and is now at liberty. Jacob Weaver and Charles Albright are both Lancaster boys and they were convicted of larceny in No-

vember, 1880. Their sentences are for one year and nine months

A Big Snapper. the turtle to the surface he could not land | token of the death of his grandchild. The it and was compelled to call J. McHenry, the erack shot of that place, to his assistance, who shot the snapper.

taking action in regard to reorganization. drowned. It was rescued with difficulty The committee is expected to report.

COLUMBIA NEWS.

OUR REGULAR CORRESPONDENCE. Pleasant weather. Churches well attended yesterday. The rains have raised the river two feet. Sells' circus and lively times to-morrow. Harry Saunders, late of the P. R. R., has started in work at King's grocery.

The break of a connecting rod on the

minutes delay to the outgoing passenger Mr. James Lockard, day watchman on the P. R. R., at the foot of Locust street, has been changed to night watchman, in place of Mr. Moore, who takes Jim's

R. & C. engine "Case" occasioned twenty

Engine No. 113's tank has been sent to Philadelphia for repairs of damages received in the accident at the Little Cones-

toga bridge. An ore car off the track at the Cordelia mines on Saturday caused an hour's delay in the work. Sherman Swingle, a lad working for Sam'l Filbert, had his foot mashed by a

piece of ice falling on it. George Owens, working at a hot oven in the Shawnee furnace, was cut by a displaced stone which in falling struck him. The C. C. C. camping club returned home on Saturday. The boys are some-what sunburned, but all claim to have had a delightful time The Old Codorus club leave for a week or ten days encampment at the mouth of the Codorus creek next

While workmen were engaged in scrapng mud from under the coal chute on Saturday, a heavy oak skid, becoming deached in some manner, fell from the top of the chutes, a distance of nearly forty feet, nearly striking one of the laborers.

On Saturday afternoon a mule broke loose and ran out of the boatmen's stables, near the coal chutes, and after running about the lumber piles for awhile he allowed himself to be caught and returned to his stable.

Mr. George Ryon, of Pottsville, ac-companied by his friend Richard Case, are the the guests of Mr. Robert Ryon ; Mr. II. F. Yergey left on Saturday for a few days' visit at Pottstown; Miss Alice Bucher, who has been visiting in Philadelphia, returned home on Saturday evening; Miss Eva Nesbitt returned to her home in Port Deposit. She had been visiting Miss Annie Fendrich.

On account of the heavy shipment of coal over the R. & C. railroad on Saturday, and not wishing to have too many loaded cars on the sidings, freight engine ' Maltby" was kept at work shifting and dumping coal at the coal chutes until 8:30

A number of our doctors and families have received invitations to attend the fourth annual reunion of the Pennsylvania and Maryland Union medical association, which will be held at Port Deposit Thursday, August 25, 1881. This morning Officer Struck arrested a

man for being drunk and disorderly and indecently exposing his person. He was placed in the lock-up and soon after had a hearing before Squire Frank, who committed him for ten days. On Saturday morning while Mame Eves, a young girl about four years of age,

was sitting in her nurse's lap playing with a glass jar, she slipped and fell, the jar breaking and severing the arteries and sinews of her left wrist, and had it not little one would have bled to death. She is now somewhat better, but suffering intense pain.

Yesterday B. Snavely, jr., took his wife and children out to one of the islands below the dam to spend the day, but the storm coming up they were compelled to go home, and while attempting this their boat stuck upon a sand bar and could not and a man with any tools could easily cut be pushed off. They had to remain in this position during the whole of the storm; and all received a thorough wetting.

On Saturday afternoon Special Policeman Henry Rodenhauser hearing that the negroes were fighting on "Tow Hill," went up and attempted to arrest a "coon" by the name of Long, but all the rest of the "gentlemen of color" turned upon him all of the cells the prisoners would and handled him pretty roughly. "Think not have made an attempt to es- ing "discretion the better part of valor" and handled him pretty roughly. "Thinkhe made his escape, but returned as soon as he had obtained warrants to arrest several of the fighters. They could not be found. Henry has his face and neck somewhat cut and bruised, but considers that he made a lucky escape. Long, the man who started the fuss, had his face and head all cut up by plucky Henry.

Effects of the Saturday Storm. About 8 o'clock on Saturday evening the wind and rain storm struck the town with considerable fury, and some damage done to houses, grain fields, etc., was the result. As William Wallacs was rowing over from Wrightsville, the wind capsized his boat, but being a good swimmer he managed to reach this side. His boat was afterwards caught. The unoccupied house near Bletz's saw mill, had all the window panes and several shutters broken. The heavy rain falls have put our streets in a very bad condition The wheat field back of Columbia was considerably damaged, stacks were blown over and two very large wash in's" occurred, and the larger portion of the corn field, near Hoffman's quarry, was totally destroyed. A small ridge in the same field was washed away. 'Quilla" Frisby in company with two other colored men, while out sailing, were upset, but clung to the boat which finally drifted to the shore.

Barn Destroyed-Dwellng Damaged. A large trame barn belonging to Isaac Broomell, of Christiana, and situated over the Chester county line, near the "Swan,' was destroyed by fire on Saterday afternoon, together with all its contents, consisting of the summer crops, hay, grain, &c., mowing machine, wagons and farm implements generally. One horse perished in the flames. The loss will, perhaps, reach \$3,000, part of which will fall upon Mr. Broomell's fenant, who has a one third interest in the crop. It is not known how the fire originated, as all the family were absent at the time.

On Saturday a dwelling house belonging to the widow Phillips, near Atglen, was seriously damaged by fire. A new addition was being made to the house, and shavings on the roof of the kitchen, it is supposed, caught fire from a spark of the chimney, set the roof on fire and spread to other parts of the building. The roof and second story are badly damaged, but the extent of the loss is not stated.

STARTLING COINCIDENCE.

Grandchild Dies at Its Grandmother's On Saturday afternoon a startling incident occurred at the residence of Wm. Fisher, No. 240 West Vine street. His wife died on Thursday, and her tuneral took place on Saturday. Just as the funeral service at the house had ended, a three-months-old child of Mr. Fisher's daughter (Mrs. Joseph Weaver of the funeral) was seized with convulsions, 15 pound snapper at that place with the token of the death of his wife, was rehook and line. When Mr. Shober drew moved, and replaced by white crape, in

child's funeral took place this afternoon. Nearly Drowned. M. McHenry, of Slackwater, while out This evening the American fire company was caught in the storm. One of the and is "all right" now.

Shober, of Slackwater, caught a for two days upon Mr. Fisher's door in United States, Sold everywhere: 25 cents of the control of the con Lottle. mari-lyd&wM,W&9

"I Don't Want a Plaster," said a sick-man to a druggist, "can't you give me something to cure me?" His symptoms were a lame back and disordered urine and were a sure indication of kidney disease. The druggist told him to use Kidney-Wort and in a short time it effected a complete cure. Have you these symptoms? Then get a box or bottle will hold a meeting for the purpose of children fell overboard and was nearly to-day-before you become incurable. It is the cure; safe and sure .- Knozville Republican. aus-Iwd&w

THIRD EDITION.

MONDAY EVENING, AUG. 8, 1881. THE SURGEON'S KNIFE

GARFIELD OPERATED UPON.

DR. AGNEW'S SUCCESSFUL FRAT.

The Obstruction to the Flow of Pus Re-moved, the Fever Reduced, and the President Now Doing Finely.

BULLETINS OF THE OPERATION.

The Fever Subsities.

WASHINGTON, D. C., Aug. 8-8:30 A. M. -Official Bulletin.—The president passed a comfortable night and slept well without anodyne. The rise of temperature of yesterday afternoon subsided during the evening and did not recur at any time through the night. At present he appears better than yesterday morning. Pulse 94, temperature 98-4, respiration 18.

An Operation Performed. EXECUTIVE MANSION, WASHINGTON. Aug. 8-10:45 A. M .- Unofficial .- An operation the exact nature of which cannot at present be ascertained was performed upon the president this forenoon. The results were entirely satisfactory, and an official bulletin with details is now in course of

bulletin with details is now in course of preparation and will be ready within half an hour.

Official Report of the Operation.

Executive Mansion, Washington, D. C., Aug. 8, 10:30 a. m.—Official.—It having become necessary to make another opening to facilitate the escape of pus, we took advantage of the improved condition of the president this morning. Shortly after the morning bulletin was issued he was etherized. The incision extended downward and forward, and a counter vited to attend her funeral, from the residence of her husband, near Petersburg, on Wednesday, the 10th inst., at 9 a.m., to proceed to place of interment, at the Lutheran and Redownward and forward, and a counter formed church, Petersburg. 1td\*
STRINE.—August 7, 1851, J. Hay Brown Strine, infant son of Jacob S. and Amelia B. Strine. opening made into the track of the ball below the margin of the twelfth rib, The body will be removed to-morrow (Tueswhich it is believed will effect the desired day), at 12:30 p. m., from the residence of the parents, No. 39 South Prince street, to the resiobject. He bore the operation well, has ence of Samuel P. Graver, Third street, Colrecovered from the effects of etherization umbia, from which place the funeral will take and is in excellent condition. Kiepper.—August 7, 1881, in this city, Mary A. C., wife of Albert Kieffer, in her 32d year. [Signed]

D. W. BLISS, J. K. BARNES, J. J. WOODWARD, ROBT. REYBURN, F. H. HAMILTON,

the size hitherto used could no longer be @4; good fat, \$4 20@4 75. placed along the track of the ball between of her daughter, No. 302 East Orange street, on the ribs. The process of granulation Wednesday morning at 8:30 o'clock. Interthat point had gone on so far as to partia Smith.—August 8, in this city, Carrie L. ly close the orifice and the ribs prevente The relatives and friends are respectfully in- healing between them enough vited to attend the funeral, from the residence that the tube could be introduce of her mother, 121 East King street, on Wed-Woodward Hill cemetery. 2td pus formed in the deeper parts of the Sheirrich.—Near Rohrerstown, on the 6th wound rather faster than it could escap pus formed in the deeper parts of th through the half-obstructed opening b tween the ribs and its gradual accumula tion began to cause disturbance. It was therefore, decided to make a new openin Rohrerstown Lutheran church. Interment at into the track of the ball below the las rib so that the ribs should no longer pro vent the keeping open of the wound t the solid backing which they afforded the granulating flesh between them. Th operation was performed, at the request of the other surgeons, by Dr. Agnew.

> As soon as the patient had been put under the influence of ether a long and slightly curved instrument was introduced into the wound, pushed between the ribs and carried downward along the track of the bullet until its end could be felt below the last rib from the outside. Holding this instrument in the wound as a guide, Dr. Agnew then made a counter incision below the twelfth rib, cutting directly through the integument until his knife met the end of the first mentioned instrument at the point where he wished to intersect the track of the ball. The operation was not a difficult or dangerous one, and the patient bore both it and the etherization extremely well. There is now an opening to the deeper parts of the wound, which does not pass between the ribs and which can always be kept free and unobstructed, and no further trouble from the accumulation of pus is anticipated. Since the operation the president has rested quietly, and is now asleep. His pulse at this hour is 100, and he has neither fever nor any other unfavorable symp-

> Blaine's Bulletin to Lowell. WASHINGTON, D. C., Aug. 8.-The following has been sent to Lowell, minister, London: During the past three days the president has periodically experienced a rise of temperature, indicating another obstruction to the flow of pus. A surgical operation was performed at nine o'clock this morning, by Doctor Agnew, assisted by all the other surgeons in attendance, by which a free communication between the pus cavities and the surface of the body has been effectually established. The operation was performed under the influence of ether. The president endured it well, and is at this hour, half past ten, doing as well as could be hoped.

BLAINE, Sec'y. [Signed]
