The Tobacco Market. Seed Leaf and Havana for the Week Ending Saturday, August 6, 10 A. M.

U. S. Tobacco Journal. The great activity of the past two months has at last given way to quietness. During this week there were hardly any transactions of note. Our large manufac turers, who, by their extensive purchases of '80 Pennsylvania, actually drove every other '80 crop into oblivion, are at present out of the market. The unprecedentedly large orders for cigars early in the season had a great deal to do with their purchases, and now that the busy season is drawing to a close, investments in leaf are not be ing made. Most manufacturers are of the

inion that the winter season will be as brisk, if not brisker, than the one now waning, and that investments in leaf will then take a fresh start. Some of the holders of other '80 crops are sanguine that then the craze for Pennsylvania will have died out, and that manufacturers, seeing their folly, will make a grand rush for the neglected, but deserving Connecticut, state etc. Purchases of the '81 Pennsylvania are

taking place already, but in studied secrecy. The so well planned corner that exploded by becoming public (and this paper was the only one in possession of the facts) has now dwindled into secret purchases by the promoters of the scheme. Every one of them is trying to keep his movements in the tobacco fields of Pennsylvania as secret as possible, so that his example shall not induce a too rapid influx of competing buyers. Certain it is that the '81 Pennsylvania crop will be bought up very rapidly, and that there will be more buyers in and around Lancas ter than ever before.

Outside of a sale of about 200 cases o low '80 Ohio, for export, at about 51 cents, we note sales of 450 cases '79 Pennsylvania at 35 to 45 cents for wrappers, 23 cents for fine running lots, and 71 coats for fillers. There were also sales of 150 cases '79 Connecticut wrappers, at 26 cents. Havana-Market very active. Sales

1,200 bales, mostly '80. Manufacturers were the main buyers. Prices firm. Sales of Sood Loaf in July.

Tobacco Leaf. The sales of seed leaf in the New York market in July were less than those in June, but large transactions in the aggregate were, nevertheless, effected in the past month. In June the total sales footed up 17,136 cases, and in July 10,479. Manufacturers were liberal buyers in July, especially of 1880 Pennsylvania leaf, taking of the 6,000 cases of that sort sold about one-third, dealers appropriating the A balance. Manufacturers were also free buyers of New England leaf, as usual. The demand, as will be seen below, embraced all available growths, namely, 1879 and 1880, and varieties, with fair transfers of Wisconsin, Ohio and New York, Ohio alone having been taken for export, in which department but little conwhich department but little continues to be done, owing to the firmness of prices. It would be well, it may be remarked here, if holders could see their way in some way to at live of the remarked here. could see their way in some way to attract exporters. In the visible supply of stock there is a considerable quantity that is well adapted to the want of foreign markets and of little use here. This surplus

end, speaking figuratively, in a "blaze of The export of seed leaf and cuttings since Jau. 1, 1881, was 16,493 cases; same time, 1880, 12,200 cases; same time, 1879,
