COLUMBIA NEWS.

OUR REGULAR CORRESPONDENCE. School board meeting to-morrow even-The Pennsylvania track indicator car passed through here this morning.

Great preparation are being made for a fruit festival to be beld in the E. E. Lutheran lecture room, some time this month by the Ladies Aid society of that church. The regular monthly business meeting of the Citizens' band will be held in their room this evening. Members are requested

A comical fight took place on Union street last evening between a Dutchman and Irishman; every time they struck at each other they would shut their eyes. Neither party received any injury.
The "Gems" will give another enter-

tainment for the benefit of the poor next menth. As a number of persons out of town will take part the programme will be a good one. A little white boy while attempting to

cross a freight train in motion fell and had his head cut, besides being hurt about the hands and knees. A colored man last evening attempted to take a circus ticket from a little girl and would have succeeded had it not been for

the interference of two white men who put the rascal to flight. Our officers were all on the lookout yesterday for drunk and disorderly persons, but none could be found. What a wonder

and on a circus day, too. In last night's performance as Mr. Wm. Gorman was riding his lightning hurdle act, his horse, in attempting to leap a high gate, had his foot caught between the bars and was thrown to the ground, Mr. Gorman making a narrow escape, by giv ing an up and outward leap, landing safely

upon the edge of the ring.

A large drove of cattle, numbering liftyfive, passed through town this morning.

coming from York county. Mr. Wm. B. Given leaves to day on a business trip to Albion, New York; Miss Eva Fondersmith, of Lancaster, is the guest of Miss Lilly Wilson; Miss Maggie Ziegler is visiting friends in Baltimore.

This morning a meeting of the owners and persons who caught the boom logs which came down last month was held in Squire Grier's office, and as to morrow is the day on which the catchers of the logs must be paid, it was decided to pay them and have the logs marked, and, unless this is done, the catchers will be the rightful owners of the logs.

Yesterday afternoon Mr. Louis Locb. of Philadelphia, in company with a number of Columbia ladies, went to the circus. They all got on one seat, with the exception of Louis. By some cause or other the seat upon which the ladies were sitting, slipped off at one end, and had it not been for the quickness and strength of Mr. Loeb, who caught and held the seat, the ladies would have had a terrible fall which might have ended in serious results. As it was the ladies were a great deal frightened, while Louis was showered with thanks and praises for his bravery.

So much has been said (but nothing done) about trucks and whce!barrows being run on our pavements that there is not much more to add. Yesterday as Chief burgess Sneath was walking along Front street he was startled by some one shouting "look out there!" Turning he saw a truck coming right behind and near him. He ordered it to be run into the street, but no attention was paid to him. Will the burgess pass this matter cooly

As two reporters of the Lancaster papers, one of whom was the Columbia correspondent of the Examiner, was crossing South Second street, comparing notes, they saw what appeared to be a seventeen year locust, dragging another The Examiner reporter was told to kill it, and with cautious step he stole upon the unsuspecting insect. He raised his foot and gave a quick stamp, missed the locust, and the next moment was crossing the street at a time which would have shamed Maud S., with the locust following him. Every minute or two his note book would be seen at the back part of his head trying to scare the now aroused insect. The other reporter thinking "discretion the better part of valor," also made himself scarce. It was a laughable but dangerous scene.

The circus has come and gone, and Columbia has again set itself down to its regular routine of business. Two large and highly appreciative audiences witnessed the performances vesterday afternoon and evening, and to say that they were pleased would be setting it down to a very low mark. Our citizens have not since the day of Dan Rice seen a performance that could equal it. There was not an artist who was not master of his or her part. The menagerie was smaller than we expected to see, but the animals was very

rare, some never before seen here. Mr. Ike Hinkle has purchased the circus bill boards, and this morning the work of tearing them down and harling them away began. As one of the teams was coming up over the embankment nearly opposite the Pennsylvania railroad depot one of the horses fell and could not get up. The other horse becoming frightened began jumping and kicking and got his leg fastened in the harcess of the horse that was down, from which he was looser.ed by cutting several pieces of the har-

Mr. John Fendrich, tobacconist, who, a few months ago, advanced his employees' wages to 50 cents per thousand eigars, has again increased it from 50 cents Mr. Fendrich has one of the largest tobacco trades in the state, and this increase of wages, without it being asked, shows that his business is surely gaining ground. If our other tobacco dealers would follow the example set by Mr. Fendrich, it would not only better the condition of their employees but would also be of advantage to our town.

Attempted to Break Jail.

John Tobin and Ike Buzzard attempted to get out of jail yesterday afternoon. These men occupied cell No. 62 on one of the upper tiers. About three o'clock in the afternoon, as Underkeeper Murr was making his rounds, he discovered Tobin in the act of filing off one of the iron guards of the transom with his eigar knife. The guard was almost cut off when the men were caught, but even if they had succeeded in cutting them off it would have been difficult for them to have got into the yard, as the opening is very small. Ike Buzzard is well-known, as he was a member of the gang who attempted to escape on Sunday. Tobin is in jail for robbing the office of Dr. Boyd and he has four menths to serve

Run Over.

This morning as Sells Brothers' Millionaire Confederation of Stupendous Railroad Shows was passing the Stevens house, two small boys, whose names we did not ascertain attempted to climb upon a country wagon which was following the show. By some mishap they fell, and the wheel of the wagon passed over the head of one of them, and the back of the other. The driver who ran over them was so absorbed in contemplating the big show that he never stopped to look back at the damage done by his team. The boys were carried they were properly cared for, and they ceipt of price in currency or three cent post without telling who they were.

OLD BOB RIDLEY DYING.

A Once Noted Burglar Passing Away in an Philadelphia Press. Lying at the point of death in the Mont gomery county almshouse is one of the most noted criminals of years gone

by. Robert Cooper, better known as Old Bob Ridley, is the name of the pauper who thirty years ago sprang into prominence on account of his connection with a daring burglary committed in Lancaster county. For this offense he received but five years, and as soon as he was released he became the leading spirit in a gang of counterfeiters which infested Lancaster county and for a long long while carried on their nefarious occupation in defiance of the law. He is now 75 years of age and has spent most of his time in prison. Years ago, while incarcerated in the Eastern penitentiary, he made knives, forks and other articles from the bones which were served in the soup furnished the convicts. These trinkets were sold for his benefit, and many who have now grown to maturity will probably remember hav ing purchased his curiosities

A Dog Shot. Yesterday a large vicious terrier dog, belonging to Philip Graybill, South Water street, was shot on account of his bad practices. About two weeks ago while chained in the yard he bit a boy, who approached too closely, but did not hurt him seriously. A day or two ago Dr. Bolenius. who had occasion to visit the premises, was seized by the dog, who sank his tusks through the doctor's boot and into his great toe. The dog was then killed, it requiring two shots and several blows from an axe to end his miserable life.

Wagons Wrecked.

Yesterday two wagons heavily loaded with lumber, broke down on the Millers ville pike, near the normal school, and had the hind wheels torn off. The accident appears to have been caused partly by the track of the horse railroad and partly by the carelessness of the drivers, who were intoxicated. One of the wrecked lumber wagons ran against two carriages standing in front of the normal school and somewhat damaged them.

Mrs. Shenk's Insurance sult.

H. M. North and William Leaman, esqs., counsel for Mrs. R. W. Shenk, have brought suit against the Mutual life insurance company of New York for the recovery of \$20,000 (not \$5,000, as erroneously stated yesterday), the amount of the four insurance policies held by the late Mr. Shenk in the company named, which has declined to pay over the money.

Double Apple.

Peter Hiller, of Conestoga, this morning presented us with a double apple. The stem is single at its point of union with the bough, but is separated into two distinct branches a short distance below. The apple has double blossom mark, double core and in shape perfect spheres, connected by a narrow strip, something after the manner of "the double headed girl."

A Gang of Tramps. From information received, Officers Shay, Cremer and Leman went to New Danville and arrested a gang of eleven tramps who had been disturbing and depredating on the residents of that vicinity. They were locked up for a hearing before Alderman Spurrier at 2 o'clock to-morrov

Runaway Accident. Yesterday afternoon as John Ochs's business wagon was being driven on Middle street, his horse took fright at something and ran off. The wagon was badly broken and the feed with which it was onded spilled upon the street.

THE FEVER PAST.

SO THE DOCTORS SAY. But the Presidential Pulse Still High.

TO-DAY'S REPORTS FROM THE SICK BED.

The Morning Bulletin.

EXECUTIVE MANSION, WASHINGTON, D. C., Aug. 10, 8 a. m.-Official.-The president slept soundly during the night and this morning his temperature is again normal, although his pulse is still frequent. At present it is 104, temperature 98.5, respiration 19.

ROBT. REYBURN. Entire Subsidence of Fever. EXECUTIVE MANSION, Washington, Aug.

10.-10:11 P. M.-Unofficial bulletin.-The continuous fever, which has been the most marked feature of the president's case for the past three or four days, subsided entirely during the night, and the patient's temperature this morning was normal for the first time since Sunday. The breaking of the fever was followed by a profuse perspiration, and the rather high pulse shown by the morning bulletin is probably due te weakness resulting therefrom. The discharge of pus at the morning dressingwas unusually copious, showing that the wound is now perfectly and thoroughly drained. The drainage tube was put in again and the wound washed out with a weak solution of carbolic acid and water. Since the dressing the patient has taken nourishment in the shape of milk and lime water and at this hour he is quiet and comfortable. The surgeons report that he is doing well.

The Pus Discharges Free and Bealthy. EXECUTIVE MANSION, WASHINGTON, D. C,, August 10-12:30 P. M.-Official Bulletin-The president is getting through the day in a very satisfactory manner. He has asked for and taken a small quantity of solid food in addition to the liquid nourishment allowed. At the morning dressing the discharge of pus through the new opening was more free than at any previous time, its character was good and the wound looks well. His temperature and respiration continues within the normal range, though the debility following the operation is still shown by frequency of pulse. At present his pulse is 110, temperature 98-6, respiration 19.

KEADING REORGANIZATION. The Directors Adopt President Bond's

PHILADELPHIA, Aug. 19.—President Bond's plan for the adjustment of the in-debtedness of the Reading railroad com-pany was submitted to the board of directors to-day and was approved by that body and ordered to be submitted to the

In general form the plan is now understood from the best sources to be as fol lows: In place of all present outstanding indebtedness (the entire bonded and floating debt of the two companies) a new mortgage is to be created, involving a bonded debt of \$125,000,000 being a first lien on all the realties and rolling stock, fixtures and mining machinery owned by the Reading companies. The bonds issued under this general mortgage are to be of two classes. The first series will run for fifty or seventy-five years, bear interest at four and one-half per cent. and have prior lien over the bonds of the second series, which will run for a correspondingly low period, but are only guaranteed three per cent., with such increase as the carnings may justify, this higher rate to be paid only at such time as

equal increase is made in the stock divi-Under the plan, all the highest rate loans now outstanding, including the improvement sixes and consolidated sevens, are to run until maturity, a sufficient quantity of the new 41's being set aside to take up at maturity, such as are not provided for by the sinking fund. In addition, fully \$42,-000,000 of the 41's are to be floated to exchange for the general mortgage and the

income mortgage bonds. Mr. Gowen Answers the "Ledger's" Charge, PHILADELPHIA, Aug. 10.—The following cablegram was received this morning by one of the Reading railroad receivers LONDON, Aug. 10 .- To Keim: Referring to Ledger article, inform public that all subscriptions to deferred income bonds are absolutely bona fide. Out of the entire issue of \$34,300,000, \$26,400,000 have paid first instalment, and money for remaining \$7,900,000 ready to be paid the moment
