TUESDAY EVENING, SEPT. 20, 1881.

**LOCAL CORRESPONDENCE.**  
MANHEIM BOROUGH.

**The News From That Town.**  
Miss Carrie Kreider of Lancaster, spent Sunday at Manheim.

Miss Annie Sawyer has returned home from Middletown, Pa., where she had been visiting for a few weeks.

Mrs. Susan Worley and Mrs. Hiram Getz, of Marshalltown, Iowa, are visiting Henry Arndt, esq.

Mr. William Gault, sold this year's crop of tobacco (six acres) to J. M. Hahn for \$1,200.

Charles T. Lohr, auctioneer, has sold for the administrator of George Nees, deceased, three lots of ground containing three acres, situated on Walnut street, for \$515 per acre; Aaron H. Danner purchaser.

Dr. J. Francis Danlap and wife returned home from their wedding tour on Saturday. We wish the newly married couple a pleasant voyage as they gently glide down the river of life.

Abraham Kline, esq., has procured a gas generator from a Philadelphia firm, and had his large new hardware store illuminated last week. The gas produces a very brilliant light and gives general satisfaction. A number of our business men intend to adopt this mode of illumination.

Mr. S. G. Brosey has shown us an apple that was taken from one of his trees which weighed exactly eighteen ounces. Mr. B. pronounces it the "Hildebrandt" variety, and claims it is "hard to beat."

Master Ezra Heist, the INTELLIGENCER carrier, has been on the sick list for the last seven weeks. We are glad to state that he is convalescing again, and will soon be able to resume his former duties.

Landis' drug store is the centre of attraction at present; every morning and noon the proprietor furnishes the public with bulletins concerning the president's condition, which are eagerly read. Mr. L. has an eye to business, and we venture to predict that the bulletin-board is a remunerative investment.

The Sacrament of the Lord's Supper was administered in St. Paul's Episcopal church, on Sunday morning, Rev. Alonzo P. Diller, of Marietta, officiating. He preached a very able and elaborate discourse, and was listened to with marked attention.

Our schools opened on Monday, Sept. 13, and are largely attended. Mr. J. H. Keylor, of Colerain, a graduate of the Millersville state normal school, has taken charge of the schools, and will be assisted by an efficient corps of teachers.

The new depot which was begun last spring is finished. The rooms are large and commodious and the colors are strikingly in harmony with each other. The building, since completed, presents an imposing appearance, and will be an ornament to our town. It reflects much credit upon the railroad company for this much-needed improvement.

Manheim's terrible affliction, diphtheria, still continues to make sad havoc among the little ones. For three years we have been afflicted with this malady without cessation. The school board will adopt stringent measures to prevent the spreading of the disease, and pupils who have it in the family will not be allowed to attend school.

On Saturday evening while a German was entertaining a crowd at the Washington house, Levi Miller, of Sporting Hill, who had his eye on the lady, approached him and without any provocation whatever, knocked him over, and jumped on his face, and with his coarse brogans commenced to kick him in the most brutal manner; several men went to his rescue, but not until he had received some terrible gashes about the face, which bled profusely. Had it not been for Miller's timely exit he probably would have been handled "without gloves" by the excited crowd.

**DRUMME ITEMS.**  
Heater Killed—Sunday School Celebration—Tobacco Matters.

From our Registrar's Office.  
Last week Mr. Wm. A. Brown had a heifer killed at Fishing Creek, on the C. & P. D. R.; after the animal was killed the train hands notified Mr. Brown to remove the carcass in a certain time, which he neglected to do. A complicated country folks as a little "cheekie."

Little Britain Sunday school held its celebration last Saturday. Chestnut Level will have one next Saturday.

Our tobacco men are in a ferment of excitement now. They are getting more plentiful every day and are not afraid to talk high prices, and almost all our farmers have changed their minds about not selling till stripping had begun, and are selling on every side. We have acres and acres of first class tobacco yet, and will be pleased to see all the buyers in Christendom. What a blessing this tobacco is to our farmers. How many hearts will be made lighter and homes warmer this winter and happier by it? How much easier will the next year be to pay the interest, ay, and part of the principle, too? Ah, my old anti-tobacco friend, rich by inheritance, could you see and appreciate the happiness I see this "dirty weed" bring to the honest hearts of our farmers, you would not hesitate to give to their not over-luxurious families, you would not wonder, when speaking of it, that I quote—

"Plant divine of rarest virtue."  
But I forgot that I was itemizing.

Lea P. Brown sold his crop to De Haven for 29, 14, 7, 3; Lake Parson sold to Leaderman 5 acres through Schubert bought 5 acres from Gilbert Maxwell for 25 through; 1 acre from Will F. McSparran for 23 and 5; 2 acres from James D. McCullough for 21 through; 2 acres from Henry Lee for 25 through; and 1 acre from Dr. Glacken for 25 through; Jacob Kreider paid Wm. Gorsuch 30, 15, 8, 3; Amos K. Bradley, 13 acres for 27, 15, 8, 3; James M. McSparran, 11 acres, 26, 13, 8, 3; and Isaac Ferrill, 1 acre, 27, 10, 6, 3; John McLaughlin bought 8 acres from Dr. Sides, farmed by John Bowers, for 25, 10, 5, and 31 acres from Jos. Pyle & Bros. for 23, 8, 3; Harrison Long sold 2 acres to Burkholder for 24 through.

**HAIR BUDGET.**  
In and Around Georgetown.

The thoughtful ones are laying in a stock of coal.  
The thermometer has fallen considerably since last week, but as yet we have had very little rain to beget of. The roads still continue dusty, although not so deep as they were.

Mr. DeHaven commenced on Monday to sample the tobacco of Martin & Fritz, and says it is turning out in good condition.

The lovers of music are looking forward to the 29th, with the expectation of receiving a rare treat from Woodward's Continental vocalists, who are to give a concert in the middle Octavo church on that date.

The tobacco crop of Bart is not yet all housed, but is being housed very fast. Some large leaves are on exhibition in Aiken & Palmer's store, one 43 inches long, already cured and an excellent color. COLERAIN.

**Boasts of Big Tobacco.**  
Colerain is one of the beauty spots of our very beautiful Lancaster county, possessing a large share of intelligent, thrifty farmers, who in their turn possess handsome, intelligent wives, daughters and sisters. They are also among the most hospitable farmers in our county, as a visit to any of them will soon convince you. Most of the tobacco crop throughout there is particularly noticed about the farm of Mr. John Crawford, a farm by the way, I understand, which has been farmed by his father and grandfather, who purchased it before the Revolutionary war. His tobacco looked so green and thriving I walked through it, and saw the size of the leaves were 40x24, many, very many, leaves much larger. But old Colerain always tries to be No. 1, even in raising tobacco, but that is because she is a true Democratic township and her farmers true Democrats.

During the last week we have had an abundance of rain, and are very thankful for it. Everything is looking fresh and green again, and the roads are in a splendid driving condition, which they have not been for the two last months on account of the drought.

**A Literary Curiosity.**  
Retiring Message of Mayor Thrift, of Boonesboro, Iowa.

Rev. B. Brunning, of Bradford, Pa., has been reading with considerable interest the "History of Boone county, Iowa." Among other curiosities found was a characteristic message, delivered by J. M. Thrift, third mayor of Boonesboro, upon vacating the office. The message is worthy of reproduction and will be found appended a verbatim copy—that is, so far as it can be made in type:

**Mayor's message To the Hon. Town Council of the Incorporated town of Boonesboro, Gentlemen of the Council:**  
I submit the following report for the fiscal year of my term of office for the year 1867 and part of 1868 this seventh day of March 1868.

Report of finances of Current year according to receipts and minutes I kept of matters of a two small amount to incumbent of my term of office for the year 1867 and part of 1868 this seventh day of March 1868.

These several amounts is \$51.50, the mayor's book of record for which I submit as follows: first receipts of S. G. Moffats late treasurer for \$156.62 amount for licenses for current year \$34.50.

Amount of fines in all on record paid and unpaid \$93.00 of which fifteen is unpaid and \$78.00 paid \$78.00, there are some other fines that was assessed by me of a small amount \$63.02 that was not placed on record on account of some accounts growing out of my orders not being strictly carried out—for all such I have remitted and the parties are not held for so far as the fines are concerned, those fines that air a matter of record air to be collected and no other, my Business has been strictly adhered to and all orders carried out in a matter of record and no matter of a doubtful nature as for proof my Receipts and the Record will show for proof of the assertion, I would very much like to make a report of the Incorporated Town of Boonesboro, and will some day for the satisfaction of the People and show the true State of financial condition of our town and stop the Eternal Gassing in relation to the affairs and the true condition and that published in all that will satisfy the people.

Gentlemen, our administration in the main has been social but sometimes rather spirited for which often will occur in all bodies where men are doing business for the people, but those matter ought to end with our administration, and mingle and co-mingle as if the ocean of life had been as smooth with us as a calm sea, it ought to be a satisfaction to us to think that we have done the best we could, let others say what they will. My motto for my life is mine conscience of itself is "rite can never be derided its own estimation."

Gentlemen I retire feeling that I have tried to do my duty, and if I have erred it is not a fault of the heart, it is an error of the head, and for your deliberations whilst working in your official capacity I am now well satisfied with for which you have my best wishes.

J. T. THRIFT, Mayor.  
In a retiring position, March, 1868.

**York Items.**  
Last Saturday there was a great commotion at the jail, a prisoner having escaped. It seemed the turnkey opened the door to admit a visitor, and with his usual carelessness left the door open for a while when the prisoner, Verus, quietly made adieu to York and the pleasant memories connected with it. It seems strange why some one does not escape every day from the jail, for the turnkey is nothing but a boy and very careless in the management of the prisoners.

Judge T. W. Bartley, of Washington, D. C., is visiting Judge Black at his residence two miles southwest of York.

Gen. W. Hancock proposes to visit Geo. Small, esq., at his country residence next week. The general will remain two or three days and a banquet will be given him at Mr. Small's residence.

Some of the tobacco buyers are out and are paying very high prices for tobacco. The crop is poor compared with the Lancaster county crop.

The young folks of the town take advantage of the delightful evenings by promenade the streets to a late hour.

The ship Olympus, bound from San Francisco to Seabeck with a cargo of hay, oakum and oil, was burned on the 14th of September in 47° 19' north latitude, 132° 25' west longitude. The crew and passengers, twenty-six in all, took to the boats and were picked up the same day by the ship War Hawk and taken to Port Discovery.

**JOHN WANAMAKER'S,**  
Chestnut, Thirteenth, Market Streets and City Hall Square,  
PHILADELPHIA.

**HOSE.**  
800 pairs of ladies' hose at 50 cents; plain colors; 1,000 pairs sample half-hose, 25 and 37 cents; bought just now in Nottingham. They are worth twice the prices; some of them more.

We ordered lately 100 dozen of ladies' plain black silk hose, all of one quality and just alike. The manufacturer said it was the largest order he had ever received from a retailer. We buy in quantities only staple articles. We shall have, may be, before the season is over, 1,000 sorts of hose; of some of them only a single pair.

Outer circle, east from Chestnut street entrance.

**LACES.**  
Our lace buyer has returned from Europe and the new things are beginning to come in.

We have these now: Floss lace (first appearance here), embroidered with floss silk on silk net; cream and black. Only two widths as yet, \$1.25 and \$3.25; more on the water.

Spanish laces and fichus, cream and black. Ties, \$1.50 to \$12.50; fichus, \$1.25 to \$27. We judge our prices are about 15 per cent. below last season's.

**DRESSES.**

**BLANKETS.**  
Let a \$5 wool blanket speak for our bedding.

Manufacturers are responsible for a good deal of the common cheating in blankets. Cotton gets into almost all the low-priced blankets, without getting into the tickets. They are sold for all wool by the makers, and few merchants know the fact. A little cotton can be hidden in a woolen blanket, and a good profit hidden with it. If you find a fibre of cotton in our \$5 woolen blanket come and tell us. Southwest corner of building.
