The Democratic Duty.

We are surprised to see some Repubcoffin, while their newspapers are calling its rest, upon the people to remember that "there are still two parties in this country, that they will always divide on certain questions," some of the rather soft-headed brethren are calling upon the Democratic senators to forego their rights and duties and elect Republican officers of the Democratic Senate, or first swear in the three incoming Republican senatorsafter Burnside's successor shall have been elected-and then let them organize the Senate; although they cannot be sworn in until an organization is effected, as even Clerk Burch is dead and no successor chosen. This demand is absurd: but scarcely less so than the appeal to the Democratic majority to elect a Republican organization. Why should they? was never in this country. Notwithstand-there is no power but of God. The powers that be are ordained of God: and when did the opposition do such a thing?

Some of the organs seek to relieve this absurd position into which they put their party by arguing that the Republicans carried the country and are entitled to every chance at its control. It may be fitly suggested that Arthur was not elected president; he did not carry the country for that office and could not have carried it. His faction was beaten at Chicago and would have been beaten at the polls. Logically it is he who ought to retire. The Democrats do not ask it. But they propose to stand by their guns, and from all manner of persons continue their rights and their duty to the coun- to pour in. The archbishop of Cantertry. mpressive Services and Touching Tributes to the Memory of the Illustrious Dead.

The funeral services of the late President Garfield took place in the rotunda of the capitol at Washington yesterday afternoon. During the progress of the ceremonics the appearance of the rotunda was solemn and impressive. The chairs, of which there were 1300 in the hall, were completely filled, by distinguished personages, while aisles. Rev. Dr. Isaac Errett then offered prayer. He spoke in a clear, but low tone of voice, and with much evidence of deep feeling, but owing to the fact that some confusion ensued through neglect of the committee on arrangements to provide seats for the choir, many of his utterances were lost. "Our beloved president is great nation, he was stricken down by a pectations connected with his administration of public affairs sank into disappointment and nothingness. While we deeply feel beyond what we can say in words the bitterness of this affliction we cannot forget, oh, Lord, how much we have to be thankful for. We desire to praise Thee that though the presi dent dies the nation lives. noble and Christian spirit which she had exhibited in the hour of sorrow and tribulation, and exhorting her to look to God in the days of her affliction. He invoked the Divine blessing on the fatherless children that the sons should, under the benediction of God, grow up to a noble manhood, and that the bereaved daughter rise into a true and glorious womanhood, and live to be the comfort of her widowed mother. He appealed to God to have pity on the dear old mother over the mountains waiting for the dead body of her darling son, now that she was old and gray. haired.

Address of Rev. F. D. Power. As the closing words of the prayer died many persons remained standing in the away, Rev. F. D. Power, of the Vermont avenue Christian church, of which President Garfield was a member, delivered a feeling address. He spoke in a clear voice corps served to brighten, to a certain de. and was distinctly heard in every portion of the hall. He said :

The cloud so long pending over the nation has at last burst upon our heads, and we sit half crushed amid the ruin it has wrought. A million prayers and hopes were opened with the hymn, "Asleep in and tears as far as human wisdom sees were vain. Our loved one has passed from us. But there is relief. We look away from the body. We forego for a time the things that are seen. We remem-Rev.Dr.Rankin then ascended the raise ber with joy his faith in God's Son, whose gospel he sometimes helped to preach, and which he always truly loved, and we see light and blue sky through the cloud structure and beauty instead of ruin; honor, immortality, spiritual and eternal life in the place of decay and death. The chief glory of this man, as we think of him now, was his discipleship to the school of Christ. His attainments as a scholar and a statesman will be the theme of our orators and historians, and they must be worthy men to speak his praise worthily. But it is as a Christian that we love to think of him now. It was this which made his life to man an invaluable boon, his death to us He has surviving him a brother, an unspeakable loss, his eternity to him- who is 85, one sister 83 and self an inheritance incorruptible and undefiled and that fadeth not away. He was no sectarian; his religion was as broad as the religion of Christ. He was a simple Christian, bound by no sectarian ties, and wholly in fellowship with all pure spirits. He was a christologist rather than a theologist. He had the great reverence of the family and relations. His example as son, husband and father is a glory to this nation. His power over the human heart was deep and strong. He won men to him. He had no enemies. The hand that struck him was not the hand of his enemy, but the enemy of the position, the enemy of the country, the enemy of God. He sought to do right-manward and Godward. He was a grander man than we know. He wrought even in his pain a better work for his nation than we can now estimate. He fell at the height of his achievements, not from any fault of his, but we may in some sense reverently apply to him the words spoken his dear Lord; "He was wounded for our transgressions. He was bruised for our iniquities. The chastise ment of our peace was put upon Him.' As the nations remember the Mace-donian as Alexander the Great, and the Grecian as Aristides the Just, may not the son of America be known as Garfield the Good? Our president rests; he had joy in the glory of work, and he loved to talk of the leisure that did not come to him. Now it is his; this day is precious, because of the service it rendered. He is a freed spirit, absent from the body he is present with the Lord; on the heights, whence came his help, he finds repose. What rest question, "To what source must we look has been his for these four days! The brave spirit which cried in its body, "I am tired," is where the wicked cease from troubling and the weary are The patient, soul which groaned under the burden of the suffering flesh, "Oh, this pain," is now in a world without pain. Spring comes, the flowers bloom, the buds put forth, the birds sing. Autumn rolls around, the birds have long since hushed their voices, the flowers faded and falling away, the fairest foliage assumes a sickly dying hue. So earthly things pass away and what is true remains with God. The pageant moves, the splendor of arms and the banners glitter in the sunlight, and the music of instruments and of oratory swells upon the air : the cheers and praises of men resound but the spring and summer pass by, and the autumns sees a nation of sad eyes and heavy hearts; and what is, true re-

mains of God. "The eternal God is our refuge and underneath are the everlasting The Funeral Journey. After the ceremonies had concluded with prayer by Rev. Dr. Butler, the remains, followed by the distinguished assemblage and escorted by the military, naval and civic organizations, were conveyed through streets thronged with a silent multitude, to the railroad depot; and placed on the train which is conveying them to Ohio, The funeral train left Washington at 5:21 p. m., Philadelphia time, and arrived at the union depot, in Baltimore, at 6:34. It is estimated that nearly 50,000 people were gathered at the depot and among them being the city officials, several Grand Army posts and officers of the Fifth Maryland regiment. As the train passed into the depot in the dusk of the evening, the vast throng uncovered their heads and remained uncovered until after having changed engines, it passed out, ten minutes later. Similar scene were witnessed when the train passed Harrisburg and other places on the route. The train reached Altoona at 1:35 and left that point at 1:45 this morning, to reach Pittsburgh about 6 o'clock. Henceforth its progress can be traced by our telegraphic reports.

The Preparations in Cleveland. The body will be placed in the catafalque in Monumental Park in Cleveland. The lot selected for the burial is on the brow of a high ridge, commanding a sweeping view of Lake Erie and intervening a strip of country. It contains one-half an acre is in the sightliest part of the grounds, and had been set apart by the trustees for some purpose of more than usual importance, supposing probably some Masonic or other society might some time wish it. The lot could have been sold many times over for \$10,000 and more.

Sensible Conclusions.

Washington Dispatch to Philadelphia Press. Some Republican senators are of the opinion that the newly elected senators cannot be sworn in until a president pro tempore shall have been elected, and it is certain that all the Democrats of the Senate hold to that view. It is somewhat doubtful, notwithstanding the assertions that have been made to the contrary, that there will be any flibustering by the Republicans against the regular organization of the Senate by the actual majority. This will make a Democrat president pro tem. of the Senate and he will remain in office tinued to us in all the land. For this we even after the swearing in of the new senapraise Thee and we humbly pray that tors, because of the tie that will then exist the president who sits near our depart- between the two parties. THE EMPIRE FIREMEN.

Return of the Empire From Reading-The

The Empire hook and ladder company left Reading last evening, at six o'clock, arriving at the outer depot in this city shortly after eight o'clock. They were met at the train by members of the city fire department, and the line was formed

The line of parade was then formed in the following order: Chief Marshal-Jacob Web Mounted Aids-Jacob Reese, of the Simon Yetts, probably the oldest man | Friendship, and Philip Smith, of the Amer-

Humane Fire company with hose carriage. The parade was not a very large or brilliant one—the Empire company of course showing to the best advantage. The published route was not followed. After conducting the Empire boys to the Humane hall, where a banquet awaited them, the other companies were dismissed After marching over a route which va-

ried somewhat from that previously published, the companies halted at the Humane house, on West King street, where the parade was dismissed. The Empire com pany were taken into the house by the Humane boys, by whom they were enterwas spread which reached the whole length of it. This was filled with the choicest eatables of all kinds, including cold and warm dishes and fruits. After both companies had gathered in the room the Empire was addressed by B. F. Davis, esq., who on behalf of the Humane invited them to sit down to supper. This they were not slow in doing, and it was with a great deal of relish that they partook of the excellent supper, which was prepared by B. F. Slough, of the Sorrel Horse hotel and a number of assistants. After supper A. S. Edwards, of the Empire, arose and in a short speech very kindly thanked the Humane boys for their entertainment. George Pontz was then called upon to sing a song, which he did in his usual good style and he received thunders of applause.

The remainder of the evening was spent singing songs, telling stories and partaking of more refreshments. At a late hour the whole party adjourned. The Humane boys spared no expense to get up this affair which was the biggest kind of a success. They left nothing undone to please and make comfortable their guests and their kindness was greatly appreciated. Notes of Interest About Rending and the

The Lancaster boys had an excellent time during their stay in the city of Read | at 1:30 p. m. the command marched to Meing, and everywhere they were well re- Grann's agricultural park, to camp there ceived. They all made lots of freinds and had car loads of fun.

The Shiftler were entertained at Fairview park yesterday morning by the Rainbow company, whose guests they were.

The Times and Despatch of this morning says : "The City cornet band, of Lancaster, of which Dan'l Clemmens, formerly of this city, is the leader, serenaded the Times and Despatch office yesterday morning. The band rendered excellent music. Mr.Clemmens is one of the very best cornet soloists in the state. The band accompanied the Empire hook and ladder company of Lancaster, to this city.

The Empire company took three prizes one of them being for the handsomest truck. They did not enter in the truck race or they might have takan that prize, as there was but one-the Mount Vernon company of Harrisburg. They ran 300 vards and at the finish a ladder was placed up against a cross piece and a man ascended to the top. The whole was done in minute 24 seconds.

The Empire boys made the biggest hit of the week in the way of fun when they gave their specialty of "Who was George Washington? It was copied by many of the visitors, but they all failed to get through with it in the same style as the Empire boys.

The Reading firemen had a great deal to do, but they showed their guests an abundance of fun and did everything possible to please them. They held balls, parties, picnics, &c., almost every night. The poorest feature of the whole parade were the newspaper reports given of it,

not only in other cities, but in Reading The route of the parade was too long by far, and one bad feature was the countermarch on a hill right outside of the city. Some of the best bands of music to be

ad were in the parade. Plenty of the leading men of this state were in Reading, either as firemen or delegates. Most of them wore uniforms and

were in the parade. The Montgomery hose were a fine look ing body of men. They wore long blue overcoats, with bright buttons. They will probably take the prize for best appearance. which has not yet been given out; the Empire of this city are the most formidable rivals of this company. These parties had a good time together yesterday and each one screnaded the other at the Mansion house. Plenty of new friends were

made by both. Every person was anxious to "get on" to one of the Empire's badges. The Shiffler's Return.

The Shiffler will return at 8 this evening when the Friendship will receive them.

#### THE MILITARY.

IN CAMP AT LANCASTER.

Honors to tien. Keynolds—A Soldierly Hody of Men. A great deal of interest was manifested n Lancaster this morning and throughout the entire forenoon, over the movement and in expectation of the arrival here of Co. C., of the Third artillery, whose march from New York to Yorktown, has been noticed from time to time in these columns. Near Leaman Place yesterday and while on the march they were caught in the fierce wind and rain storm, and had to turn their backs to it and stand its full force. Most of them were drenched to the skin; some of the officers protected themselves with gum coats and leggings that they happened to have along. The com-pany pitched camp there and were off early this morning, passing through Paradise

about 6:30 a. m. Col. Hambright, U. S. A., of this city, who knew Capt. Sinclair fifteen years ago, has been kept apprised of their movements and about 9 a. m., accompanied by a representative of the Intelligencer, he drove down the Philadelphia turnpike to meet them. They were first caught sight of coming over the brow of a hill a mile or nore east of Witmer's bridge, and they presented a very picturesque appearance. Upon meeting with Col Hambright, and after an interchange of military courtesies, Capt. Sinclair ordered a halt and dismount. Capt W. D. Stauffer, driving on the turnpike, also stopped and was introduced, and there was a pleasant chat of some tifteen minutes with the officers.

The battery is stationed at Ft. Hamilton, on Long Island, and is en-route for Yorktown, via Columbia, York and Baltimore; returning, after the Centennial, via Havre de Grace, West Chester and Valley Forge. Last Sunday the company en-camped at Trenton and had intended to reach Columbia to night and camp there over Sunday. Upon being informed of the size, the beauty and the hospitality of Lancaster, and above all that here the former commander of the battery, Gen. John F. Reynolds, had lived and here he was buried, they decided to spend Sunday in Lancaster.

Capt. Sinclair, who is in command of the battery, was formerly colonel of the 6th Pennsylvania Reserves, and has a great deal of feeling for this state. The other officers are Lieutenants Potts and Satterly, and Assistant Surgeon Burton. There are 80 men and officers, 72 horses and 4 mules, and 4 pieces of artillery-sixpound guns. The cannon, caissons, forges and a line of baggage wagons make quite an imposing trains. The men and horses look well, the former being somewhat sunburnt. They wear white linen and cork helmets and have enjoyed their march, especially through this state. They have twenty A tents and four wall tents, and purchase their supplies on the line of

Col. Hambright, on his way back to town spotted several eligible places for encampment, and at the town limits met Post 34, Commander McElroy at their head and accompanied by the Millersville band and a large crowd of citizens on their way to meet the battery. They escorted the visiting military from Potts's tavern into the city and over to the Lancaster cemetery, where the grave of ien. Reynolds was visited and paid due honor; a salute of twenty-one guns was here fired as a tribute to the memory of the gallant soldier. Thence the battery moved down to Centre Square to the music of the band and buglers and amid thousands of spectators. The procession passed around the monument, a dirge was played, and a halt was made and dismount ordered. The men relieved themselves by strolling around the square and courteously answer. ing the thousand questions asked them by the immense crowd of spectators they at-

The officers, under charge of Col, ilambright, paid their respects to the mayor and consulted with him and Mr. B. J. Me-Grann as to a place of encampment, and over Sunday.

This battery was organized by Capt. Ringgold, one of the heroes who was killed in the Mexican war and famous as the inventor of new flying artillery tacties. It was quite famous in the Mexican war, lost its guns at Palo Alto and recaptured them at Cherubusco, the inci dent creating the wildest and most pathetic enthusiasm among the men. After Riggold's death the famous Capt. Bragg commanded it, subsequently Captains Gibson and Ransom and Gen. John F. Reynolds. The latter took it from Fortross Mohroe to Ft. Worth, where it was remounted, and whence he took it to Ft. Walla Walla. Since the war it has been at Ft. Hamilton. Lieut Potts is from Towanda, Pa., and was of the West Point class of 1876.
