### A Remarkable Find.

A Ring Lost and Luckily Recovered. Mr. J. W. Davis, an attache of the United States pension office, at Washing-ton, D. C., tells the following story, which the Emporium Independent personally knows to be true: "On Friday evening, August 26th, while returning from a visit to our relatives in Western Pennsylvania and New York, on the Philadelphia & Erie division of the Pennsylvania railroad, just above Emporium, Pa., my wife saw some ii:tle children waving their hands at the cars as they flitted rast. Thinking t please the little ones, she responded to their salutations by waving her hand out of the car window. Just as she was in the act of thrusting her hand out, we passed a railroad bridge (No. 82) which spans West creek. The bridge struck my wife's fingers, knocked off the ring, and bruised but not seriously injured, several members. Mr. Wm. Youtz, master carpenter, employed in the shops of the Philadelphia & Erie railroad company, at Renovo, Pa., was in the car at the time of the accident, and, upon learning the facts, eaid he would try and have the ring found. Immediately subsequent he informed the watchman at the bridge of the case. The watchman, however, failed to find the ring. On the date mentioned, September 6th, Mr. Yontz had personally visited the point indicated, and after a short search, found the ring in the shallow water be-neath the bridge."

Mr. Youtz returned the ring to Mr. Davis by express, and refused to accept any reward for his trouble, although the former gentleman had said he would give any one finding the lost trinket \$20.

Mr. Davis in his letter announcing the return of the ring further states: "The ring was one given my wife by me when we were engaged, and of course as such was very much prized, and now it has more value than ever, and you may judge of her delight on the night of receiving the ring, when, thinking that she was asleep, I slipped the ring on her finger, but as she did not prove to be asleep, of course she took in the situation at once. This was the first intimation she had that the ring had been found. We feel under great ob ligations to Mr. Yontz for the kind manner in whichee has treated us."

Kidney Diseases.

Kidney diseases afflict the greater part of the human race, and they are constantly on the increase, but where the virtues of Kidney-Wort have become known, they are held in check and speedily cured. Let those who have had to constantly dose spirits of nitre and such stuff, give this great remedy a trial and be cured. In the dry form it is most economical, in the liquid the most convenient.—Philadelphia Press.

Despised. By the unthinking, Burdock has been considered a weed, and its luxuriant growth, unpleasant smell, etc., has rendered it, to those "not knowing its virtues," a nuisance, and yet the root has long been acknowledged by savants as most invaluable as a diuretic, aperient and blood purifier. ZIND GREETING.

DR. GREENE takes great pleasure in reporting the safe arrival home of Mrs. Greene and seit after a vacation of nearly two months, and while he is sad to learn of the deaths of persons, some of whom were strongly induced to test OMNIPATHY. He is especially glad to know that no deaths have occurred among his numerous patients during his absence, and that many who had been invalids and in many ways diseased are now well, have fully recovered their health. Among them is a lady who on the 8th of June last was told by Drs. Agnew, Kline and Gross, of Philadelphia, to go home and die with a Scirrhous Cancer of the breast, now greatly improved. Another case was a mother and her first babe, who only a week before I left were supposed to be dying by two of mother and her first babe, who only a week before I left were supposed to be dying by two of
the most eminent physicians of this city, bo'h
of whom are alive and the mother doing her
household work. No quinine, morphia or
other drugs given to any of them: only external applications of simple remedies. No
charge made for examining patients.
