DRESS CLOTHS AND CLOAKINGS.

Good judgment should be exercised in buying dress cloths, for, when well bought they

make a most desirable and very serviceable suit or dress—something that can be worn almost at all times of the year by a lady or young miss. Our cloths are manufactured on special orders expressly for us, and are prepared with great care with reference to quality, colors and finish. Some are shrunk, and when they have not been we have them steam-sponged, at the option of the purchaser. We have these Cloths in low and medium prices. Also of the finest qualities of Im-ported fabrics.

SEAL SKIN CLOTHS AND PLUSHES.

The most beautiful and handsomest cloths this season for a Lady's Coat, Dolman or Man-tle, are the SEAL SKIN CLOTHS. The finest qualities cost high, but when the fact is consid-cred that they require no expensive trimmings, the total cost of the garment is very little more than an ordinary Beaver, and yet they are handsomer and more durable than any other fabric worn for a lady's outside garment, or for trimmings. These goods never crease or press as the silk plushes do. Prices range from \$3 per yard (24 inches wide.) up to the finest qualities im-norted. For ported. For

FALL SACQUES, WRAPS AND MANTLES

We have the New Green Checks, Tan Checks, Blue and Green Checks, Blue, Green and Cardi-nai Small Plaids, Broken Plaids and Checks, Invisible Checks, many colors. Camel Hair Effects, and some beautiful, neat Plaids and Checks for Ladies' and Children's Coats, all with fancy

BOYS' AND MEN'S CASSIMERES.

Our Cassimute Department was never in better shape, stock, assortment and sales all large and increasing. This is where you will find many Job Lots bought low-some are not the latest styles, but all good, stong, durable fabrics, such as the boys need for school, in play suits, and men want for working pants and suits. could not find it. The nearest approach te it is "La Belle Jardiniere" Paris on the Seine, but any one visiting this store will say Oak Hall does better in quantity to select from, style and make-up of goods, though the prices in the main are cheaper in Paris; because of the cloths without duties, and the cheap labor of France. The people here, however, think our prices are quite low enough, considering all things. American Clothing outranks all other throughout the world for real gracefulness. We have here none of the narrow-breasted and contracted shouldcred coats that are so universal abroad. Some of the New York Tailors who have opened branches in Paris are among the most popular artist-tradesmen there, and are well patronized.

The English and French open their eyes wide when told of the size of the Oak Hall Clothing House and its vast stock of ready goods for Men and Boys.

It is our purpose and hope always to have Philadelphia lead the retail clothing trade and we are giving our best efforts to improve every year on our cutting, patterns and workmanship. The character of materials we use is no longer an uncertain question. The people know that we are to be depended on for sound judgment (based on experienced) in the goods selected. This year our fashions and finishing would warrant higher rates, but our prices are as reasonable as ever.
