,300 cases : market very dull. Sales of Seed Leaf in October. Leat

October was a busy month in the seed market of this city, the sales amounting to 17,000 cases. Only in June and Sep tember were the sales larger than in the past month, since the opening of the present year. There have been heavy transfers of New England, Pennsylvania and New York state leaf, those of the first named section exceeding all otherss severally considered, though closely followed by those of Pennsylvania. Prices have continued steady and up to this date there is no change in quotations.

Operations in the country were prosecuted throughout the month, but only with a mere shadow of the vigor observable in Septemper. Flying visite were made to all the producing districts of several producing states, but the quantity for the producing states of the package, consisting of both internal and ex-ternal treatment. of 1881 tobacco purchased bore but a slight resemblance to that secured the previous month. Purchases made in the country from this time forward are likely to be effected in the regular course of business, instead of in the hurried way in which they were made when the buying season opened.

The total sales for the twelve months of 1880 were 97,857 cases, and in the ten monthes elapsed of 1881 the sales have been 120,964 cases. With this aggregate already, it will be matter for surprise if the end of the year does not show a grand total of 150,000 cases sold.

Complicated Diseases.

A prominent gentleman in Cerro Gordo county, Iowa, writes us that he finds Kidney-Wort to be the best remedy he ever knew for a complication of discases. It is the specific action which it has on the liver, kidneys and bowels, which gives it such curative power, and it is the thousands of cures which it is performing which gives it its great celebrity. Equid (very concentrated) or dry, both act efficiently.-N. II. Journal of Commerce. n7-lwd&w

STRANGE-YET TRUE! STRANGE, YET TRUE, that after the hun-dreds of extraordinary cures wronght by DR. GREENE in this city and county, of Con-sumption, Diabetes, Palsy, Fits, Dyspep-ia and other discases, after the patients had (without success) tested Allo, and Homoopathle physi-clans. 'Tis very strange that hundreds of other persons, more or less afflicted with dis-ease, will not read Dr. Greene's pamphlets, or call upon him and be cured of their ailments. Strange that they could be influenced by jeal-ous physicians, or druggists, to keep away from Dr. Greene. They ought to know that the major portion of his patients are from the ranks of other M. D.'s, and that if they did not lie, or throw out some kind ot in uendoes, they would lose the balance of their patients. Mrs. McCaskey, of Philadelphia, came under Dr. G.'s charge through Mr. Powell, of No. 6 East Walnut street, almost blind; been for years testing the Philadelphia oculists. Oct. 27, went home with good vision and health. Oct. 27, Wm. Ensminger, a blacksmith of Strasburg, came in almost a new man, having suffered for years with Dyspepsia in its worst forms. He had been under 13 M. D's, before he tested ominathy. Catarrh cured for 50 cents. TRANGE-YET TRUE! SUITING, -AND--AND--AT-Omnipathy. Catarrh cured for 50 cents.
