## JOHN WANAMAKER CALLS SPECIAL ATTENTION TO THE FOLLOWING:

Our circular silks, 60-inch, are bought entirely from the makers in Lyons this fall for the first time. We have advantage in the price, and besides a degree of confidence not to be got in miscellaneous buying.

**Next-outer circle, Chestnut St. entrance.**

Is there anything black at 75 cents better than flannel? It is of the simplest of all weavings; and naturally money goes a long way in buying it. Black serge at \$1.25, full 35 inches wide; exactly the wholesale price today.

**Next-outer circle, Chestnut St. entrance.**

Camel-hair lightly covered with tulle; the same so heavily covered with bright bourette single threads as to constitute a high illumination. \$1.50.

**Third circle, southeast from centre.**

Ladies' coats of every grade are in good light in the new corner; and if there isn't enough room it is because many buyers are there.

New-to-day. Coats of light cloths trimmed with plush, for young ladies only; the sizes and styles are young. \$1.50 and \$1.75.

**1301 Chestnut street.**

Lengthening and re-dyeing seal coats; and the sooner it is done the better. American dye, of course; but for second dyeing it isn't worth while to send to London.

By the way, would you like to look into our busy fur workshop on the third floor? You shall see all sorts of fur skins and every process of making and ask as many questions as you like.

**Lost at Sea.**

**A Steamer Founders and Carries Down Thirty-two Passengers.**

The steamer *Albion* foundered off Point Barbacoas on the 31st inst., while plying between the mouth of the Sima river and Carthagena. She was a small boat, built for river traffic, but pressed into the rougher service, though care had always been taken not to send her out in bad weather. She had forty passengers aboard and a cargo valued at \$50,000. She had scarcely got to sea when a gale sprang up and in rolling about in the heavy waves she shipped a sea which put out the fires and made the vessel helpless. The boats were few and frail and practically useless. The steamer sank in a few moments, carrying down thirty-two out of the forty persons on board. The steamer and cargo was hopelessly lost. Both were partially insured, and the total loss of property will not exceed \$60,000. The survivors, on reaching the shore, walked to Carthagena.

The small propeller *Gaylord* was sunk at Cincinnati by a collision with the steamer *D. T. Lane*, of the same river and the rest of the crew narrowly escaped.

The brigantine *Arctic*, from Nova Scotia, was driven ashore in the storm five miles below Squan inlet. One sailor jumped overboard when she struck, but was washed ashore and saved. The vessel was very heavily loaded with mustard seed and cuttle fish. After the vessel struck she took fire and was burned to the water's edge. The crew are at the life-saving station.

**Atlanta's Cotton Exposition.**

The exposition had its biggest day since the opening yesterday. Ninety thousand people were registered at the turnstiles, among whom were over 8,000 college students and pupils of seminaries. Among the distinguished visitors were Governor Hawkins and United States Senator Jackson, of Tennessee. Intense interest are manifested by the agriculturalists and mill men that will meet December 6th. All these great interests will be represented by thousands of live men, and the outcome is expected to be of vast benefit to every Southern industry. Thirty thousand strangers are comfortable in the city, and with room for ten thousand more. Every man's house is open. The Dental convention is a great success in point of attendance. Friday the crowd promises to be even larger than yesterday. The great boom has come to the exposition, and every Southern state is sending its people to see it.

**A Troubled Woman.**

Widow Purcell, of Ottawa, Ill., is one of the people to whom trouble comes in heaps. Last summer she left her home to visit a son who lived in Michigan. Two weeks after she reached the place the son died. She was very much grieved, and she went to the funeral. The house was burned, her son's wife and two children perished, the son himself was badly injured, but Mrs. Purcell escaped. Then she went to visit her sister, who lived on the corner of Grand street and South Fifth avenue, New York, and arrived at the place only to learn that the house had fallen an hour before and her sister's dead body was buried in the ruins. Alone in New York, friendless, homeless and penniless, the poor old lady wandered about the streets until she was found by a policeman starting sick and so exhausted that she could not give an account of herself until after she had been partially revived in the hospital.

**Despair.**—By the unthinking, Burdock has been considered a weed, and its luxuriant growth, in places such as, etc., has rendered it, to those not knowing its virtues, a nuisance, and yet the root has long been acknowledged by savants as most valuable for its purgative, emetic and blood purifier. Burdock Blood Purifiers embody all its good qualities. Price 25¢. For sale at H. B. Cochran's Drug Store, 137 North Queen street, Lancaster.

**Miraculous Diet.**—Your Spring Blossom is a success. I certainly think its effects are wonderful; all the dyspeptic symptoms I complained of have vanished; my wife is also enthusiastic in praise of it; she was disgusted by biotines and pills for her face, and had a certain headache. She is all right now and all ungratefully eruptions have gone. You may refer any doubting parties to me.
