JOHN WANAMAKER'S ADVERTISEMENT.

JOHN WANAMAKER CALLS SPECIAL ATTENTION TO THE FOLLOWING:

Our circular silks, 60-inch, are bought entirely from the makers in Lyons this fall for the first time. We have advantage in the price, and besides a degree of confidence not to be got in miscellaneous buying.

Next-outer circle, Chestnut-St. entrance.

Is there anything black at 75 cents better than flannel? It is of the simplest of all weavings; and naturally money goes a long way in buying it.

Black serge at \$1.25, full 56 inches wide, exactly the wholesale price to-day.

Next-outer circle, Chestnut-St. entrance.

Camel's-hair lightly covered with bourette plaid; the same so heavily covered with bright bourette single threads as to constitute a high illumination. \$1.35.

Next-outer circle, Chestnut-St. entrance.

Ladies' coats of every grade are in a good light in the new corner; and if there isn't enough room it is because many buyers are there.

New to-day. Coats of light cloths trimmed with plush, for young ladies only; the sizes and styles are young. \$13 and \$14.

1201 Chestnut street.

Lengthening and re-dyeing seal coats; and the sooner it is done the better.

American dye, of course; but for second dyeing it isn't worth while to send to London.

By the way, would you like to look into our busy workshop on the third floor? You shall see all sorts of fur skins and every process of making and ask as many questions as you like.

1203 Chestnut street.

Striped moleskin plush, 23-inch, \$2.75.

Very rich solid silk plush stripes on ottoman silk with fine stripes of satin merveilleux design, \$6.50. A distinguished novelty from Paris.

Ivory-white satin de Lyon with bold brocade of cream plush picked out with uncut plush of the same color, \$10.

Next-outer circle, Chestnut-St. entrance.

Large small-checks or small-figured plaids; not at all like small-checks and not at all like plaids; a new effect altogether, stronger than small-checks and less gray than many colored plaids, \$1.50. Considered decidedly stylish. The cloths are rather heavy.

Second circle, southeast from centre.

Mustin underwear of a grade found nowhere else in the stores of Philadelphia and New York, with the exception of the enough material without any extravagance whatever, and at very moderate prices; so low indeed that families cannot afford to do the same work at home.

West from Chestnut street entrance.

We have had made a variety of very rich ties of embroidery, and much finer than we have seen in ready-made ties. 65 cents to \$2. The quality is the same in them all. The difference is in width and embroidery.

Bas-tete ties embroidered with silk and cotton, a very unique and effective combination.

Quite handsome embroidered multi ties at 15 cents.

First circle, southeast from centre.

EDUCATIONAL.

MEETING OF THE SCHOOL BOARD.

Committee's Report--Non-Resident Pupils--Bills read--Superintendent's Report--Vaccination--Natural Philosophy.

A stated meeting of the board of directors of Lancaster city school district was held last evening, the following members being present:

Messrs. Breneman, Brosius, Byrne, Cochran, Eberman, Erisman, Evans, Hartman, Herr, Jackson, Johnston, Marshall, McComsey, McConomy, Morton, Oblander, Reimensnyder, Rhoads, Ringwalt, Schwelb, Slaymaker, Sneyeh, A. J. Snyder, E. G. Snyder, Spurrier, Warfel, Westhaeffer, Wilson, Christian Zecher, Baker, president.

Before reading the minutes of the last meeting the secretary read the returns of the last election for school directors, the returns proper having not been presented at last meeting.

Non-Resident Pupils.

Mr. Warfel, from the superintending committee, made the following report, relative to non-resident pupils of the public schools:

To the President and Members of the Lancaster City School Board:

The superintending committee would respectfully report: That they have inquired into the matter referred to them in relation to pupils attending the Lemon street school, who are not the children of residents of the district, and they find the facts to be as follows:

In Miss Holbrook's school there is a girl whose mother is a resident of York, but the child has been living with her aunt in this city, and she regards her aunt's residence as her home.

In Miss Spindler's school there is a girl whose parents live in Michigan, but this child is also living with an aunt and considers this city her home.

In Miss Eiter's school there is a boy, about ten years old, whose parents live in Clay township, this county. The child, however, is living with its grandparents in this city.

In Miss Zug's school there is a girl whose parents live in Manheim township, but the child makes her home with a married sister who lives on Ferkel street.

So far as your committee could learn the above are all the pupils attending these schools, not the children of residents of this city. Respectfully submitted,

JOHN B. WARFEL,
LESTER RICHARDS,
W. A. MCCOMSEY,
H. E. SLAYMAKER,
JOHN W. JACKSON,
Bills Paid.

Mr. Evans, from the finance committee, presented the following bills, which, having been examined by the committee and approved, he read as follows:

Hager & Bro., carpets and other misc., \$57.70; Wm. H. Levergood, teaching night school, \$27.50; Keystone school furniture company, for four umbrellas stands, \$20; Pennsylvania School Journal, subscription 35 copies, \$43.75; Gas company, for gas for West Chestnut and Lemon street school houses, \$10.20.

The official bond of Wm. O. Marshall, treasurer of the board, in the sum of \$30,000 with Wm. L. Peiper, J. B. Good and Geo. A. Marshall as sureties, was presented and approved.

Books to be Bought.

Mr. Erisman reported that the board had at a former meeting ordered the purchase of biographical dictionaries, anatomical charts and Mercator's maps from the publisher, at publisher's price. Mr. Barr claimed the right under his contract to furnish the said books and would not furnish them at the publishers' price. The committee being in doubt referred the matter to the board.

After remarks by Messrs. Rhoads, Hartman, Slaymaker, Evans and others, the chair ruled that the committee had been instructed to purchase from the publishers and should do so.

The Night Schools.

Mr. Warfel reported in the absence of the chairman of the night school committee, that the attendance at the night schools had greatly fallen off, the girls' school having but 12 and the boys' 49 pupils. He suggested the use of having three teachers for the boys' school while the attendance was so small. The Strawberry street night school was also poorly attended.

On motion of Mr. Slaymaker the committee was authorized to dispense with the services of the third teacher.

Superintendent's Report.

The report of the city superintendent was read as follows:

STREET SCHOOLS.

Male	Female	Total	
110	67	177	
45	22	67	
155	89	244	
Totals and Averages	3,225	1,171	86

The whole number of pupils enrolled was 3,197, the average attendance 2,763, and the percentage of attendance 88. In the night schools the enrollment was 225, the average attendance 117, and the percentage 52. The whole number of visits reported as made by members of visiting committees was 8, as follows: Hon. J. B. Warfel 2, H. R. Breneman 1, J. W. Byrne 2, Dr. J. Levergood 3. The number of visits made by other directors was 22, as follows: C. Zacher 33, L. Richards 14, E. Slaymaker 20, H. R. Breneman 7, J.

W. Jackson 4, J. Samson, esq., 3, W. McComsey, esq., 8, J. I. Hartman 5, Hon. J. B. Warfel 13, A. Oblander 11, Rev. C. Reimensnyder 1, W. A. Wilson, esq., 2, J. W. Byrne 1. The number of visits made to the night schools was 10, as follows: A. Oblander 2, F. W. Haas 1, C. Zacher 2, Hon. J. B. Warfel 3, J. W. Byrne 1, A. Z. Ringwalt 1. The city superintendent reports that the statistical report will reveal the crowded condition of the schools in the northern part of the city, for notwithstanding the fact that the new building afforded sufficient room for the appointment of two additional teachers the number out of charge of one teacher exceeds the limit fixed by the board, and thus renders it impossible for the teacher to give them the necessary attention, while the number of applicants for admission to the schools is such as to afford the board the most gratifying evidence of the satisfactory condition of the schools. That this pressure is chiefly felt in the districts in which the new buildings are located shows conclusively that the people who have children to send are unwilling to place them in unhealthy, overcrowded rooms furnished with injurious furniture, and fully justifies the board, not only in regard to the expenses already incurred in the erection and furnishing of superior buildings, but also in continuing the good work until every child desiring to enter the city schools can be welcomed to rooms equally comfortable.

Vaccination.

Dr. Herr's proposed amendment to the rules of the board, providing that no pupil who has not been vaccinated within seven years, shall be permitted to attend the public schools, came up on third reading, and Dr. Herr urged its adoption.

Mr. Wilson asked how the rule could be enforced even if it were adopted.

Dr. Herr explained that it could be enforced by the teachers, the city superintendent and the board.

Mr. Johnston asked whether it was not a fact that many members of the medical faculty regarded vaccination as not only unnecessary but often dangerous, as other diseases were likely to be transmitted by the use of impure virus.

Dr. Herr replied that medical men were almost unanimous in favor of vaccination, and re-vaccination every seven years—that none other than local skin diseases had ever been known to be transmitted, and these were not of long duration.

Mr. Hartman thought the old rule of the board requiring vaccination was all that was necessary. Like some other rules it is not very well enforced, and the proposed amendment would be still more difficult to enforce.

Rev. Reimensnyder said the adoption of the rule could do no harm and might do good.

Mr. Cross doubted the power of the board to compel parents to have their children vaccinated or refuse them the privileges of an education.

Mr. McComsey said that from his own observation of the effects of vaccination he would not gain allow a child of his to be vaccinated.

The question on the adoption of the proposed rule was then called for, and the yeas and nays being called resulted as follows:

Yeas—Messrs. Breneman, Erisman, Herr, McComsey, Reimensnyder, Spurrier, Westhaeffer, Wilson and Baker, president—9.

Nays—Messrs. Brosius, Byrne, Cochran, Eberman, Evans, Hartman, Jackson, Johnston, Marshall, McComsey, Morton, Oblander, Rhoads, Ringwalt, Schwelb, Sneyeh, A. J. Snyder, E. G. Snyder, Warfel and Christian Zecher—20.

So the rule was rejected.

Natural Philosophy.

Mr. Marshall offered the following resolution:

WHEREAS, The curriculum of the boys' high school embraces the study of natural philosophy; and

WHEREAS, This important branch of knowledge is not now taught in said high school, and, believing it desirable that the boys of that school should have an opportunity of pursuing such study, therefore,

Resolved, That the committee in charge of introducing the study of natural philosophy into the boys' high school be referred to the board of directors, to be reported upon next meeting.

Mr. Johnston moved to amend by striking out the word "committee" and inserting "superintending committee."

The amendment was accepted and the resolution adopted.

Adjourned.

Memorial Church.

Perpetuating the Memory of Col. Thomas A.

In order to aid in perpetuating his memory, the friends of the late president of the Pennsylvania railroad company have determined upon erecting a church, to be called "The Thomas A. Scott Memorial Church," the pews of which shall be free.

It is desired that all the friends of the cause should be contributed by those who were associated with Colonel Scott, and that the church should be mainly for the use and benefit of the employees of the Pennsylvania railroad and their families.

The lot of the Grace Evangelical Lutheran church, Third and Spring streets, Garden streets, has been suggested as a location. It is proposed to raise \$50,000 to build this memorial church. The fund will be placed in the custody of B. B. Comery, esq., president Philadelphia national bank; E. A. Hollis, esq., president Centennial National Bank; S. A. Campbell, esq., president Fidelity Insurance, Trust and Safe Deposit company; Frank S. Bond, ex-president Texas & Pacific railroad, and E. Harper Jeffries, ex-president commercial exchange. Subscriptions should be sent to B. K. Jamison, treasurer of the fund, Third and Chestnut streets, Philadelphia.

The Tree on the Line.

The law gives the landowner on whose soil the tree stands the right to cut it down at his pleasure and to pluck all the fruit from it while it stands. In New York state the courts have decided that trespass for assault and battery would lie by the owner of the tree against the owner of the land over which its branches extended if he prevented the owner of the tree, by personal violence, from reaching over and picking the fruit growing upon these branches while standing on the fence dividing the lands.

The owner of the land over which the branches extend may lay the branches close to the line. He may also dig down and cut the roots square with his line, if he so elects. In plain terms, if no portion of the trunk is within his line he may refuse all trespass of the tree on his premises, either above the ground or below it. But if he gives the tree license either to extend its roots under his soil or to hang its branches he does not thereby gain any right to its fruit. He cannot pick it for himself nor interfere with the picking by the owner as long as the latter remains in the tree or on the fence which divides the property. This right to the fruit does not, however, permit the other owner to come upon the soil on his side of the line to gather the fruit,

and all the fruit which falls without violence to the ground on that side may thus become the property of its owner.

The tenacity with which a cold clings to the system frequently induces a nervous cough that will remain after the cold departs. Dr. Bull's Cough Syrup will cure all nervous coughs. Price 25 cents.

Nearly all the fits that afflict us can be prevented and cured by keeping the stomach, liver and kidneys in good order. There is no medicine known that will do this as surely as Parkers Ginger Tonic. See advertisement.

Visible Improvement.

Mr. Noah Bates, Elmira, N. Y., writes: "About four years ago I had an attack of bilious fever, and never fully recovered. My digestive organs were weakened, and I would be completely prostrated for days. After using two bottles of your Burdock Blood Bitters the improvement was so visible that I was astonished. I can now, though 61 years of age, do a fair and reasonable day's work." Price \$1. For sale at H. B. Cochran's drug store, 137 North Queen street, Lancaster.

Liquid Glee.

Daniel Plank, of Brooklyn, Toga Co., Pa., describes it thus: "I rode thirty miles for a bottle of Thomas' Electric Oil which effected the wonderful cure of a crooked limb in six applications; it proved worth more than gold to me." For sale at H. B. Cochran's drug store, 137 North Queen street, Lancaster.

Bradford, Pa.

Thomas Fitcham, Bradford, Pa., writes: "I enclose money for Spring Blossom, as I said if it cured me. My dyspepsia has vanished, with all its symptoms. Many thanks: I shall never be without it in the house. Price 50 cents." For sale at H. B. Cochran's drug store, 137 North Queen street, Lancaster.
