THE MICHIGAN SUFFERERS.

Mayor MacGonigle Closes His Books-Let-On the 17th inst. Mayor MacGonigle sent to the relief committee in Detroit, Michigan, the last of Lancaster county's contributions in aid of the sufferers by the great fires in that state. The total amount sent by Mayor MacGonigle was \$2,114.14. Following is the last letter of acknowledgment :

Hon. John T. MacGonigle, Mayor of Lancas

DEAR SIR-We have again the pleasure of acknowledging the receipt of a further contribution from you of \$75, per letter of the 17th, for the relief of our fire suf-

ferers. We can only offer you our heart-felt thanks and our acknowledgments to your large-hearted people, and in particular to the Mennonite element, for this continued generosity in aid of our people.

Yours truly, H. P. BALDWIN, Chairman.

JOHN STIRLING, Secretary Shot Through the Heart.

Edward Trissler, butcher, has had for some time past a buck, a doe and a fawn on his premises, on West Orange street. Recently the buck has been behaving badly and finally he tossed the fawn on his antlers and broke its back. The death of the buck was resolved on as an act of retribution and yesterday Dr. J. O. Boyd, who is known as a dead shot, was selected as executor. With unerring aim he put a pistol ball directly through the heart of the buck, the ball passing entirely through the animal and embedding itself in the fence beyond.

A singular fact in connection with the affair is that the buck stood motionless for some moments after the bullet had pierced his heart and then fell dead. The venison is now hauging at Harry Myers's saloon, Locher's building, Centre square.

## CORONER'S INQUEST.

John Hight Dies of His Injuries. John Hight (or White) who had his skull fractured on Saturday last by being struck by a large fragment of a stump which he blasted with gunpowder, died last evening about 6 o'clock, at the residence of Addison Graver, near Lititz, where he had been living since April last. Coroner Mishler held an inquest this morning, the jury rendering a verdict in accordance with the facts. Deceased was a native of Heidelberg, Germany, and has no relatives in this country. He was a decent, industrious man, aged about 35 years. Mr. Graver declined to have his body taken to the almshouse for burial, but will give him a decent, Christian burial at his own expense.

Sudden Death of Mrs. Ichler. Mrs. Catharine Ichler, of Mt. Joy, died suddenly at her home in that borough yesterday afternoon. Capt. Gallagher, deputy coroner, this morning empaneled a jury to inquire into the circumstances. It appeared that Mrs. Ichler was about 53 years old, and had been in ill-health for some time past. Yesterday one of her married daughters who had been living with her made arrangements to leave home. Mrs. Ichler overexerted herself in preparing for her daughter's departure and was seized with a pulmonary hemorrhage which soon ended her life. leaves a husband and three children. The coroner's jury rendered a verdict that she came to her death from pulmonary hemorrhage caused by over-exertion and excite FOR THE HOLIDAYS.

Charged with Highway Robbery. This afternoon John Doebler had a hearing before Alderman Samson on a charge of highway robbery preferred by Heinrich Coble, who resides on the Wabank road. It is alleged that something over three weeks ago, on a Monday night, the prosecutor was knocked down and robbed by several young men near Schoenberger's park, in this city. A silver watch was taken from him. The watch was found at a second-hand store on Middle street, the proprietor of which identified Doebler as the man who sold it to him. The case was returned to court and Doebler gave bail before Mayor MacGonigle for his ap pearance.

A Child's Terrible Fall. Last evening about 8 o'clock, Minuie Tobias, aged four years, daughter of James Tobias, a traveling man who stops at the Grape hotel, met with a narrow escape from death at that house. She was playing on the banister of the stairway when in some way the child fell over and did not strike until she reached the floor of the hallway on the first floor. She was quickly picked up and was carried upstairs, a physician was sent for and it was found that she had not been injured in the least and there was not a scratch or bruise on her. She was as well as ever to day. She fell between thirty and forty feet.

At one time the prisoner commenced to talk on the inspiration theory and rat-tled off his oft-repeated harangue on "ir-resistible pressure." No one interrupted him, and when he finally appeared at a loss for something more to say he quietly subsided and busied himself with his

newspapers. To show that many people adjudged medically insane are still able to discriminate between right and wrong. Dr. Hamilton said that in nearly all asylums a system of rewards and punishments is in vogue in dealing with the insane, showing that it is recognized that they can so distinguish and can control their actions.
