Ferreting Frauds.

A Sample of How They Run the Philadelphia Almshouse.

In the almshouse investigating committee, the chief nurse of one of the hospital wards testified that her patients were under-fed with inferior food. Capt. Mc. Cormick related how when he took a boat load of coal to the almshouse wharf for the institution, a pleasure yacht, which he was told belonged to an influential politician who had the name of running the almshouse was first filled with coal before any of it was put into the institution. A petty officer who formerly had charge of the work of cutting up the meats at the almshouse, testified that one-half of it should have been rejected and that several hogsheads of pork which had spoiled was only distributed among the inmates for some weeks, and that during that time he had seen inmates swarming around slop barrels endeavoring to pick up something to eat. There was also testimony to the effect that while the inmates were thus scantily provided for, supplies that should have gone into the institution were sent to outside parties.

The Mysterious Drowning of a Young Lady.

Margarie Hazelup, aged 22, came from Martin's Ferry to Wheeling on a shopping tour, and was to return on the same evening. She did not appear at her house, and when search was made next morning her hat and basket were found floating in the Ohio river near the ferry. The river was dredged all day, but the body was not found. An air of mystery surrounds the whole affair. A boy says he heard a scream of "murder" about nine o'clock. There is no other evidence of foul play. She was handsome, intelligent, well edu caied, and had no known reason for sui-

A Grotesque and Horrible Scene.

The imagination of the most scusational of French romance writers never conceived of a scene more grotesque and horrible than was witnessed in Jersey City, N. J. A small-pex patient escaped from his home in a delirious condition and died in the streets. Two drunken men, supposing the dead man to be in the same condition as themselves, only a little worse, picked the being and, and, supporting it between them, walker if to a police station two blocks distant.

WONDERFUL. Because it acts on the LIVER, BOWELS and KIDNEYS at the same time.

Because it cleanses the system of the poison-ous humors that develop in Kidney and Uri-nary Diseases, Biliousness, Jaundice, Consti-pation, Pites, or in Rheumatism, Neuralgia, Nervous Disorders and Female Complaints. SEE WHAT PEOPLE SAY:

Eugene B. Stork, of Junction City, Kansas, says Kidney Wort cured him after regular Physicians had been trying for four years.

Mrs. John Arnall, of Washington, Obio, says her boy was given up to die by four prominent physicians and that he was atterwards cured by Kidney Wort.

M. M. B. Goodwin, an editor in Chardon, Ohio, says he was not expected to live, being bloated beyond bedief, but Kidney Wort cured him.

Anna L. Jarrett, of South Salem, N. Y., says that seven years suffering from kidney troubles and other complications was ended by the use of Kidney Wort.

John B. Lawrence, of Jackson, Tenn., suffered for years from liver and kidney troubles and after taking "barrels of other medicines," kidney Wort made him well.

Michael Coto, of Montgomery Centre, Vt., suffered eight years with kidney difficulty and was unable to work. Kidney Wort made him "well as ever."

So the French people put it, and the great stores, "The Louvre" and "Bon Marche" every few weeks have a rousing sale or occasion." We don't like the system, but try to make every day equally good for buyers to come to us. Yet now and again there are special reasons that warrant stepping out from our usual course. Such a time has come to Oak Hall, and we have to announce

A GRAND "OCCASION."

1881, so far, has been the largest year's business OAK HALL HAS EVER DONE. Mr. John Wanamaker has this season watched over personally and supervised the old house in a measure like in old times

AND NOW

desires to say he has determined to put the annual sales far beyond anything ever reached before in the annals of the Retail Clothing business in the United States.

There is not a day to lose, as the season is passing. We have therefore prepared all the inducements we can offer and they

GO INTO EFFECT IMMEDIATELY.

Years ago we were overloaded with goods, and we frankly said so. We have no secrets about our business. We take the people into our confidence and ask for a return of confidence, AND GET IT, because the people find out exactly what can be depended on. We sold out long ago all our surplus stock. Five furniture cars would carry all the old stock now in our double six-story building, and while we do so large a business and sizes break up so rapidly as they do, we always expect to have just as much as we have to-day.

NOW THEN, THIS IS TO SAY

That this "Occasion" is based on the cleanest, newest, best stock we can possibly get together.

NEW GOODS OF SPLENDID CHARACTER,

And made for the purpose of driving up and along the sales to far outdo the best endeavors of former years.

SUMMING UP THE INDUCEMENTS, THEY ARE

- A stock of goods, most of it "just born," clean and beautiful, arriving daily from our workrooms.
- A "right smart" deduction from usual prices, "something that can be seen."
- Opportunity given to take a purchase away, compare it, bring it back and get money returned.

 Wanamaker & Brown's stamp on the quality and make of the goods as the guarantee of value. Of course

THERE ARE SOME BETTER BARGAINS THAN OTHERS.

Nor is all our stock marked down, but

THIS IS EXACTLY HOW IT IS.

Cut out the lists and walk into OAK HALL and have a look.

It would be very easy for any one to mark up prices at the beginning of a season and then go down to what would be on paper large reductions, but it must be borne in mind our system of business, taking back goods and returning money when our customer can come back in ten minutes and receive the money back after being at another store, or weeks after purchase, keeps us on our guard to have our prices the very lowest.

THIS REDUCTION,

Therefore, must be manifest to those who will think a moment, or look the goods over and compare elsewhere. We have the (perhaps) pardonable pride in our business to push it beyond anything ever done before, and take this method to do it. Let all our friends in city and county give
