Crime and Crimnals.

The Bloody Chapter of To-day's News Budget. Eson Bolin was shot dead by his wife while asleep, near Bentonville, Arkansas, last Sunday night. The woman was arrested and confessed her guilt, saying that her husband had made her life miserable by misconduct. She was committed to jail and allowed to take her three months old infant with her, three of her children being sent to the poornouse. On Monday she borrowed a knife from the jailor and committed suicide by cutting her throat.

John Smith was fatally shot by George Beery, a man he had never seen before, in Texarkana, Texas, before daylight yesterday morning. Barry was taken from the officers by a mob, who tried to hang him on a pair of cotton scales, but failed, because the scales were too low. The lynchers gave him back to the officers, but said they would hang him if Smith died .- August Bloom, a prominent merchant of Aurora, Indiana, died yesterday morning, from the effects of a blow in-flicted by his brother Albert in a family quarrel on Thursday night.

Small-pox Spreading. Fifteen cases of small-pox are reported

in Buffalo, and the disease is on the inpostoffico department has been appealed to by postmasters in some places to adopt some method of protecting them from mail matter infected by small-pox,

"even to the extent of stopping the mail altogether if other means fail." The de-

partment is considering the matter. It is officially stated that small-pox exists in thirty-seven places in Illinois, although, in about two-thirds of them, the disease is believed to be under control.-A telegraph from Keokuk, Iowa, reports that between thirty and forty of the med ical students there have contracted small pox from a body imported from Chicago and used in the dissecting room of the

A Huge Swindle.

A telegram from Yankton says that last winter "the county of Douglas was organized in Southern Dakota by perjury;" that it has only about 40 voters: that its taxable property does not exceed twelve or fifteen thousand dollars, and that it has neither a school house nor an authorized school district. Yet news has reached Yankton that "\$200,000 in Douglas county bonds are on the market" in New York. These bonds are pronounced "absolutely worthless" by an associ-ated press despatch from the former city.

Brewster to Lead.

Attorney General Brewster in a letter to Colonel Bliss, his associate connsel in the star route prosecutions, directs civil pros ecution of the accused in order that the "utmost penny lawlessly received and taken from the public treasury be recovered." He insists that the cases be well prepared and the prosecution carnestly pressed and adds. "I have resolved that my duty will require me to take active part in the trials in court, and I propose to be present with you, and in person lead in him. the prosecution for the United States."

Ponder on These Truths. Torpid kidneys, and constipated bowels, are the great causes of chronic diseases. Kidney-Wort has cured thousands. Try it and you will add one more to the number. Over 1,500 deaths have occurred under others practices, and not a half-dozen using his remedies. Most of the 1,500 have died prematurely. Physicians have lost their wives, brothers and sons, and druggists, their wives and children during this time. Over 1,600 persons have been cured, and all benefited, by his methods, with a few exceptions, and the citizens will bear him witness that he has never guaranteed to cure any one or forfeit \$1 or \$1,000 ; that he has not thrust his pictured face into their houses or on the fences, in the disgusting Pinkham style, so common to quack venders of nostrums. THE HISTORY

OF A SUCCESSFUL BUSINESS

Prosecuted Upon the Principles of Truth and Honesty.

We refer to the wonderful success that has attended the introduction of Dr. C. W. Benson's Celery and Chamomile Pills into the whole country. They are prepared expressly to cure Sick-Headache, Nervous Headache, Neuralgia, Nervousness, Sleeplessness and Dyspepsia and

the facts prove that they do and will cure these diseases every time where the cause is not of an organic nature. The secret of their success is twofold. First, the need of them is very great; it is the only thing that has ever been found, in the profes sion or out of it. that would actually and per manently cure those diseases; so that every body who takes them becomes a walking and

talking advertisement for them. One box, taken into a neighborhood, has been tollowed and traced to selling \$50 worth in that on postoffice. They are indeed a valuable preparation and no nervous person ought to be without them, as they not only save from suffering, but save

and prolong life by preventing paralysis, apo picxy and heart disease.
Sold by all druggists. Price, 50c. a box. Depot, 106 North Eutaw street, Baltimore, Mo By mail two boxes for \$1, or six boxes for \$2.50,
