Councilmen Dissatisfied With Our Dark Streets Attempt to Annul the Contract and Succeed in One Branch—Some Im-portant Steps Towards the New Fire American, Washington and Empire Companies Accepted and the Special Committee Ordered to Go Ahead -Other Items

A BUSINESS SESSION.

CITY COUNCILS HARD AT WORK

Booming the New Fire Department

Select Council Present-Messrs, Barr, Bitner, Borger, Franklin, G. W. Zecher Philip Zecher

and Evans, president.

The minutes of the last stated and special meetings were read and approved, Mr. Geo. W. Zecher presented the monthly report of the city treasurer and receiver of taxes for the month of December, from which it appeared that the receipts for said month were \$11,600.22; the payments \$16,075.31; the balance in treasury Janu-

ary 1st. 1882, \$26,898.84. Mr. Zecher also presented an abstract of the proceedings of the finance and water committees. They contain nothing im-A message from the mayor announcing

the suspension of a policeman for misconduct, and asking councils' approval of his action, was read, and the action of the mayor was approved. A message from the mayor was also rea i relative to the placing of watchmen at all crossings of the Pennsylvania rail-

The reports of the street committee for the months of November and December were read. The action of common council granting permission to Dellaven & Harner to lay

a siding on North Charlotte street from their warehouses to the Reading railroad was concurred in. Mr. Zecher presented the following report of the committee on reorganization

of the fire department : The Hon, Select and Common Councils: GENTLEMEN-The special committee on reorganization of the fire department, who were instructed to ascertain the terms and conditions of lease of the differ ent engine and hook and ladder houses and apparatus herewith submit for your consideration and action the official communications of the different companies : namely, the Washington, the Sun, the American, the Union and the Empire. And we would recommend that the committee be authorized to enter into an agreement for the purchase of the American house and engine at \$2,500, upon such terms as may best suit the city to pay for the same; also, ask the authority to purchase the Union apparatus upon the terms offered the city, and a lease of the Washington and Empire. For the Sun we think their offer too heavy, and see no par-ticular necessity of locating an engine there. Besides, we consider the Sun engine unnecessarily heavy for our city. The location of the Union we only consider temporarily, and will recommend in the near future the placing of an engine in the southern and western parts of the city. The companies located in these sections of the city, have refused to lease their engines and houses, which necessitates some delay in locating companies there. Under the authority given the committee in November we expect to report a complete organization to councils shortly for their confirmation; also a completion of the telegraph fire

Respectfully submitted by the Com-

LANCASTER, NOV. 25, ISSL. tico, W. Zecher, esq., Chairman Committee of Reorganization of the Fire Department: SIR-The undersigned, the sub-committee appointed to wait on the Washington and Empire fire companies for the pur pose of ascertaining their terms of sale and rent of their respective engine houses

and apparatus, report : The Washington will rent to the city their house, lot and apparatus, reserving the furniture, for \$400 per annum. The company reserving the upper room, \$350 engine alone, \$200. Will sell house, lot and apparatus for \$5,500; house and lot alone, \$4,000; engine alone, \$1,500.

The Empire will sell house, lot, appara tus and furniture, complete as they are, for \$6,000, terms to suit. Will rent for about \$300 per annum, reserving upper floor. This company desires your committee to state: 1st, That they are offering for \$6,000 what cost \$16,000. 2d, That their bell weighs 2,000 pounds and is worth 40 cents per pound. 3d, That they earnestly desire and request that the Empire house be used as department head. Empire house be used as department head-

Respectfully submitted, S. T. DAVIS, J. H. OSTERMAYER. The Sun fire company offers to sell their engine house, steam fire engine, hose cart

and all other apparatus and furniture for \$5,500; or to rent all of the above named property for \$500 a year. George W. Zecher, eaq.

DEAR SIR—The American fire company,

house and engine for \$2,500. Respectfully, JOEL L. HAINES,

LANCASTER, PA., Nov. 23, 1881. To the Special Committee of Select and Common Councils on the Reorganization of the Lancaster Fire Department:

by motion, agrees to sell to the city their

GENTLEMEN-The Union steam fire engine and forcing hose company No. 1, of the city of Laucaster, make the followng offer for your consideration, viz.: We will give the city the use of the Market and Grant streets, together with the Button steam fire engine; hose cart, with the capacity of carrying 900 feet of hose; one double set of harnes for engine, and one single set for hose cart; together mittee should give the work to Laucaster with suction hose (20 feet), 2 play pipes, axes, lamps, 4 torches, wrenches, whole and half spanners, 2 double male screws, vise necessary for putting couplings on hose, oil cans, oilers and all other necessary tools used about the engine and hose cart, together with the use of the stove tion.

The privileee of cutting a doorway in the west wall of the house is granted to THURSDAY EVENING, JAN. 5, 1882. the city for the purpose of making con nection with the stable there situated.

In regard to the sale of the real estate the undersigned committee would state that they have not been authorized to name or suggest a price for the same. In regard to sale of real estate the request will be presented at the next meeting of the com-

All of which is respectfully submitted.
H. E. SLAYMAKER, President. E. E. SNYDER,

Mr. G. W. Zecher offered the following resolution which was read and adopted Common Council concurring: "Resolved by select and common councils, that the special committee on reorganization of the fire department, be in-

structed to purchase and lease the engine houses and apparatus as recommended in their report to councils. " Resolved, That the same committee be authorized to purchase and furnish such supplies and apparatus as embraced in the ordinance passed creating the Call De partment, that everything necessary for the same shall be given to the lowest and

best bidder by proposals publicly offered." The resolution from common council confining bids for harness and trucks to Lancaster bidders was laid on the table. A resolution from common council annulling the contract with the Globe gas light company for lighting the city was ead and laid on the table.

Mr. Franklin offered a resolution that the lamp committee be authorized to advertise for proposals to light the city. He said the manner in which the city is lit at present is simple disgraceful and worth. less. The contract calls for each lamp to yield light equal to sixteen candles, while in fact none of the lamps yield half that

much. This morning many of the lamps were out before 5 o'clock, and others gave so sickly a light that they were utterly Mr. Barr said there was just cause for complaint of the imperfect manner in which the streets had been lighted for some time past, and the agent of the Globe company had been notified. He was

here last week and had appointed a new superintendert and had promised to have the light hereafter equal to what it was during the summer months when it was equal at least to the gas lights formerly used in the street lamps.

Mr. Franklin's resolution was not agreed The resolution passed by common council, Dec. 7, to transfer \$1,147 from the contingent fund to the appropriation for grading and guttering was taken up, and the action of common council amended by referring to the finance committee. Common council adhered to its former action | ments transmitted from select council, as and asked for a committee of conference, appointing Messrs McMullen and Hays said committee. Select council appointed Messrs Franklin and Zecher. The committee agreed to amend the action of common council by reducing the amount of the transfer from \$1,147 to \$500. Both branches concurred in the report of the committee. Adjourned. Common Council.

The following named members were

Messrs, Albert, Barnes, Brown, Cor meny, Cox, Davis, Diffenderffer, Fisher, Hays, Johnson, Lighty, McMullen, Middleton, Ostermayer, Shulmyer, Smeyeh, Stone, White, Levergood, president. The journal of the last stated and special meeting having been read, Mr. Fisher presented the petition of Henry C. Harner, asking permission to connect by siding with the Reading & Columbia railroad track on North Mulberry street, the petitioner to keep the same in good condition and in every way satisfactory to the city authorities. It was referred to the street committee with power to act. Select

ouncil concurred. Mr. McMullen presented the report of the street committee, stating that the owners of property on the south side of West Orange street had been notified to open the sidewalks along their respective properties to the full width of eleven feet, and to remove the obstructions from the same, otherwise they would be prosecuted for obstructing said sidewalks; also, that the petitions of Messrs. Dehaven and others to lay a siding from the Penn-sylvania railroad along the west side of Charlotte street as far as Schuberth's warehouse had been considered; and it was agreed to recommend that the prayer of petitioners be granted on condition that the top of the rails be laid on a level with the established grade of the street; that all crossings be planked; that a space of two feet be left between the ends of he cross-ties and the west curb of Charlotte street, and that the work be done inder the supervision of the street commissioner. The report was supplemented by a resolution offered by Chairman McMullen granting permission to Messrs. Dehaven and others as above recommended, which was adopted after Mr. Diffenderffer had impressed upon council his views as to the urgent neces-

sity of keeping these sidings properly guarded by planking, in order that they might not become obstructions to the high. way and dangerous to travel. Select Or. Davis offered a resolution providing, that the committee, whose duty it shall

be to ask for proposals for trucks and harness for the new fire department be in-structed to confine all bids to Lancaster county. The doctor thought that all expenditure which the change would render necessary in this direction should be awarded to local industry. Mr. Cox ex pressed similar views, stating his belief that as good apparatus could be built at home as it was possible to secure elsewhere. Mr. Barnes agreed that it would be a very praiseworthy move to patronize home industry, but at the same time thought it the duty of councils and the committee to procure the necessary material at as low a ower room of the engine house, corner of price as was possible. Thereupon Mr. Marketand Grant streets, together with the Cox stated that Lancaster manufacturers were able to perform the work as cheap as any one else, and Dr. Davis inserted into his resolution a proviso that the commanufacturers on condition that it could be done by them on as satisfactory terms as by outside parties. The resolution was adopted. Select council laid it on the

table. Mr. Hays offered the following resolu-

one year, free of rent, providing that the the lamp committee be requested to annul city will detail members of this company the contract between the city and the

upon the terms of the contract; that the All the above fire apparatus is to be alleged "sixteen candle power" was a turned over to the city in first-class condimiserable failure; that the streets were tion, and we invite, by competent ex- dark night after night; that the citiperts a critical examination and tests zens had just cause of complaint for the of the same, feeling satisfied that inefficient service they were receiving for

the engine will do, for the next fif- their large outlay, and that the time had teen years, the same valuable service that come for an emphatic protest against the come for an emphatic protest against the

bad faith of the contractors. Dr. Davis, Messrs. McMullen, Brown and Barnes, expressed similar views in the most emphatic language, and strongly de-nouncing the Globe company for the shabby manner in which they have been

lighting the city for months past.

Messrs. Smeych and White, of the lamp committee, remarked that in contracting with the Globe company they had simply followed the instructions of councils to make the "best possible terms" with that corporation; that they had never been in favor of an oil light but since they had been ordered by councils to make the change, they had used their best efforts to secure an efficient service, and for their own part they thought there had been a marked improvement in the light during the past few weeks. Mr. Smeych had thought all along, and still thought, that what the city wanted was the electric light and hoped that in the near future it would be introduced. Mr. McMullen heartily seconded the latter suggestion of the member from the Seventh, and thought the times were ripe for lighting our growing community with the electric spark. He was very severe on the Globe company, and Sought whether or not the immediate fault lay with that company, or the lighters they employ, they, as the principals, were responsible to the city and deserved an imperative rebuke for their failure to comply with the terms of agreement. At the same time Messrs. McMullen, Hays, Barnes and others assured councils that they were entirely convinced of the strong efforts the lamp committee were making to secure a satisfactory service and fully appreciated their labors in that direction; they did not mean to im-

ply a censure of the committee. The resolution was passed without a dissenting voice. Select council laid it on the table, as reported in the proceedings of that body.

Mr. Cox presented the report of the committee on fire engine and hose companies reciting, what has previously appeared in the columns of the INTELLIGENCER, the action of the committee with regard to the fines imposed by Chief Eugineer Arnold on the Friendship, American and Shiftler companies, by which the Friendship fine was reduced from \$25 to \$15, the Shiffler from \$10 to \$5, and the American was left at the original tigure. When a motion was made to sustain the commit tee's action, Mr. Barnes moved to amend by making a reduction on the American company's fine proportionate with that granted the other companies. Dr. Davis opposed the amendment, regarding it as discourteous to the fire committee for councils to override the decision of the committee after its members had made a thorough investigation of the facts. The amendment was adopted, however, by a vote of 11 to 8, and the American fine is consequently reduced. Select council concurred.

reported in the proceedings of that body, common council adjourned.

After acting upon the various docu
