SATURDAY EVENING, JAN. 7, 1882.

RURAL NOTES.

Items from the Gap and vicinity.

The ponds and dams are covered with an excellent quality of ice, between three and four inches in thickness, and those who have ice houses are busy filling them. The first snow we had this season fell on Wednesday night last.

Mr. Alfred Sanford, of the Gap, has gone to Virginia to visit friends there. Mr. Joseph Miller, of this township, received \$25 for his crop of tobacco, consisting of about three and three-quarter acres. It was a very fine crop. Skiles & Frey were the purchasers. The Misses Kurtz sold 22 acres of land, without improvement, in the village of the White Horse, to James Roseboro, for \$100 per acre.

Kenlen Martin's new buildings at the White Horse are about being completed. Several other new buildings are in contemplation, and if the "metropolis" of Salisbury, the Gap, does not improve much faster in growth, the White Horse, which has only begun to build up this last year, will lay it completely in the shade.

The coal oil pipe company are surveying a route through the western part of this township, passing by Mast's mill, through the farms of Wilkinson Robinson, J. Warner, George Diller and Isaac Rhoads, and others. The company are agreed to give the land holders five dollars for a right to go through their property, and when they lay the pipes they will pay all damage done by them. The work of laying the pipes will commence the ensuing spring.

Blaine's Last Performance. Ladies: Next to correspondence.

The announcement from Washington that one of the last diplomatic acts of Mr. Blaine before leaving the state department was to address a circular letter to all the Central and South American governments, asking them to hold a general conference at Washington, to be held next month, for the purpose of mutual commercial interests, and to take steps to arrest the interference of European nations in the affairs of this hemisphere, is exciting much comment. The effect of this development in Europe, as it is believed (coming from the heels of our new departure with reference to the Panama canal and the Clayton-Bulwer treaty), will be to excite mistrust of us there. The total absence of any reference to so important a position in the president's message creates an impression in some quarters that Mr. Arthur could not have been cognizant of it; but of course this is not to be credited for one moment. The whole thing is looked upon as a scheme of Mr. Blaine's for getting up a sort of Holy Alliance on this continent; but, as Mr. Blaine is no longer in office, the vital question is, Does the present sanction it?

Frightful Accident. Wednesday, while an engine on the Lehigh Valley railroad was descending the mountain toward Wilkesbarre, with the engine and crew seated on the engine, one of the wheels twisted and the engine rolled over on its side, pitching the tank, turning it over and over several times. The tank broke loose from the engine and remained on the track, running unattended down the mountain with terrific speed, a distance of two miles, where it met a freight train coming up the mountain on the same track. A collision took place in which the runaway tank was smashed and the freight engine badly wrecked. The engine on the mountain was broken up badly. The engineer was seriously injured and the crew more or less bruised. Their escape from death was miraculous.

CLOTHING.

A HAPPY NEW YEAR!

The season of 1881 closed one of the most brilliant and successful campaigns in the history of our trade. We congratulate our patrons and ourselves in anticipation of a lively and increased Spring Trade.

In order to meet the demand we have made extensive improvements in our room and otherwise extended our facilities to present our spring offering of selected and Choice FOREIGN NOVELTIES to arrive about the First or Fast of the year. We will be able to please the most aesthetic as well as the general class of trade. A great desideratum among our people seems to be a cheap article in Clothing. There is no good in it. We have tried it and found it a pure and simple matter. Our \$20 Overcoats will last three seasons' hard wear and look good, while a \$30 Overcoat will hardly be recognized after one season's wear. Where is the economy in buying cheap? Few persons are competent judges of the articles of clothing done up in first-class style. Therefore, we give special attention to our establishment, where can be found at all times the very best in the market, and as reasonable as can be expected. We are selling a few HEAVY-WEIGHT

OVERCOATINGS -AND- SUITINGS, at very Low prices in order to close them out to make room for our new Spring Stock. Thankful for the very liberal patronage we hope to continue our Square Dealing in all our transactions, and show a practical and happy result during our Spring Campaign.

All are cordially invited to call at 121 N. QUEEN STREET. J. K. SMILING, ARTIST TAILOR.
