LANCASTER DAILY INTELLIGENCER MEDNESDAY. FEBRUARY 8 1852.

COURT

Proceedings in the Common Pleas. BEFORE JUDGE LIVINGSTON.

David K. Burkholder vs. John L. Baer. E. C. Eaby & Co. and A. D. Swartley, issue to try by jury the right of certain property levied upon by the sheriff as that of Henry K. Burkholder and which was claimed by the plaintiff. The jury rendered a verdict in favor of the plaintiff. In the case of Elmira Burkholder, and Henry K. Burkholder, her husband, for the use of Elmira Burkholder, his wife, vs. John L. Bear, E. C. Eaby & Co., and

A. D. Swartley, the issue was withdrawn. BEFORE JUDGE PATTERSON. In the case of Aaron Mehaffey vs. Henry

S. Herr the jury rendered a verdict in favor of plaintiff for \$283.21.

Joseph H. Shirk vs. M. Esberg, S. Bachman and J. Ehrman, partners, doing business as Esberg, Bachman & Co. This is an action to recover for work done. Some time last summer the tobacco ware house of the plaintiff's father, in which the defendants had a large lot of tobacco. was burned ; a large quantity of tobacco was burned, and a great deal was merely damaged by water The plaintiff alleges that he was engaged by the defendants to fix up that which was injured by water and put it in marketable shape. He did assort 40,752 pounds, with the understanding, as he alleges, that he was to receive one-half cent per pound. He never received any money, and brings this suit to recover \$203.76. The defense is that Shirk was engaged to do the work at \$2 per day, and was paid in full.

Decree Rescinded.

In the matter of the perpetual injunction, granted on the 4th inst., against J. W. aud J. N. Brubaker, 319 North Queen street, the defendant showed by affidavit filed that the decree for the same was premature, as the prelimary process was not served on them by the sheriff until the 21st of January, 1882, instead of the 18th, when granted, and now asked the same may be rescinded and defendants allowed to file their answer. The court therefore rescinded the decree made Feb. 4 making the injunction against defendants perpetual.

COUNTED IN.

An Interview With the Republican Can

In a casual interview with ex-Mayor Stauffer that gentleman informed a representative of the INTELLIGENCER that he never heard it charged that he was 'counted in" at his first election (in 1873) until he read in the INTELLIGENCER a few days ago the proceedings of the Republican convention that re-nominated him, when some one in attendance is represented as having said that he was ' counted in." The INTELLIGENCER man assured his honor that the charge had been frequently made and widely cir culated, and had been printed in the columns of the INTELLIGENCER at the time and afterwards. One of the charges was that at the First ward polls while the vote was being counted by the election officers a package of ten tickets that had been voted for Col. Pyfer was abstracted and a package of ten gestion, weakness in the back and kidneys. Stauffer tickets substituted. This alone was and other troubles of the sex .- Home Journal sufficient to change the result, as Stauffer's majority was only 19. Capt. Stauffer repeated that he had no recollection of ever

As an heard that 28 illegal votes had been cast in the Eighth ward for Mayor MacGonigle at the election when that gentleman was first verything, to no advantage. 1 heard your elected. Capt. Stauffer added that he had not yet Hop Bitters recommended by so many I con cluded to give them a trial. I did, and now am fully made up his mind to accept the nomination for mayor : he did not want the office, and would not accept the nomination until he had the assurance that he would receive the solid Republican vote. If he gets it he will ask no olds from Mayor MacGonigle, whom he regards as a perfect gentleman and a strong candidate. The INTELLIGENCER man suggested that it was too much for any one to expect a solid party vote ; there being always some party men, who for personal or other reasons decline to sustain the party nominee. Capt. Stauffer repeated that he would not be a candidate unless a three cent postage stamp to Dr. C. W. Benthe party gave him its support, and if it did so he would be elected.

The favor of the big audience who heard them sing it on their previous appearance was so pronounced that it is only neces sary to say that the cast is the same as on that occasion to insure a most enjoyable presentation of a charming work. The Gorman people bring their own admirable orchestra with them. The popularity of "Patience" in this city behooves all who would enjoy its beautiful music and delicious humor in their fullest degree to early secure seats, as the opera will undoubtedly prove a drawing card. CANNON'S CASE.

Arguing Before the Judiciary Committee WASHINGTON, Feb, 8.-The House committee on the judiciary gave a hearing this morning to Mr. Cannon, of Utah, who is contesting the seat in Congress, which harbor. was given to Mr. Campbell, upon the certificate of the governor of Utah. Mr. Cannon contended that the discrimination against him had been made merely and solely on account of the religious tenets of

the Mormon church, and that such discrimination is directly opposed to the spirit and letter of the constitution : that he was elected to a sent in the forty-

seventh Congress by an overwhelming majority of the votes cast, and is legally entitled to represent his constituents.

The committee afterwards adopted the majority report on the subject of distributing the remainder of the Geneva award, and Representative Reed subsequently reported the same to the House.
