

COLUMBIA NEWS.

OUR REGULAR CORRESPONDENT. The river is filled with floating ice. Mr. James B. Williams, brother of our German Senator, Gus Williams, is in town acting in the capacity of advance agent for Daly's 'Passing Regiment,' which appears here next Saturday. A square of blue and white satin will give an exhibition drill during the performance.

Mr. Harry Chapman and daughter, who have been visiting Mrs. Dr. Lineaweaver for the past two months, returned to their home in Lock Haven yesterday. The Lancaster shifter, No. 342, broke a 'frame' this morning, and the 570 was sent down in her place until repairs were finished.

About dusk last evening Mrs. George Mason had occasion to go into her yard. Before going for milk she received a severe blow upon her head with a broomstick, in the hands of some unknown rascal, who then took to his heels. A cloak man is reported as again being about, and it is thought probable that this is the man. Every year about this time a man in disguise goes about streets scaring women and young children. If caught he should be severely punished.

Mr. John Fouk, a conductor on the P. H. R., had the toes of one of his feet mashed by a car passing over them. Amputation is not necessary.

A quarter of a barrel of ale was stolen on Saturday night by a party of young men, but being seen by Officer Dyzinger, who followed, they dropped it and ran. The liquor was returned to the owner.

A horse, belonging to Jonas Garber, being coming unruly on Locust street, reared up on its hind legs, and broke the shaft of the St. John's Lutheran congregation, which held their meetings in Co. C's armory until their church is completed.

A landside weighing about 10 or 15 tons occurred at York Junction station, on the Port Deposit railroad, which if it had not been seen in time by the engineer would have resulted in serious consequences. The evening passenger train was detained an hour and a half by the obstruction.

SUNDAY FUNERALS. The Ministers Opposed to them. In view of the frequency and often needless of Sunday funerals and the labor incident to them the members of the Ministerial association of this city have adopted the following resolutions:

1. That we will plainly instruct our several congregations in regard to the Christian and moral bearing of this subject and urge upon them the duty of discontinuing and discarding the demoralizing practice of the burial of the dead on the Lord's Day, unless the circumstances of the death shall, in the judgment of those having charge of the body, be so extreme as to make any other arrangements of the burial service impossible.

2. That we deem it our Christian duty when there is no such pressing necessity, to decline to officiate at funerals on the Lord's Day, both for the reasons above named and because of its interference with our regular public ministrations at appointed hours.

3. That we earnestly request the community, through the press, in view of the evil tendencies of such funerals, to desist as far as possible from attending them.

4. That we respectfully advise the friends of deceased persons to consult with us before publishing the time of their burial, inasmuch as we, the pastors, have had frequent occasion to regret both our inability to attend two funerals appointed without our knowledge at the same hour, and the disappointments consequent thereupon.

Soldiers' Orphan Drawn. Two boys, pupils at White Hall soldiers' orphan school, Harry Getter and Frank Beagle, on Saturday evening left the school at Harrisburg, and, without the knowledge of the principal or any of the teachers, it is conjectured that they reached Bridgeport, but having no means of getting over the bridge secured a boat lying on the river shore and attempted to cross at the same hour, the high water, which would have deterred many a skillful boatman. They must have lost their oars for they drifted down the river carried rapidly along by the swift current until they reached that most dangerous place in the Susquehanna, Conewago Falls, where their boat, being both up and down the water. Getter was drowned, but Beagle was rescued. The dead boy was from Siamokim, and he and his runaway companion are said to have been studious lads.

A Tax Collector Who is Back. B. F. Hiestand, tax collector of East Douegal township in 1881, was complained against some months ago for embezzling \$1,500, he having failed to return that amount of taxes collected by him. He was then arrested and held for court. Afterwards it was found he was near \$3,000 short in his accounts. He was arrested this morning by Deputy Sheriff Strain and taken before the court this afternoon. He gave bail in the sum of \$3,000 and was thereupon released from custody.

A Tie Settled. At the Democratic primaries in the Sixth ward for common council it will be remembered that James F. Plucker and Daniel Brown were a tie. Mr. Plucker has withdrawn from the race, becoming the nominee. Dr. J. Levergood and W. T. Jefferies are the other Democratic nominees for common council.

Discharged. Michael Gumpf was to have had a hearing before Alderman A. F. Donnelly, of the Seventh ward, last evening, on the charge of cutting Charles Carr and Chas. Spillinger so badly several weeks ago. The alderman waited for over half an hour after the time for the hearing, but the prosecutors failed to appear and the cases were dismissed.

Tobacco Packers' Ball. The tobacco packers gave a ball in West End hall (Herman engine house) last evening, which was the largest affair of the season and a success in every particular. The music was excellent, the dancing graceful, and good order maintained throughout the festivities, which extended far into the little hours. The management deserves great credit for the success of their enterprise.

Personal. Ben F. Bard, lately of the firm of Metzger, Bard & Haugbush, is back again to the established dry goods house of R. E. Fahnes took, next door to the court house, where he would please to see his friends call, guaranteeing bargains from another and other sources that are not found elsewhere.

Democratic Meeting. The Democrats of the Eighth Ward will hold rallies at Mrs. Diehl's saloon, on High street, on Thursday evening, and at Lucas Fritz's on Friday evening.

Amusements. 'The Ticket-of-Leave Man.' Mr. J. S. Clarke, supported by the full cast of the Philadelphia Lyceum, will appear at the opera house to night in 'The Ticket-of-Leave Man.'

'Uncle Tom's Cabin.' To-morrow night Jay Diehl's company will tell a happy story at Fulton opera house, and a realistic representation of the thrilling and lachrymose effects, including a pair of trained bloodhounds, is promised at the same hour.

'The Mascotte.' Again we are to have this night and vicarious little opera, and this time by the great original, the Wilbur company, who made such a remarkable run with it at

the Union and Fifth Avenue theatres. New York, and in 129 cities, and throughout the leading cities of the country, where their success has been scarcely less marked. The Wilbur party will be at the opera house Friday night.

SPECIAL NOTICES. Don't die in the House. Ask druggists for 'Rough on Rats.' It clears out rats, mice, bed-bugs, roaches, vermin, flies, ants, insects. See per box.
