By an Unsentimental Villain

Hazel Quirk looked quickly up at Lord Traverse Bay, the love light beaming forth from her eyes with a tender radiance that told more plainly than could any words the deep affection she bore him; but there was in the look a pleading wistfulness, a sense of trustful security, that touched his very heart. She did not speak, but, placing a dimpled arm around his neck, drew his face down and kissed him with a soft, melting, three-for-50 cents kiss that she kept on tap only for him, and then her eyes shone forth again the love that her lips could not utter, while the drooping mouth quivered as if in pain."

"You are not well, darling," said Percy Hanafin (his week-day name) in agonized tones, the words nearly choking him as he spoke. "Let me bring your vinaigrette, or a bottle of seltzer-a quaff or two of that would revive you."

But Hazel only laid her head on his shoulder, wound her white arms around his neck, and began to sob as if her heart

"Great Heavens, Hazel, what have done to cause you this bitter anguish? Speak, my angel; speak, and tell me wherein the fault lies. Demand of me any sacrifice, no matter how great and it shall be cheerfully made. I have a large red apple in my overcoat pocket, and it shall be yours-all yours-if you will only

Slowly from the shoulder blade rose the little head, with its mass of brown curls, slowly turned the pure beautiful face of Hazel Quirk, until Percy again looked down into those eyes that had so lately beamed forth merry glances, and saw once more the little nose that had so often burrowed in his vest. "You will surely keep your promise?" Hazel asked between the convulsive sobs that seemed to be breaking her heart and seriously disar-

The Thrilling Story of Gwendolen's Love, Chicago Tribune.

Standing idly, almost listlessly, by the postern gate that marked the entrance to her father's broad demesne Gwendolen Riorden looked down the broad avenue that skirted the ancestral acres of her sire with a wistful, pleading expression in her County Autrim features that told more plainly than words, more eloquently than a three-sheet poster, of the joys and fears that where harassing her young Archoravenue soul. "Will he come?" she said softly to herself, blushing even as she spoke. "Is the fruition of my hopes to

be a glad one or must I again throw the black pall of disappointment over my cherished plans? Heaven forefend that I should for the third time drain to its dregs the bitter cup that a cruel fate has twice held to my lips—lips that were dry and parched for the kisses of one whom I ill ever love and who will not see my mad passion for him. "Goat's milk is healthy," she said, in low, scornful tones. Gwendolen heard the words and faced the peaker. "Yes, Giroffe Mahaffy," she said, slowly and calmly, although in turning she had pinched her corn, "we are poor, but I notice that we are invited to all the wakes and christenings. A great, passionate throb of intense joy filled Gwendolen's heart. Looking up to Menelaus, with tearful eyes, she said in broken tones "Can I forgive you, my own? Well, I should giggle.'
