No, it is not a great poem.

Why is it not a great poem? Because it is dull, labored, clumsy and destitute of imagination. No poem can be great that is dragged out of the author's brain by main strength and awkwarded in October last, was held on the 25th of February. It was strictly professional, the

OFFICE OF THE SENECA CO. HERALD. 2 Hamilton Block, BLOOMVILLE, Ohio.

<sup>2</sup> Hamilton Block, BLOOMVILLE, Ohlo. GENTLEMEN: You can count me a convert to Dr. Thomas' Eclectric Oil. When your agent came into my office to advertise your medi-cine, I classed it with the thousand and one nostrums hawked about the country and soul as cure-alls. For fitteen or twenty years I have been suffering with that terrible disease. Catarrh ; had lost my sense of smell and taste, also my sight and hearing was fast failing. I had previously tried scores of advertised rem-edies, but found only temporary relief. Last fail I concluded to give your Kelectric Oil a trial. After using part of the first bottle I began to feel better. So I kept on using it every night before retiring. I am now most happy to say I am nearly cured and feel better than I have for 10 years. Some time ago I feit a pricking sensation under one of my thumb nails. I could not imagine what caused it. It feit hs if a piece of meedle was under the mail. I tied up my finger with a rag, freely satur-ating it with the oil ; the pain ceased and in a few days a black spot made it appearance and gradually increased until a new nail grew on. These are facts voluntarily given, even against a former prejudice concerning patent medicines. You can use this testimony as you see fit. If it will do any goodin getting suffer-ing humanity fo try your medicine, and it re-lieves others as it has me, they will feel thank-ful. Yours truly. O.M. HOLCOMB. Sold by H. B.
