Balance on hand ...... 1,732 49 The committee also reported that the borough bonds, with coupons attached, for the new loan were printed, and will be ready to deliver them as soon as the others mature; between eight and ten thousand dollars' worth have already been engaged, and there will be no trouble in disposing of the rest about the 1st of April next.

The property committee reported several communications. Mr. Given, on behalf of the library committee, asked for the use of the opera house, on March 18th, for an entertainment for the benefit of the Shoch library. Permission was granted. Mr. Pfahler, chairman of the committee made a statement in regard to the article that appeared in the last issue of the Herald, and the complaint of Father G. G. Russel. A lengthy communication was read in regard to giving the opera house to Earnest Witters at the same price that Managers Mishler and Miller receive it. Laid on

the table. The road committee reported that they had fluished macadamizing Front street from the borough line to near the gas works. Had a so done considerable towards completing Barber street and will soon finish it with a heavy coat of broken cinders. Had Samuel Wright, the borough engineer, survey and locate the street for the Chestnut hill iron ore company, from Barber to Florence and thence to Mill and Fifth streets. The report was adopted. The paving committee reported a num-

ber of payements and board walks being refixed. The report was accepted. The fire committee reported no fires but a number of false alarms. Chief of Fire Department John Shenberger had sent a communication to councils in regard to the new Vigilant steamer, in which he said the engine was a fine one, and according to contract. He had advised the Vigies to accept her, and as soon as they did he gave them permission to send their old steamer back. Mr. Wann stated that the new steamer had been accepted, and that the company would now like to have the money promised. He also made a verbal statement that Mr. Shenberger, having removed to Philadelphia, would like to have his resignation accepted, and a motion to that effect was carried. Mr. Guiler moved the appointment of a successor by council be deferred until the adjourned

meeting. So ordered. The sanitary and police committee reported that council had ordered High Constable Strowbridge to feed no more tramps, and in consequence the vagrant bill for feeding was very small this month That Chief Burgess Sneath had called their attention to Fifth street between Locust and Alley "H," that the quality of water now furnished was not good, and also presented the communication from Rev. J. J. Russell, which caused considerable discussion, in regard to the rental of the opera

house auditorium. The watter of lighting the borough caused a lengthy discussion. The Pennsylvania Globe gas light company, of Philadelphia, was represented by C. R. Robinson, and the Columbia gas company by C. H. McCuilough, who asked for time as Col. Shoch was sick and they could not very well do the business without him. After some time was spent in discussing the pros and cons, it was decided to wait until another meeting which, on motion of Mr. Filbert, will be March 30. After some business of little importance was transacted councils adjourned to meet at the above time.

## MAYOR'S COURT.

A Queer Collection of Men. This morning the mayor had seventeen cases before him. One man who had been very drunk paid costs and was discharged. A second who was running wild in Centre Square in search of a basket which he says was "stoled" from him, got ten days in jail. Among the vags was one who had a head on him something like a bull dog. When he was called up before the mayor he gave his age as "96." It was evident that the man was not of sound mind, and he was sent to the workhouse for 20 days. The others were all lodgers who were discharged. Among the number were two clean looking and well dressed young men, who said they were compelled to seek lodgings as they had no money. One said that until recently he had been employed as a clerk at Windsor hotel in New York. After getting out of a job he spent his money freely until it was all and he found himself penniless. His companion also stated that he had a fine position but had left it. Both looked as if they had seen better days. Another one of the vags was a boy with red hair, which covered a tremendous head. He said he had just arrived from Austria four weeks ago, and

THE TEMPERANCE CONVENTION.

County Meeting to Adopt Plans to Secure a Constitutional Amenquent to Prohibit the Liquor Traffic.

In pursuance of a call of citizens " with out distinction of sex, race, party or denomination," about fifty persons, a dozen or more of whom were ladies, met this morning in Temperance hall, with a view of adopting "such plans as may be deemed advisable to secure from the next and succeeding Legislatures the submission to the voters of the commonwealth of an amendment of our state constitution prohibiting | tancies. the manufacture and sale of intoxicating liquors for drinking uses and to organize for such purposes."

The meeting was called to order by James Black, esq., who stated its objects. Rev. J. Max Hark being called upon conducted the opening devotional exercises, consisting of prayer and singing. After an earnest prayer by Rev. C. Robinson, Rev. Sylvanus Stall was introduced and made the address of welcome to the delegates, taking occasion during its delivery to recount many of the untold evils that flow from intemperance and the blessings which would result from a com plete prohibition of the manufacture and

use of intexicating beverages. James Black followed in a brief address, wherein he gave a resume of the efforts abate the curse of drink, and how these efforts and a clearly expressed wish of the majority of the voters bad from time to time been thwarted and overthrown by the power of the liquor interest.

A Secret session on the New Era Loft. A number of the "Half-Breed "Republicans, whose names had been "agreed upon" to meet at the New Era office this morning in behalf of "a full and complete cents. organization in the interest of the people at the coming primary election," assembled in the Hostetter building above R. J. Houston's wholesale notion store this afternoon. They reached the place of meeting by a rather circuitous route, entering the New Era business office on South Queen street, where were duly examined and passed they to the next floor. After giving the signs, grips and passwords on each floor of the New Era office they were taken through dark passages, crooked entries and trapdoors, and finally landed on the third story of the Hostetter building, about half a square from the place of starting in a

northeast direction and at au elevation of forty-five degrees. The estimates of those present run from 17 to "nearly 50." J. to-day, not in votes. Abraham Kline, of Manheim, late curbstone delegate to Chicago, presided and G. Clem Kennedy, esq., was secretary.

The principal business of the meeting was to pass a series of preambles and resolutions, reciting the shameless corruption which runs riot at the Republican primary elections, the treachery of state and na-tional delegates, and declaring that the committee add an additional \$1,000 of rewards similar to those offered by the New Era, appoint a sub-committee of five to enforce the law and to sit for a week after the primaries to bear complaints of fraud.

FIRE IN CHRISTIANA.

A Restaurant Completely Burned Out. On Friday night a fire occurred in the restaurant kept by B. W. Horton in a building owned by Dennis Donohue, in the village of Christiana. The fire was discovered about 11 o'clock, after the restaurant had been closed, by some one who was passing by. The alarm was given and it was not long until the whole village was aroused. Every one responded willingly, and severai hundred persons soon gathered at the place and went to work to exsaving the building, but the whole inside of the building, with the contents, were burned. The building was insured in the Lancaster county company and the contents in the Chester county company. The

loss is covered by the insurance. J. Brown, of Philadelphia, while assisting to extinguish the fire, had a ladder pulled out from under him in the excite ment. He fell through a window and had his hand badly cut.

Wm. Helm, who was also busy at work, ran into the burning building and was overcome by smoke. He was carried out and was unconscious for some time, but soon recovered.
