More Regulations for the Government of the New Department—Swearing In the New Firemen. Below are given the number and the location of the fire alarm telegraph boxes, all of which have been put in place and the entire apparatus is now in working order. The plan by which the electric alarm will be operated is as follows : Should a fire occur in the vicinity of Centre Square, the alarm will be given present. from the box located at North Queen and Centre Square-12. The alarm bell in the Empire tower will accordingly be given one stroke, followed by a short pause, after which it will be struck twice. This will be repeated three times. For a general alarm the chief engineer will strike the number of the box nearest the fire, after which a number of prolonged taps will be struck.

Rules for the Department. The chief engineer has adopted the following rules for the government of the depart-

ment, which will be printed and posted in the various engine and truck houses: RULE 1. Should the chief engineer at any fire require more engines than are in service, he will call them by their numbers, thus, No. 1 will be one(1) tap on the large bell and the engine house gongs, then rest for six (6) seconds, then repeat at one stroke in the above time as often as

required; No. 2 two (2) tans, etc. RULE 2. For a general alarm the chief engineer will strike the number of the box nearest the fire; then prolonged taps, when the entire department will respond. RULE 3. All companies will respond to every alarm of fire. The chief engineer will retrain such companies in service as he may require. Companies sent back to their station will be on the alert so that

they can respond at once if wanted. RCLE 4. Engineers shall attend all fires or alarms, and discharge the duties appertaining to their positions, as directed by the foremen of their respective companies or the chief engineer.

RULE 5. The foreman of each company will report to the chief engineer in person of his company with hand or lamp. For turning on water he will swing the lamp on his right side; for turning off water he will swing the lamp in front of him. The foremen will see that the ropes carried on the hose carts are immediately stretched across the street above and below the fire. The ropes will be protected by ters to cure them, they can find cases exactly, the police force of the city.

RULE 7. Any driver of the department going to a fire at a greater speed than a trot will be suspended. All drivers shall exercise their horses daily, and shall not take them at any time more than two squares from their respective stations. The drivers of carts will exercise the first half hour, of engines the next half hour. Company No. 1 will exercise between the hours of 8 and 9 a. m.; No. 2, 9 and 10 a. m.; No. 3, 10 and 11 a.m.; No. 4, 11 and 12 a m ; Truck A, 9 and 10 a. m.

RULE 8. The chief engineer shall arrange the hours for meals for the drivers, so that one of each company shall be on duty at all times.

RULE 9. The horse cart in going to fire must invariably precede the engine. RULE 10. Any company returning from a fire, and finding they have hose or other property belonging to another company, will immediately return the same to the

company to which it belongs. RULE 11. Drivers of hose carts will act as firemen of engines. RULE 12. Drivers of engines, when at fires, will take charge of all the horses of

their company; they will blanket them and keep them in suitable place near the RULE 13. Racing to and from fires is strictly prohibited under penalty of dis-

missal; and should the apparatus of the several companies proceed on the same street to or from a fire, they should do so in single file.

RULE 19. Loafing about the engine houses is strictly prohibited. The employees of the department will see that the rule is enforced.

HENRY N. HOWELL, Chief Engineer.

Mayor MacGonigle has sworn in a numiber of the new firemen. Some of the persons selected by the council committee have declined the proffered places, and the vacancies will be supplied at the meeting of the committee to-night.

When the test of the alarm was made on Saturday some remark was made as to the inferior striking quality of the apparatus-that it did not sound loud enough. They should understand that only onethird of the power stricker was used in Saturday's test, and when in actual service the bell will sound loud enough to be heard all over the city.

The I'rison Inspectors.

This morning the board of prison inspectors met and a number of bills were approved. Henry Doerr appeared before the board and stated that he could no longer sell the prison meat at 41 cents per nound. He was ordered to furnish meat at six tents for this month, at the end of which the board will make some other order or ask for proposals.

The old shoe shop on the eastern side of the prison is being fixed up as a cigar shop, and the convicts will be put to work there

PHILADELPHIA, March 27.-A session of the Udited States circuit court was held by Judges McKennan and Butler this after noon for the purpose of taking action in the matter of the issue of deferred income bonds by the Philadelphia & Reading railroad company. Counsel for McCalmont, Bros. & Co., the plaintiffs in the suit, asked the court to sention the withdrawal of the action and sanction the withdrawal of the action, and in doing so reviewed the history of the case, condemning the course of the defendants in taking proceedings in the state courts, while the suit was still pending in the United States court. He also states that the McCalmonts had disposed of all of their Reading stock except a few shares. The following order was then made:
"And now, March 27th, 1882, the plain-

A Good Angel's Visit—A Tale of "Rosa dalis." Blanche cailed on Kate, one pleasant day, and found her sad and sighing, dearest friend, once bright and gay, now scarce could keep from crying; for, "oh," she said, "'tis a dis grace to see with scrotula, my face so hadly marred!" then said her friend, "Rosadalis will your troubles end." Blanche cailed on Kate nother day and found her once more blithe and gay, her face as radiant, skin as fair, as any maiden's anywhere. For skin diseases and impure blood, there's nothing in the world so good as Rosadalis, it drives away all skin disorders, humor,-nay, it tones the sys-
