The three-year-old boy, Freddie Lutz, one of the children of the family at Bridesburg that was sickened by eating diseased ham on last Sunday, has died. This is the second death from the same cause. But little hope is sustained that the others will survive.

Ex-Governor Burbank, of Dakota, now postoffice inspector, has received notice that there were found among Jesse James effects a nine hundred dollar diamond pin and watch and chain, taken from him in a stage robbery, near Hot Springs, Arkansas, eight years ago.

In Beaver county J. S. Rutan was elected senatorial delegate to the Republican state convention, and H. C. Fry and J. H. Cunningham representative delegates, and were instructed to vote for General Beaver for governor; A. M. Brown for supreme judge and Mr. Christman for secretary of internal affairs.

An accident occurred at Fisher's ore bank, near Leesport, by which two men John D. Fisher and Aaron F. Bucks, were killed, and George Rissmiller and Thomas Noccker were injured. They were excavating a bank of earth which caved in. The captain and a boat's crew of the British ship Norval, from Hull, with coal to San Francisco, arrived at Honolulu March 26. The Norval was burned March 4, 13.30 north latitue, 12 longitude. A boat with the first officer and the remainder of the crew are yet to be heard

The English conservatives are making political capital at all the naval posts over the acceptance of contracts for American beef for the navy. There is a rumor that the government intends to abolish the curing establishment of Deptford, and are in favor of a system of obtaining supplies by contract from private firms. The will of the late Isaac S. Osterhout,

of Wilkesbarre, bequeathes to his wife and relatives \$104,000. The balance of his estate, amounting to \$350,000, is donated in trust to his executors, who are instructed to creet a building and purchase a library and to keep it constantly open to the public as a free institution. It is understood that when the Mason

case comes before the United States supreme court, for a hearing on the petition tor a writ of habeas corpus, the attorney general will challenge the right of the court to take original jurisdiction in the case on the ground that the question could only properly be brought to that court on

appeal.
A man named Giddings is in the western part of Westmoreland county giving away what he calls Russian oats to the farmers and taking an agreement to pay one-half of the product as an equivalent. Last year he was around with alleged Chili wheat and succeeded in swindling the farmers out of nearly \$20,000 in the aggregate on this same scheme. His present game is the same as that of last year.

Another Charlie Ross Case, Washington circles are deeply interested regarding the disappearance of a little four year-old son of a Mrs. Dickerson, who is visiting Representative Hubbell, of Michigan. The little fellow, with several companions, was playing in front of the house, which is on lowa circle, in the northwest ern part of the city, when he was decoyed away by a strange man and has not since been heard of. A man and a boy answering the description of the missing lad left the city Friday night on the south bound train, and, it is stated, got off at Brandy station, Virginia, the scene of a lively skirmish during the late war. The detectives were acquainted with the facts of the abduction, and stimulated by the promise of a reward of \$8,000 are scouring in every direction for the fugitive and his

It is suspected that the man who stole the child had him concealed in the city and that his capture is only a question of time. The reason assigned for the abduction is that the father of the lad had angered a crowd of ruffians at his home in Wisconsin am' out of revenge they stole his child, thinking to get even and at the same time secure a large reward from the parents. Information from a reliable source estab-lished the fact that the man who did the work, after going into Virginia with his captive, became frightened and suddenly returned to the city. Mr. Hubbell also said that the little boy had been represented to be his grandson, but this was impossible, as he did not have any children who were old enough to be married, The stolen lad was the child of an old friend of the family, and he had interested himself in his recovery solely upon that ground. The parents were almost dis-tracted and had volunteered to give all that they could raise to have their son returned to them unharmed.

A Significant Fact. The cheapest medicine in use is Thomas' Eclectric Oil, because so very little of it is required to effect a cure. For croup, diphtheria, and diseases of the lungs and throat, whether used for bathing the chest or throat, for taking internally or inhaling, it is a matchless compound. For sale at H. B. ANDREW'S AMERICAN QUEEN

CLEOPATRA -OR THE-

Queen of Sheba's Beauty WAS BUT SKIN DEEP.

The renowned Queen of Sheba, with all her royal pomp, magnificent apparel and brilliant retinue, would never have appeared within the presence of the grandest of the monarchs of the past, had she not also possessed that which is the crowning glory of the temale person—a skin unchallenged for its Oriental softness and its transcendental purity. Cleopatra, holding emperors at bay, and ruling empires by her word, had quickly lost her charm and power by one attack of blotches, or of pimples or thorrist tan and freekles.

by her beauty, not less than by her purity of character, lovilness of disposition and unselfish devotion. Indeed, in the estimation of perhaps too many men, beauty in a body takes precedence over every other consideration. Beauty thus forms an important part of woman's "working capital," without which too many (it not bankrupts in what relates to influence within the circle where they move), are powerless for great good. Hence we see not only the propriety but the duty of every lady preserving with zealous care that which to her is essential to success and influence and usefulness in life. And, since "beauty is but skin deep," the utmost care and vigilence are required to guard it against the many fils that flesh is heir to. Among the great and annoying enemies of beauty, WOMAN RULES THE WORLD

OF EITHER SEX, as well as of comfort, happiness and health, are those pestiferous and horrid skin diseases—tetters, humors, eczema (salt rheum), rough and scaly eruptions, ulcers, pimples and all diseases of the hair and scalp. For the cure of all these, Dr. C. W. Benson, of Baltimore, after years of patient study and investigation devoted to diseases of the skin, at last brought forth his celebrated SKIN CURE, which has already by its marvelous cures, established lorth his celebrated SKIN CURE, which has already by its marvelous cures, established itself as the great remedy for all diseases of the skin, whatever be their names or character. Its success has been immense and unparalleled. All druggists have it. It is elegantly put up, two bottles in one package. Internal and external treatment. Price, \$1.00.
